

INTERESTING CORRESPONDENCE

On our first page this week will be found the very interesting correspondence between the Board of Bishops of the Methodist Episcopal Church and the Methodist Episcopal Church South on the subject of a reunion of the two bodies.

NO WAR. The apprehensions of a war with England, so freely indulged in by many some months ago, have at length ceased to disturb all sensible men.

THE UNIVERSITY. We publish from the Raleigh Sentinel, an appeal to the Trustees of the University to which we invite the attention of our readers.

RAIL ROAD MEETING—THE RIGHT SPIRIT. We publish this week the proceedings of a Railroad meeting, held at Jackson Hill, Davidson County, on the 29th ultimo, which manifest the right spirit.

GENERAL LEE'S VIEWS. There is the best authority for stating that General Robert E. Lee, whose name of reticence on political subjects is well known throughout the country, has several times of late given, without reserve, his opinion about the present situation in Virginia.

THE COLGROVE MURDER.

Last week we stated in a very brief paragraph that O. R. Colgrove, Sheriff of Jones County, had been brutally murdered.

THE MURDER OF ASHBURN, AYER, AND ADKINS. From the Georgia Correspondence of the New York Times. Politics have no more to do with the murders which have taken place in Georgia than the religion, dress, height, or personal appearance of the victims.

RAILROAD MEETING IN DAVIDSON. At a meeting of a goodly number of the citizens of Randolph, Montgomery, Rowan and Davidson, held at Jackson Hill, Davidson county N. C., on Saturday, the 29th ultimo, for the purpose of taking into consideration the proposed Railroad from the Coal Fields in Chatham, to the town of Salisbury in Rowan, and of expressing their warm interest in, and great desire for, the early construction of the same.

JAMES THAYER, CHM. W. A. REDWINE, Sec'y. More valuable than Treasury Notes—How that old cynic, Sam Johnson, would have revelled through Webster's massive new Unabridged! How he would have gazed over its magnificent letter-press and its illustrations, beautiful as new Treasury Notes, and much more valuable than the student. The Merriams have incurred a fabulous expense in having the whole work rewritten, reset, recast, and re-published. It is not a mere revision, but a reconstruction. To insure excellence in typography, it comes from the Riverside Press, which is all that need be said about the mechanical execution.

PERIODICALS.

The London Quarterly Review for April is upon our table. Of the merits of this Review it is needless for us to speak.

The Westminster Review for April has come to hand and is fully up to the standard which it has so long maintained.

The Manufacturer and Builder, a Monthly Journal devoted to industrial progress in the useful arts, for June is also on our table.

The Hearth and Home is also an excellent literary and family paper, published weekly by Pettigill & Bates, 27 Park Row, N. Y.

The American Stock Journal for June contains the usual amount of interesting articles, which we commend to the careful perusal of our rural readers.

Democrat's Illustrated Monthly. This elegant and popular Magazine for July fully sustains the high reputation it has long since established for itself.

AN APPEAL.

An appeal is hereby made to the Trustees of the University of North Carolina who are to meet at Chapel Hill on the 10th inst.

The trial has been made, and the present officers have proved to be so utterly distasteful and unacceptable to the people of the State that, with every attempt to conciliate patronage in the past session, but two students have arrived here, and they are both relatives of Mr. Pool.

We would put Mr. Pool into one scale, and the people of the State into the other. What claim has he upon the State or the Institution, that he should be set up in opposition to the judgment and wishes of the very people who are to sustain the College, and whose property is taxed to pay its officers?

When the Trustees come together if Mr. Pool should be able to show that he could do better than to stand by his present course, then the pressure he can bring to bear the next session will be able to start with 20, 30 or even 50 students, even on this extreme calculation, he and his Faculty will be a dead loss to the State.

Those citizens of Chapel Hill who have bought property there under the pledge of the State that the University should be sustained, have suffered very great loss by the recent action of the Board of Trustees. At the beginning of this year, some few thought or hoped that even under present management the College might go on, and sales took place at something like former prices.

Another of Wellington's comrades is gone, namely, the oldest Austrian General, Baron de Lobetzern, who recently died at the age of 83.

AN ACT To Authorize the Several Counties of the State to Take Stock in Railroad Companies. SECTION 1. The General Assembly of North Carolina do enact, That the County Commissioners of the several Counties in this State shall have power to subscribe stock in any Railroad Company or Companies, when necessary to aid in the completion of any Railroad in which the citizens of the County may have an interest.

MARRIED.

In this place, June 8th, 1869, by the Rev. C. Plyler, Mr. J. R. Hargess, and Mrs. Caroline E. Wilson. In York county, on the 4th ult., Mr. J. C. Leech to Miss Sallie Smith.

In Raleigh, on the 3d inst, N. B. Bellamy, Esq. Senator from Edgecombe county, to Miss Mary Joanna, daughter of Albert Johnson, Esq.
