Milestones on the path to civilization— NEW YORK — Undergraduates at New York University are demanding insurance for football players to take care of the injured until restored to normal health, or to protect a student's future if he is permanently injured.

However, if the Towns plan always goes through it automatically take care of college football players by the time they graduate.

What the colleges should do plan social justice for the leaders. They must suit for St. Vitus dance for years.

"For every scene in a moving picture worth witnessing," says Genevieve, the kitchen cynic, "there are a dozen worth testifying against."

FAMOUS LAST WORDS Come on now, Lem! Tu either take your feet off the table or yu' take your shoes off.
