PARIS, Feb. 5.-(AP)-American tanks and French Morrocan mountain troops cut the Colmar pocket in two today, trapping elements of perhaps three German divisions in the Vosges mountains south of Strasbourg.

American tanks of Maj. Gen. Frank W. Milburn's 21st corps crashed down from south of Colmar while the Moroccans advanced from north of Mulhouse in a combined gain of eight miles. The pocket, reduced to less than 200 square miles by midnight, was vir-tually erased and the threat to Strasbourg from the south was erased.

In the center of the western front where the American First army has penetrated the Siegfried line, infantry captured one of the Roer river headwater dams and won high ground controlling another. The Americans were fighting 13 miles inside Germany in the Schnee
