KERNEL FRISBY URGED TO ISSUE WEEKLY FORECAST

Business Titans, Bashful Widows Want Benefit of Co.

gressman's Keen Eye, Alert Ear and Rat Trap Mind

Honorary Kernel in the Ranks of Big Business.

WASHINGTON.—"What are your favorite 3,000 stock the moment?"

This is a question often put to me by big, bewildered business men who come to Washington seeking someone to guide them through the stormy seas of the uncertain future.

"Where shall I hide my insurance money?"

Bashful widows, eager to fly to the protecting arms of a G ralter, put this poser to Yours Truly night after night.

I cannot, will not answer all these important questions gratis.

Therefore, I am urged by one and all to issue some sort Weekly Forecast—which will analyze, whisper, raise a finger warning, purse lips, wag head, murmur, shout or indulge in a strained condemnation.

What say, America? Kernel Frisby stands poised for a rep Shall I go ahead? If so, give a thunderous mandate, so I can respond just say so—but later, when gnawed by curiosity, do not approach Tycoon Frisby in his club, or on the street, or in wash rooms, a try to catch him off guard and then pummed him with questions.

In the meantime, let me sling out just a little tip on this week Special. Buy Ford Motor Car and hold for corrective readjustment.
