FARLEY CLAIMS ROOSEVELT TO SWEEP NATION

Tumult Of Campaign Subsides As Voters Prepare HEAVY VOTING

By The Associated Press ASK EARLY VOTE On account of heavy voting expected throughout the country Tuesday election officials today urged all people who can possibly do so to vote early. Unless this is done, it was pointed out, there will be considerable congestion around the polls late in the afternoon. Around 15,000 votes are predicted for Cleveland county in the election.

Across the vast expanse of America, the tumult over gigantic issues died away today as the nation's only sovereign—the voter—prepared to wield the sceptre and decide tomorrow who shall head his government. From both major parties, as almost always, came strong expressions of confidence, while all hands, from presidential candidates down to lowliest ward worker, concentrated on one eleventh-hour task: "Get out the vote," was the injunction heard on all sides. The herculean efforts of the party workers, combined with the more-than-usual natural interest in the issues, still indicated a record-smashing vote, possibly 45,000,000 despite ominous word from the weather bureau that a cold rain or snow might blanket much of the United States on Election Day.

Fifty-five cases in which one is for murder and another for manslaughter and eleven for assault are listed on the calendar of the Superior court term which begins here Thursday morning with Judge Felix E. Madrid Suburbs Heavily Bombed By Rebel Ships

Insurgent warplanes today unleashed a hail of bombs over Suburban Valdecas about two and one-half miles from Madrid, as the Civil War neared the capital from three sides. Three children were killed; eight adults wounded. Government commanders evacuated the civil population from Getafe, another Madrid suburb, and hurled fresh reinforcements into the defense lines. Gen. Jose Varela's Insurgent forces captured Brunete, 17 miles west of Madrid, after taking three other towns—Villa Mantilla, Sevilla La Nueva and Neuva De Perales—in bitter fighting. The Insurgent command reported at least 500 government troops were killed in the capture of the four villages and in a futile counter attack at Paria, south of the capital. The government said fighting was continuing on both sides of the Guadalaajara Highroad, about 15 miles northeast of Madrid in the Siguenza sector. At Fuenlabrada, the government militia were entrenched only nine miles from the Madrid city limits after a furious fascist surge, rebounding against a sudden socialist charge, forced the Madrid defense line back there, near Valdemoro, 13 miles south of the capital, and near Paria, 10 miles south on the Toledo-Madrid road. Capture of the four villages west of Madrid gave the fascists uninterrupted communications between Chapineria and Naval-Carrero, bases for the eastward thrust. Lee Morrison is held in McDowell county jail at Marion for murder of his mother, and will be given preliminary hearing Nov. 10, Marion officers told the Shelby Daily Star this morning. Morrison, who lives at Lawndale, is charged by McDowell officers with driving the car in which his mother was riding into Lake Tahoma October 2. About \$1,500 of the overdue tax money came in during the past 30 days.
