

SALISBURY, FRIDAY, JAN. 12, 1911. LOCAL AND STATE ITEMS.

Dr. Hoffman is receiving a large and splendid stock of Groceries, which he is selling cheap. His advertisement was crowded out this week. It will appear next week.

Several items and advertisements were crowded out of this paper to make room for the second article of CIVIL, which was not received until after the printer had started on this issue was in type.

THE LUTHERAN CHURCH.—St. John's Lutheran Church of this place has been undergoing handsome and extensive repairs. The audience chamber has already been entirely remodeled, while much is still to be added. The old pulpit has given place to one of much finer proportions and more becoming the sacred place it occupies. The altar and lectern are made to correspond with the pulpit, the former of which is placed in the altar against the wall, while the other two occupy places in the chancel near the sanctuary. A beautiful valance railing, finished in oil, surrounds the chancel. A vestibule and vestry room have been added, while a very commodious flight of steps to the main entrance is at present being constructed. The walls on the inside have been frescoed and laid off in blocks to imitate heavy masonry. The niches in which the altar stands contain a beautiful and appropriate picture by our talented townsman, Mr. C. S. Maring. It represents "The great symbol of christianity," in delicate yet glowing colors, surrounded by a heavy iron and brass railed. The whole is done in excellent style and reflects great credit upon the artist.

This church, when finished, will be among the finest in our city. It is expected to be ready for its dedication on the 22d of this month.

The Gasco, at Raleigh, contradicts the statement that Louis P. Olds received \$5,000 for his services in the habeas corpus cases. It says he received only \$300.

The situation in Europe remains much the same. The indications, however, are that Paris cannot hold out much longer.

THE AMERICAN STOCK JOURNAL, for January in an entire new suit of type, is before us filled with choice original matter, and illustrated with Engravings of five stock drawings and engraved expressly for this Magazine. The five preceding volumes have been conducted with such skill, that it now has an immense circulation, which is constantly increasing. The enterprising Publishers, N. P. BOYER & Co., of Parkersburg, Pa., appear determined to place a copy in the hands of every person connected with Farming or Stock Breeding, by offering to send a specimen copy free to all who apply. Also blue books and subscription lists to all who wish to get up clubs for any of the many valuable Premiums offered.

Mr. John Bost, an old citizen of Newton, N. C., died at that place, last week, in his 76th year. He was a good citizen and highly esteemed by all who knew him.—Statesville American.

ASSOCIATION OF ARMY OF NORTH-EAST VIRGINIA.

The Executive committee of this Association has appointed the undersigned Vice-President for North Carolina. He trusts that as the noble old North State furnished a larger number of soldiers to Lee's army than any other State, she will excel her sister States in the liberality of her contributions, to honor the memory of our illustrious chief. It is recommended that an executive committee be appointed at each county seat in the State, and that this executive committee select sub-committees for each township in the county. A thorough canvass thus made and a large amount of money raised. Every soldier contributing one dollar will be enrolled as a member of the Association. It is believed that many of our patriotic citizens, who could not serve in the army, will feel a high privilege to show their appreciation for the noble leader by aiding to erect a monument worthy of his fame, his character and his cause. D. H. HILL.

NORTH CAROLINA STATE MUSICAL ASSOCIATION. The North Carolina State Musical Association will hold its Second Annual Convention at Raleigh, commencing on Monday 10th inst., and closing Friday night following with a public concert.

YADKIN COLLEGE, N. C. The buildings of this Institution being repaired, it will be opened for the reception of students, male and female in separate departments, on the 6th of February next, under a competent faculty. The Board from \$8 to \$10 per month, and tuition from \$2 to \$25 per session. For further particulars address, HENRY WALTER, Chairman, Board Trustees.

NOTICE. ALL PERSONS indebted to Roberts McNelly & Co. are requested to come forward and make payment. There will be a change to the firm very soon and these accounts must be paid. No new account will be opened. ROBERTS, MCNEELY & Co., Salisbury, Jan. 3, 1871.

SPECIAL NOTICES. Correct the Stomach. It is a well ascertained physiological fact that the origin of most of the diseases which afflict humanity is a deranged condition of the alimentary canal. The bowels being constipated, and the stagnation and waste arises a train of painful and distressing indigestions. As a preventative and cure there is no remedy so safe and sure as DR. TUTT'S VEGETABLE LIVER PILLS.

SPECIAL NOTICES. Spotted Like Diamonds. The teeth soon become speckled if every defilement is not removed from them every twenty-four hours. To do this effectually, there is nothing like Soccolant. It delicately renders the enamel unspiced, and indelible.

ARREST OF GEORGE W. SWEPSON. On Tuesday night of this week George W. Swepson was arrested in this city, on a bench warrant issued by Chief Justice Pearson, upon an affidavit made by Geo. T. R. Caldwell. The warrant was issued by Mr. Swales, one of the city police.

The writ has had several counts, charging Swepson with embarrassment of public funds, conspiracy to defraud the State and the Western North Carolina Railroad, &c. &c. It was later on held that Justice Pearson on Wednesday morning had postponed the examination of the case until 3 o'clock P. M. At that hour it was resumed. Messrs. Beag, Moore, Run, Morrison, Fort, Ed, Graham, Haywood and R. G. Lodge, appearing for the prisoner, and Attorney General Ship, aided by Judge Battle and Mr. Becherer for the State.

The writ was read out then the case was again postponed to yesterday morning, when it was again taken up, and after argument of some length on both sides, the Chief Justice decided to hold the prisoner to appear at the Spring term of Buncombe Superior Court, which opens next week, at Asheville, in the sum of \$200,000, and in the meantime to be in the custody of the Marshal of the Court until the bail be given.

We wanted to mention this case, because, in order to avoid the decision of the Judge, that decision may seem a hard one, but let it be remembered, the bail is \$200,000 less than the amount paid by Swepson to bribe the Legislature into the passage of acts that have ruined the State. In this respect of the case it will not appear so harsh. Big men who operate on a big scale must expect to give bail commensurate to their operations, and bail becomes necessary.—Salisbury Jan. 3d.

DEATH.—Death is but a kind of welcome servant, who unlocks with noiseless hand life's flower encircled door to show us those we love. Mourning not the living dead; they who have passed from this life to one of higher activity. They who walk with us day and night, calling us away from solid cares to things that perish not; they are not dead; but they are doing those aimless souls reflect no glory on their path. Our Father wants to greet us beyond the sea of death. When the waves break on the shores of the life eternal he will come to bear us in safety to our homes.

SPREAD THE TRUTH. Some medical men insist that it is unprofitable to advertise a remedy, however valuable it may be. Quizzing reasoning, this is like saying that an article which the world needs should be hid in the corner of a shop, and never to be seen by those who need it. The means of protecting and restoring health should be a close monopoly, and not accessible to all. The argument is bad. It is worse than that; it is injurious. Suppose Hosts's Stomach Bitters—An absolute specific for indigestion, nervous debility—had never been known beyond the response of the faculty, what would have been the consequence? Instead of curing and invigorating millions, the good effects of the preparation would have been confined to a comparatively few. There is the highest authority for saying that light should not be hid under a bushel; that whatever is excellent should be placed as a city on a hill, where all men can take cognizance of it. It is upon this principle that the Bitters have been advertised and commended. As advertised, they are the highest of any prominence in the western hemisphere, and that the spontaneous testimonials in its favor have been translated into all written languages. Thousands enjoy perfect health to-day who would be languishing on beds of sickness if the waters had not been advertised. It is regrettable that such a valuable blessing may be too widely diffused—that the means of protecting and restoring health should be a close monopoly, and not accessible to all. THE TREMAINE PianoFortes

are acknowledged by all who have them in use, and by the First Musical Talent, to be equal and in many respects, Superior to any Manufactured.

They combine Immense Power, Equilibrium, Sweetness and Brilliance of Tone, Elasticity of Touch, and Great Durability.

Dealers, Teachers and others desiring to purchase a first-class instrument are invited to examine these Pianos before making their selections elsewhere.

PATENT AGRAFFE TREBLE. Together with all modern improvements. The most thoroughly reasoned timber, the market affords is selected, regardless of cost, so no real assured it will be the cheapest in the end.

The great increase in the sale of our instruments, enabled us to reduce our prices for First-Class Pianos, from ten to twenty-five per cent. less than any other house (offering the same class of instruments) in the United States.

While we act upon the maxim of "quick sales and small profits," we make it, at the same time, a special object to furnish our customers with instruments in no way inferior to the best in the market.

Many families have had a desire to obtain a Piano, but could not afford to pay the dealer a profit of from \$100 to \$300, neither do they wish to purchase a cheap made instrument, thus worth, hence a large class of our music loving people have been obliged to do without.

We can furnish New Seven-Octave Piano Fortes from \$75 to \$95 dollars. Second hand Pianos from \$40 to \$250 dollars.

Parties ordering by mail may rely upon the best selections. Our Pianos are fully warranted for six years. Descriptive Circulars sent to all parts of the country upon application.

THE BURDETT Combination

(With Carpenter and Burdett's New Improvements.) The disagreeable reedy tone entirely overcome in this instrument.

The Verdict is Unanimous! The Greatest Success of the Age!!

We Challenge the World to Equal It!! And cordially invite the profession, dealers and the musical world generally to examine this truly wonderful instrument.

The Burdett Combination Organ. As its name indicates, it is an ingenious union of all our standard improvements combined with many new features never before introduced or attempted in Reed Organs, together making this Organ the superior extra of instruments, and one that has already created a revolution in the public mind in the decided favor of the general adoption of Reed Organs, both for secular and sacred music, where an instrument is required to accompany the voice or to produce orchestral effects.

All the various improvements on the Burdett Organ are protected by patent, being exclusively the Company, and can be used on no other organ.

The present Burdett Organ has received the most cordial and highest encomiums from those ranking among the first of musicians and organists.

The New York Independent says of the Burdett Organ: "It is by far the most perfect reed instrument we have ever seen."

The Christian Leader says: "We had no idea that a reed instrument could be brought to such perfection."

The New York Observer says: "Its purity of voicing, richness of tone, and wonderful orchestral combinations, together with a number of other improvements, and one that has already created a revolution in the public mind as to be beyond competition."

The press and public everywhere who have had an opportunity of hearing its beautiful strains, not only give it their unqualified approval, but unhesitatingly concede that it stands without a rival.

The Burdett Organ ranges in price from \$135 to \$1000. We have also New Cabinet Organs at \$45, \$75, \$100, &c. C. M. Tremaine & Bro., WHOLESALE AGENTS, 435 Broome St., NEW YORK. THEO. F.
