

The Old North State

SALISBURY, FRIDAY, NOV. 12, 1893.

LOCAL AND STATE ITEMS

NEW ADVERTISEMENTS.—Public Sale—Elias Corwell, Administrator's Notice—R. H. Cowan. Sports Turfentine—Dr. Still. Electric Stocking—Dr. Still. Notice to take Depositions—Mary A. Campbell. Allen's Lung Balsam—At Dr. Poulson's. Perry Davis' Pain Killer.

We had a fall of snow, to the depth of one and half inches, here on Wednesday night.

FINE TOBACCO.—Some weeks ago we noticed a fine specimen of tobacco left at our office by Albert Sheek, Esq., of Davis County, which we thought the finest we had ever seen, and we had seen the finest specimens raised in the counties of Caswell and Rockingham in 1860—one by Hon. Bedford Brown, the other by Capt. Thomas Lane. Since then Dr. J. W. Ellis, of County Line, Fredell County, has left another specimen at our office quite equal, if not superior, to that left by Mr. Sheek. We do not know how much Dr. Ellis has raised like the sample left with us, as we were not in our sanctum when he left it, but we feel sure that it will convince every one of the adaptability of our soil and climate to the growth of the finest quality of tobacco.

SALISBURY COMMON SCHOOL.—We learn from a gentleman who traveled with Mr. S. S. Ashley, Superintendent of Public Instruction, on the N. C. Railroad a few days since that official will visit Salisbury in a few days, and that he is prepared to furnish funds to the Common School in this place at the rate of fifty cents to every inhabitant. Mr. Ashley has gone to Concord and will stop here on his return. In view of this fact would it not be well enough for the board of Common Schools for the city to have a meeting immediately upon his arrival here, if not before and at the time. All classes of our citizens will be glad to learn that Mr. Ashley is prepared to furnish us this assistance.

STRAWBERRIES.—We return thanks to Mrs. Giles Mebane, of this vicinity for a most very fine Strawberry, being a portion of the second crop for the current year, gathered from her Strawberry bed in the garden. Strawberries in winter is something new even in this Southern climate.—Milton Chronicle.

The editor of the Chronicle is not alone.—Within a few days past we have also been complimented with some delicious ripe strawberries of "the second crop," by Mrs. Williams Brown, of this city. "Strawberries in winter is something new" in Salisbury, even though it is nearly one hundred miles further South than Milton.

A WESTERN FAIR.—We see that the Charlotte papers, with their usual enterprise, are urging the holding of an Agricultural Fair in their city next year. We hope the Fair will be held, but we think Salisbury is the most eligible point. Being situated at the junction of the N. C. and W. N. C. Railroads it is certainly more accessible to all parts of the West than Charlotte. But if we cannot get it at Salisbury then we are for Charlotte.

In connection with this subject we call the attention of the farmers of Rowan to the importance of forming a County Agricultural Society at the earliest convenient time. The formation of such a society by them must necessarily precede the holding of such a fair at Salisbury—without the formation of such a society they cannot expect it.

FIRE IN RALEIGH.—The Grocery Store of Jordan Womble, Sen., of Raleigh, was destroyed by fire on Thursday night last—the work of an incendiary. His loss is estimated at \$15,000.

GEORGE PEABODY, Esq., the great American banker and philanthropist, is dead. We publish an interesting sketch of his life and character this week.

JOHN D. CALDWELL, Esq., a member of the Board of County Commissioners for Catawba County, was thrown from his horse and killed on the 1st inst. This is the fourth accident of the kind that has happened in Catawba county within the last six months.

DEAD.—We regret to learn that William A. Jenkins, Esq., of Warren County, died at Halifax, on the 9th, while attending Court there.—He was a gentleman of ability and was formerly Attorney General of the State.

BALLOU'S MONTHLY MAGAZINE. We are in receipt of this marvellously cheap and handsome Magazine for December. Its table of contents is varied and charming, embracing the usual fine variety of serials, sketches, stories, poems and attractive engravings. The publishers announce in the prospectus for the coming year, a serial story for adults, by the popular Magazine writer, James Franklin Pitts, and a juvenile serial by the young people's favorite, Horatio Alger, Jr. The price of this periodical is a marvel to everybody—a hundred page first class illustrated Magazine for fifteen cents, or \$1.50 per year, is indeed wonderfully cheap. Elliott, Thomas & Talbot, Publishers, Boston, Mass.

A FEARFUL LEAP.—A young man from Nashville, Tenn., by the name of J. B. Jones who has been living in this city for a few months past, on Wednesday night last jumped from the third-story window of the Mansion House to the stone pavement below, a distance of at least 30 feet. It is marvellous that he was not instantly killed, but he still lives with one leg broken in three places, one arm fractured, jaw broken, and head severely cut. The man was laboring under delusions caused by liquor which induced him to take the fearful leap. He was found on the pavement about 11 o'clock, by one of our Policemen, and carried into the Hotel, where Dr. Gibbon promptly attended to his wounds. It will be many days before he will ever jump again, down or up.—Charlotte Democrat.

FINDING THE DEER.—A special Washington dispatch, printed in the Philadelphia Press on Saturday, says:

Secretary Boutwell has not definitely concluded what rate of interest to recommend in the funding the public debt, but will probably decide upon four per cent. He will also recommend the arrangement of facilities in London, Frankfurt, Hamburg and other European cities for the payment of the interest that may accrue on the new loan. He feels confident that this loan will be taken promptly by European capitalists at four per cent.

ALLEGED DEFALCATION OF A PROMINENT GOVERNMENT OFFICIAL.—It is charged with Embezzling Funds to the Amount of Fifteen Thousand Dollars.—His Case before the U. S. District Court, etc.—It was whispered on our streets on Friday last, and the rumor came to our ears, that Gen. L. G. Estes, Collector of Internal Revenue for this District, had been discovered to be a defaulter to a considerable amount, but we refrained from saying anything about the matter in these columns until we should come into possession of the facts in the case. Yesterday, however, we succeeded in obtaining sufficient information to warrant us in laying the facts before our readers. It seems that Mr. Perry, Supervisor of Internal Revenue for North and South Carolina, was in this city a few days ago, and in looking over the entries and correspondence in the office of Mr. Estes, discovered a discrepancy which led to a more thorough investigation, and finally the matter being brought before the Grand Jury of the U. S. District Court, now in session in this city. The Jury, after examining into the case, rendered two bills against Estes—one for embezzling the funds of the United States to the amount of about \$15,000, and one for making, as Collector, false returns to the Commissioner of Internal Revenue. On motion of the District Attorney, His Honor, Judge Brooks, decided to transmit the cause to the U. S. Circuit Court, and that a capias be issued to secure the appearance of the defendant at the next term of said court, which will be held in the city of Raleigh on the fourth Monday in this month.

Dr. S. P. Wright, Deputy Collector at Newbern, has, we learn, been placed in temporary charge of the office. The following are among the names on the bond of Estes: Jos. C. Abbott, Senator in Congress from this State; E. K. Brink, Postmaster in this city; Wm. L. French, brother of G. Z. French, and the ostensible owner of the celebrated "Excelsior Farm," near this city; and Mrs. Estes, wife of the alleged "embezzler," who is said to own in her own name more than sufficient to cover the amount of the defalcation. There is much indignation expressed on the part of some of Estes' bondsmen on account of his failure to make his appearance in this city and arrange matters. Estes was formerly a representative in the State Legislature from this county, to which position he was elected by the Republican party. Wilmington Star.

AN accident occurred on the N. C. Railroad, just above Jamestown, on Monday morning last inst., by which the passenger car attached to the through freight was thrown from the track, badly damaged, and Albert Johnson, the Superintendent, burned and bruised, but not seriously. Mr. J. was not hurt, however, so badly that he lost his usual sagacity—for he had a track laid in a few hours, round the damaged car and road, thus ending the "silver train" to pass without any delay. Mr. Johnson, however, sustained the trian sustaining the accident. This speaks volumes for the foresight and skill of the Superintendent. The accident was caused by the breaking of an axle.—Greensboro Patriot.

DEAD.—The Republican Gazette, Greensboro, is dead. In its last issue, editor writes his own obituary, from which we make the following extract:—"Being about to die, and supposing no one but myself can do justice to my memory, I propose to preach my own funeral sermon, which I cannot very well do after our demise. We desire to 'shuff off' this mortal coil with decency, while we have assets enough to defray our funeral expenses. We therefore announce to those who have paid their subscriptions in advance that their money will be returned—to those who reside abroad, by mail; while the residents of Greensboro are invited to visit us at our sanctum where we can be found for several days subsequent to expiring, laid out in state, for the purpose of administration. On this solemn occasion, all our friends, whether we see them anything or not, are requested to pass in review around our corpse; and if they have tears to shed, let them prepare to shed them then for causing, regardless of their conscience, our premature dissolution."

WE learn from the Asheville Pioneer that Dr. H. T. F. Gatchell, late of Kenosha, Wisconsin, has leased the Foster property at the South end of Asheville, and will open a Sanitarium for the treatment of patients suffering from chronic diseases. The establishment will be fitted up with all the modern improvements, and will be kept in the best style, making it one of the most agreeable resorts for invalids to be found in the country. This is a step in the right direction. Such an institution is a desideratum long needed in this fair land of ours. Our pure air and limped water have long been favorably known to possess the most giving properties sought for by the invalids of other favored regions; and we are glad to be able to chronicle the fact that the demand for such an institution has at length met, and that it has been inaugurated by Dr. Gatchell, who comes to our section with the highest recommendations of personal integrity of character and professional skill, and we take great pleasure in commending him to the confidence of our community.

DEATH OF COMMODORE STEWART.—On Saturday last, in Bordenstown, N. J., where he resided for many years, died Commodore Charles Stewart, of the United States Navy. He was born in 1812, and was one of the most distinguished officers who captured the British sloops of war (Cyane and Levant), after a desperate and bloody fight. At the time of its occurrence this was looked upon as a remarkable achievement—one vessel contending successfully with two others of nearly equal strength, and won for the gallant Commander the applause of the whole country. For many years Commodore Stewart was the Senior officer in the service, and until a few years back, when he was honorably retired on account of his very extreme old age, he continued to render active service in the line of his duty. In the Navy, his character as an officer was deservedly high, and he always received the respect of the Government and his fellow officers. His death takes from us the last of the veterans of the Navy, among whom were Perry, Hull, Lawrence, and Decatur. He was born in Bordenstown, N. J., and was a member of the Presbyterian Church. He was buried in the National Cemetery at Annapolis, Md., on Monday last. His remains were brought to this city by the N. C. Railroad, and were interred in the National Cemetery at Annapolis, Md., on Monday last. The Commissioner of Indian Affairs has received official information of the death of Sattantala, chief of the Kiowas, and leader of the Indians in the desperate Wichita river fight.

The Newark Journal, the ablest Democratic paper in New Jersey, looks upon General Winfield S. Hancock as the coming man, thinks the last National Democratic Convention sadly blundered in not nominating him, and nominates him for the Presidency in 1872. Ten thousand dollars worth of smuggled hair was seized in New York last Wednesday.

The Richmond Equivocal in commenting on the address delivered at the late Virginia State Fair, makes the following very judicious and sensible remarks:—"We have made very great advances in this matter of agriculture not only 'the things' in the decade, but there is still room for improvement. The solemn annual ceremony of bringing forward a distinguished politician to make him declaim about deep ploughing, underdrainage and subsoiling, no longer prevails. And at our next great fair, when we shall have five thousand exhibitors, and fifty thousand visitors, let us see if we cannot let 'the great dead of Virginia' sleep quietly in their honored graves without mixing them with our strawberries, onions, and potatoes."

And let us hereafter taboo politics in every form and shape during our agricultural fairs, and if an orator cannot speak without touching upon unhappy and forbidden themes, let him be silent. The political issues of the day are all sectional, and still glow with the baleful fires of civil war; and when we remember that at our fairs the Virginians are the hosts and many of the visitors and exhibitors are guests from remote sections of the Union, we should avoid unpleasant topics. It is not exactly 'the thing' to invite all sections to contribute to our fairs, and then regale them with speeches calculated to do much injury to our own State."

ON ACCOUNT of the great number of wonderful cures of scabies and itchy eruptions of SCORFURA, DYSPROPHIA, LIVER DYSRHYTHM, EDYPTA (ITCHING SCABIES), and other skin diseases, made by the celebrated "KOSKOO," it has won the enviable reputation of being the best and most popular medicine ever discovered. It is daily prescribed by physicians, and recommended by many thousands of our best citizens. For sale by Druggists and Apothecaries everywhere.

There is but one agricultural paper printed in the Norwegian language in the country.—Farmertidende in Minneapolis.

The old church in John street, New York, has celebrated the 103rd anniversary of Methodism in America and 101st of the church. \$5,000 was subscribed to keep the church in repair.

There are now at St. Albans Station, Vermont, one thousand seven hundred and twenty boxes of cheese waiting shipment.

A farmer in Morris county, N. J., has raised the present season twenty-nine and a half bushels of potatoes from one of seed.

Paper seems to be entering into about everything we use. A Connecticut firm is making paper, tubs, spittoons and washbowls, from it.

The amount of Mr. Peabody's benefactions to different objects is \$100,000,000. Of this, \$2,000,000 is devoted to the cause of education at the South.

Hon. Nathaniel Niles, for many years U. S. Consul at Paris, and special Envoy at Berlin and Vienna, is lying at the point of death in New York.

Thos. Walker, late editor of the London News, has been appointed by Mr. Gladstone to the editorship of the London Gazette, with a salary of \$10,000 per annum in gold.

SALISBURY MARKETS

Table with columns for various market items like Bacon, Coffee, Corn, etc., and their respective prices.

DR. LAWRENCE'S

HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT OF

KOSKOO,

The great Health Restorer! Not a Secret Quack, Medicine. Formula around the Bottle.

PREPARED SOLELY BY DR. J. J. LAWRENCE, ORGANIC CHEMIST, NORFOLK, VA.

Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word Koskoo, is blown on the glass of each bottle. Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tilley, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., N. C., Sept. 13, 1869. Dr. J. J. Lawrence—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the happiest results. I find it to be a Powerful Liver Invigorator, Blood Purifier and Nervous Tonic. In all diseases of the Liver, Scrophulous, Syphilitic, and nervous affections, it is a remedy of immense value; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of reliable medicines, in a spirit of much respect, your obedient servant, O. B. TILLEY, M.D.

From Dr. Fontenot, an accomplished and experienced physician: Princess Anne Court House, Va., Sept. 13, 1869. Dr. J. J. Lawrence, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your Koskoo compound, and have prescribed it in some stubborn cases of Chronic Liver Affections, Dysentery, Dyspepsia, General Debility, &c., and always with the most gratifying results. I find it to be a splendid Tonic, Alterative, and Hepatic combination, accomplishing its constitutional effects without the slightest debility; in fact, it gives support to the general system, its alternative effects are being produced. I cheerfully recommend its use to the public. Yours, truly, J. J. FONTENOT, M. D.

Koskoo cures Scrophula in its worst forms.—From A. W. Mills, a prominent and well-known merchant of Norfolk, Va. No. 11 Market Street, Norfolk, Va., September 15, 1869. Dr. Lawrence—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrophula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she consumed many bottles of Koskoo—it acted like a charm on her system, she used the ulcers gradually healed, and her general health greatly improved. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a specific for all scrophulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly.—She is now in better health than she has been in five years. With the highest regards, I am gratefully yours, &c., A. W. MILLS.

Koskoo, the great Invigorator. Read the following from the Rev. Josiah E. Martin, pastor of Wesley Chapel, Portsmouth, Va. "This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debilitation—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of invigorator. Yours, &c., JOSEPH E. MARTIN.

Read the following from Dr. Goddin, the experienced and successful "specialist" of Norfolk, Va. Norfolk, Va., Sept. 19, 1869. Dr. Lawrence—Dear Sir: I have prescribed your "Koskoo" for Dyspepsia in its various forms, with the most successful results. I have satisfied myself by experience, that it will cure that disease in its worst and most malignant stages, and eradicate every taint from the system. The Koskoo is certainly an alterative of extraordinary power, and fully deserves the great popularity which it has so rapidly attained. N. A. H. GODDIN, M. D.
