SALISBURY POST OFFICE.—Read the "Post Office Rules and Regulations" published in our columns this week by H. H. Helper, Post Master. We now have better post office accommodations of every kind than ever before in this place that we know of. Mr. Helper is discharging the duties of the office in a praiseworthy manner and to the satisfaction of the public.

RAIN.—After a long period of dry weather this section of the State has recently been visited by a succession of refreshing showers. Though much of the Corn was far spent, a great deal of it will be greatly benefitted, late as the season is. It is also in time to enable our farmers to put in a large crop of turnips, which it is hoped none of them will fail to do.

PETERS' MUSICAL MONTHLY for September is a *splendid number*. It would seem almost impossible to improve this excellent work, and yet each succeeding number seems to be better than the last. This present number opens with a beautiful Ballad by G. W. Persley, entitled "Barney Aleen;" then follows a charming song by Tucker, "My Mother's Wedding Ring," after which comes Thomas' Sacred Song, "The Cross and Crown," which alone is worth double the price of the monthly. "My Sister in Heaven," Song and Chorus, and "The Home of the Swallows," Duet, are also gems of great value. These are followed by five Quartets, three easy Piano pieces, and two elegant Transcriptions by Leonie Tonel, making a total of fifteen pieces, printed from thirty-six full-size music-plates, and you can get all this choice music for THIRTY CENTS. Vol. VIII. commenced with the July number, and the publisher offers to send the July, August and September numbers for 75 cents. Address J. L. PETERS, 599 Broadway, New York.

TEMPERANCE MEETING AT THIRD CREEK STATION.

In spite of bad weather and the unavoidably thin attendance, the meeting, last Saturday, at Mason Hall, Third Creek Station, was an entire success. We have started a society with nine-teen members, and the names of several other influential persons given in.

Council meets next Saturday, Sept. 2d at 2 o'clock P. M.

Public speaking at 3 o'clock.

Rally friends and help the cause.

BOYS AND YOUNG MEN AS SUCCESSFUL BUSINESS MEN.—Every Marble Palace on Broadway, New York has written on its corner stone erected by a once poor boy who left the farm or shop to educate himself for business. The only school in America *especially* devoted to training Young Men and Boys for a successful start in life, and for useful, prosperous citizens, and that assists its graduates to positions, is EASTMAN BUSINESS UNIVERSITY. It is the oldest and only practical commercial College in the country, and the largest school in the United States, having students from all parts of the Union. The total expenses are only $125. Its Catalogue shows 3,000 graduates in successful business which can be obtained by addressing the president and founder, H. G. Eastman, LL. D., Poughkeepsie, N. Y.

On last Saturday, as Jesse Styers, a son of Abraham Styers, of this county, was on his way in a buggy to attend the funeral of a relative, something about his gearing broke, when he attempted to alight, the horse started to run catching his foot in the wheel, and breaking his leg in five places between the knee and ankle. Dr. Jones was called in and amputated the leg above the knee, but the shock was so severe the young man died next day.

Winston Sentinel.

We learn that the barn of Geo. Eller, of Davidson county was consumed by fire on last Thursday night, together with five horses, two wagons and two buggies, and a lot of grain and provender. Loss about $3,000. The fire is supposed to be the work of an incendiary.

In our last issue we stated that sixty-six of the delegates elected were anti-convention men, and fifty-five were Conservatives. This was an error. The delegates stand *sixty-one* anti-convention, and *sixty* conservatives. The Commissioners threw out enough votes in Madison to elect Wallen, Conservative; and in Moore the poll-holders at one precinct made their returns in figures instead of writing; and figure *nine* was put down by the Commissioners, for a *six*. This elected Dowd, Conservative, when the true count elects Jas. L. Currie, anti. This would make the delegates stand sixty-three and fifty-eight. We will refer to the matter again.

H. H. HELPER, *Postmaster.*

From the Winston *Sentinel* we cull the following items of news:

We learn that one day last week, an old gentleman, Eli Hartman, living in Davie county, in attempting to move a pile of rails, caught his foot in the pile in some way and fell, breaking the leg near the ankle joint, the end of the broken bone protruding through the skin. A physician was called in who amputated the limb, but was unable to save the old man, who died in a short time after the operation was performed.

DIED

Near Hickory Station, in Catawba county, June 17th, 1871, Mrs. Christina Harris, aged 85 years, relict of the late Williamson Harris, of Davie county. The deceased was the daughter of Col. Frederick Fisher of Rowan, and sister of the late Hon. Chas. Fisher, of this place. She was a person of vigorous mind, which she retained to the end of her pilgrimage. She was charitable to her neighbors, and, while able spent much of her time in acts of kindness to them. She was the last member, (as was also her husband,) of a highly respectable, useful, and influential family. The christian's hope sustained her through many trials in life, and in the hour of death. Let those who knew her best, cherish her memory and practice the virtues of her long and useful life. B.

SPECIAL NOTICES.

The patient soon feels as if he had taken a new lease of life, and is overjoyed to find the depressed feeling dissipated, the costive habits corrected, and new streams of health coursing through his veins, by using Simmons' Liver Regulator.

EXHUBERANT HEALTH

Is a blessing vouchsafed to few. Even those who have been favored by nature with strong constitutions and vigorous frames are apt to neglect the precautions necessary to preserve these precious endowments. Indeed, as a rule, the more healthy and robust a man is, the more liberties he is inclined to take with his own physique. It is some consolation to the naturally weak and feeble to know that they can be so invigorated and built up, by a proper use of the means which science has placed at their disposal, as to have a much better chance of long life, and exemptions from disease and pain, than the most athletic of their fellows who are foolish enough to suppose themselves invulnerable, and act accordingly.

It is not too much to say that more than half the people of the civilized world need an occasional tonic, to enable them to support the strain upon their bodies and minds, which the fast life of this restless age occasions. In fact, a pure, wholesome, unexciting tonic is the grand desideratum of the busy millions, and they have the article in Hostetter's Stomach Bitters. It is a staminal medicine, i. e. it imparts permanent strength to weak systems and invigorates delicate constitutions. Its reputation and sales have steadily increased. Competitive preparations have been introduced *ad libitum*, and, as far as the public is concerned, *ad nauseam*, in the hope of rivaling it; but the have all either perished in the attempt, or been left far in the rear. It has been the great medical success of the present century, and it is quite certain that no proprietary medicine in this country is as widely known, or as generally used.

Ten lightning presses, running incessantly, (Sundays excepted,) the whole year through, barely supply the demand for the Illustrated Almanac, in which the nature and uses of the preparation are set forth, the circulation now being over eight millions a year.

CONSUMPTION.

Its Cure and Its Preventive,

BY J. H. SCHNCK, M. D.

MANY a human being has passed away, for whose death there was no other reason than the neglect of known and indisputably proven means of cure. Those near and dear to family and friends are sleeping the dreamless slumber into which, had they calmly adopted

Dr. Joseph H. Schenk's Simple Treatment,

and availed themselves of his wonderful efficacious medicines, they would not have fallen.

Dr. Schenck has in his own case proved that wherever still sent vitality remains that vitality, by his medicine and his directions for their use is quickened into healthful vigor.

In this statement there is nothing presumptuous. To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible works. The theory of the cure by Dr. Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self-assuring, self-convincing.

The Seawood Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two-thirds of the cases of consumption originate in dyspepsia and a functionally disordered liver. With this condition the bronchial tubes "sympathise" with the stomach. They respond to the morbific action of the liver. Herein commences the culminating result, and the setting in, with all its distressing symptoms, of

Consumption,

The Mandrake Pills are composed of one of Nature's noblest gifts—the Podophillum Peltatum. They possess all the blood-searching alterative properties of calomel, but unlike calomel, they

"Leave no Sting Behind,"

The work of cure is now beginning. The vitiated and mucous deposits in the bowels and in the alimentary canal are ejected. The liver, like a clock, is wound up. It arouses from its torpidity. The stomach acts responsively, and the patient begins to feel that he is getting at last.

A Supply of Good Blood.

The Seawood Tonic, in conjunction with the Pills, permeates and assimilates with the food Chyle, which is now progressing without its previous tortures. Digestion becomes painless, and the cure is seen to be at hand. There is no more flatulence, nor exacerbation of the stomach. An appetite sets in.

Now comes the greatest blood Purifier ever yet given by an indulgent father to suffering man. Schenk's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impaired and diseased portions of the lungs. In the form of gatherings, it prepares them for expectoration, and lo! in a very short time the malady is vanquished, the rotten throne that it once spied is renovated and made new, and patient, in all the dignity of regained vigor, steps forth to enjoy the manhood or the womanhood that was.

Given up as Lost.

The fever and thirst, the patient must stay in a warm warm room until they are still: it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cure cannot be effected. Fresh air and riding out, specially in the season of the country in the fall and winter, are salutary. Physicians who recommend cot-bound patients, if their lungs are healthy (in sound and yet, because they are ill) bear, to get up a good cot-cot-sational blood. The patients must keep in good spirits—be determined to get well. This has a great deal to do with the appetite, and is the great point to gain.

The following is one of many such evidences of its possibility in the worst cases and most certainly in all there is sinful. Dr. Schenck's pulmonal is a remedy to the Faculty of his own sure wash in these words:

"Many years ago I was in the last stages of Consumption, confined to my bed, and a doctor in my village thought that I could live but a week. I then like a drowning man clutching at straws, heard of and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon ripened the matter in my lungs, and I would spit up more than a pint of offensive matter every morning for a long time.

As soon as I began to bathe my cough, fever ran, and I felt as if I began to leave me, and my appetite became great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have enjoyed perfect health ever since."

I saw Mr. Ashed shortly after my recovery," added the Doctor, "then to King like a uncle skeleton; my weight was only eighty-seven pounds; my present weight is one hundred and twenty-five (125) pounds, and for years I have enjoyed robust health."

Dr. Schenck will be at his principal professional visits to New York at the Union. Hours his son Dr. J. H. Schenck Jr., will continue to occupy the latter office, No. 15 North Sixth Street, Philadelphia, every Saturday from 9 A. M. to 3 P. M. The above with a thorough examination with the Bronchometer will be charged 5 dollars. The Bronchometer will determine the condition of the lungs, and if there is an healthy lesion before they are examined or not.

The directions for taking the medicines are adapted to the peculiar constitution of children. Full written directions and kind Nature will do the rest, except in a few instances a special medicine is to be taken in connection; then the three medicines must be taken by accompaniment, though simple in practice, the accompaniment: First comes the Mandrake Pills, then the Seawood Tonic, and then the Pulmonic Syrup, and a cure of no ordinary kind is effected. Of return of health no longer is the most welcome symptom. When it comes it will be seen at the principal office, No. 15 North Sixth Street, Philadelphia, once for one, three in boxes one dollar each. In a short time both of the pernicious symptoms are gone forever.

Dr. Schenck's medicines are constantly kept in one of them sent of families. As a laxative or purgative, the Mandrake Pills are a mild yet positive, while the Pulmonic Syrup, as a corrector of acidity and colds may be regarded as a prophylactic against consumption in any of its forms.

Price of the Pulmonic Syrup, and Seawood Tonic one dollar and fifty cents a bottle or seven dollars and fifty cents a half-dozen. Price of the Pills, 25c. a box. For sale by all druggists and dealers.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile Fancy Drink, Made of **Poor Rum, Whiskey, Proof Spirits and Refuse Liquors** doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkard's graves and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER** and **A LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all our internal Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by **Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands are effectually destroyed and removed. Such a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is entirely free from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.
