"The Sunday School Banner."

A NEW ENTERPRISE!

The Undersigned, Themselves Members of the Sabbath School, propose to commence in the city of Raleigh, on or about the 1st of next May.

"THE SUNDAY SCHOOL BANNER." And in the commencement of this little work of love, being boys, ourselves, may we not appeal to every Sunday School boy, and girl in North Carolina to come up promptly to aid the undertaking. In our own State, there are very many Sabbath Schools, and from the best information we have, the scholarship is large and increasing, and it is from them we look for that patronage which is necessary to improve and keep floating, this native standard which we propose for their benefit. It is not for pecuniary gain that the "BANNER." is established; it has for its aim higher obiects, and if we succeed in our enterprise, it will be to us in after life a source of great Satisfaction to know that, in our boyhood days, we gave a helping hand to Sunday Schools, the preparatory Schools for places of high trust and position, in the work of our Heavenly Father.

village of Rutherfordton, a weekly Newspaper to be called "The Rutherford Star." If is our desire to make The Star a wel-come visitor to all those who feel an interest in the prosperity and welfare of our country as a whole, and the perpetuity of our institutions, as handed down to us by our noble ancesty, a Federal Republican Government.

Our people have but lately emerged from a grantic civil war, waged by and between Settions of a once glorious Union, and more leiolating to our particular section, than anything that has ever happened on this continent, and it is to be hoped, than ever will again. While there is life there is hope, and notthstanding the great changes wrought by the late civil war, we shall encourage the people to honesty, industry and economy, we shall take special pains to keep them posted with all beneficial improvements of the age,

so hat they may once more enjoy bountiful stores, prosperity and happiness. We shall from time to time publish such laws, both State and National, as our people are directly concerned in, and shall likewise

Confidently relying on the hearty support which we have heretofore received, we shall endeavor to render the paper 'more attractive both in appearance and matter, than it has ever been, sparing neither pains nor expense in the accomplishment of this purpose.

With the passing away of old things, a new spirit of activity, energy and enterprise, has been infused into every department of secular thought and business. Why should not the Church, also, partake of the progressive ad-vancement 1. Why should shee of all the agencies, brought to bear with such tremen-duous force upon the civilization of the pres-ent time, be inefficient, laggard and almost hopeless, in the working out of her own destiny !

To arouse the church to the importance and necessity of work ; of unceasing, restless, tiret less energy in the service of her Master and Head ; this shall be our first ch'efest aim. In this we need assistance. We are not alone, sufficient for these things. Our brethren must help us in every way; by contributions from their own stores of thought and study ; by zealous co-operation in a common cause, for the benefit of all ; by extending our circulation throughout all our borders, and thus giving us the means and opportunity of performing well the work to which we have consecrate all that we have, and all we hope for 'on the
