NEW ADVERTISEMENTS -- Valuable Lands for Sale-S. S. Trott, Adm'r. Notice to Contractors. Court Order from Davie County. Doty's Washing Machine-R. C. Browning, Gen. Agent, 32 Cortlandt St., New York.

> ..... AN APPEAL.

We are under the necessity of appealing to those of our patrons who are in arrears for subscription to make payment at the earliest possible day. We must have the money or suspend the publication of our paper, for we cannot publish it without the money to pay for the paper on which it is printed and our printers for printing it. A number of our subscribers owe us small sums, but the aggregate is considerable, and would relieve us from temporary embarrassments. The farmers have just threshed good crops of wheat, and have fine crops of oats and corp, and can easily pay the little sums "they owe for their newspapers. We hope they will promptly respond to this call.

LAND SALES .- We invite attention to the land sales advertised in our paper this week by excention of the writ directed to him to bring 8. S. Trott, adm'r. of Thomas Todd, dec'd.

## THE WAR IN EUROPE.

The aitack upon Saarbrucken by the Frence and their repulse was probably a small affair, as he report says that the loss on the French side was twenty and on the Prusslan side eight men. This despatch comes from Berlin via London The same despatch speaks of rumored fighting has left the Foreign Office in charge of Herr Thilde and taken the field at the head of his regiment of Cuirassiers. It is said that the superiority of the French Chamepot rifle over the Prussian needle-gun is one of the results that has been developed. Mr. Gladstone thus states efforts of each to produce weapous more im-

the policy of England : "first; neutrality, and proved and of greater destructiveness than second, preparations for the worst." The movements now going on presage an early battle .--Austria is said to be organizing a powerful army. A telegram from Paris says that the French troops will remain in Rome until Sep-
