## MISS BETTY SUE HARRELSON IS THE BRIDE OF HAZEL L. HELTON

In a lovely ceremony performed Saturday afternoon, June 30, at five-thirty o'clock in the St. Paul Methodist church of Waco Miss Betty Sue Harrelson, daughter of Mr. and Mrs. Asbury C. Harrelson, became the bride of Hazel L. Helton, son of A. L. Helton and the late Mrs. Helton of Sanford.

Rev. J. Sneed Ogburn heard the vows of the impressive double ring ceremony before an altar of green pines entwined with ivy on either side of which were baskets of white gladiol and candelabra.

Prior to the wedding Mrs. E. T. Bailey of this city, pianist, and Miss Elizabeth Morgan of Charlotte, vocal soloist, presented a program of nuptial selections. "To the Evening Star" by Wagner furnished a background for the vows, and the traditional selections were used for processional and recessional.

The bride entered with her father who gave her in marriage. She wore a becoming white Panama suit with matching accessories and a strand of pearls, gift of the bridegroom. At her shoulder was a corsage of purple orchids.

**ATTENDANTS**

Miss Delores Harrelson was her sister's maid of honor. Her street-length dress was of pink lace. She wore black accessories and carried a nosegay of dainty summer flowers tied with pink streamers.

Bridesmaids were Miss Doris Harrelson of Lilesville and Miss Charlene Harrelson of Kings Mountain, cousins of the bride. They wore pastel dresses with white accessories and had carnation corsages.

Mrs. Harrelson, mother of the bride, wore a frock of black and pink floral print with black accessories and a corsage of white carnations.

A. L. Helton of Sanford, father of the bridegroom, was best man. William Craft and Grady Fisher of Waco and Mills Barber of Sanford served as ushers and lighted the candles.

Mrs. Helton, younger daughter of her parents, received her education at Waco High school, and for the past two years has been employed as ticket agent for the Seaboard Airline Railway in Sanford.

Mr. Helton, a graduate of Sanford High school, is employed with the Edwards company as tool designer.

Following the ceremony the couple left for a wedding trip through the North Carolina mountains. For traveling the bride chose a frock of black crepe with matching accessories and wore her bridal corsage at her shoulder.

## Merchants Asking Cooperation With Drink Shortage

A number of Kings Mountain and Cleveland county retail merchants who retail soft drinks are cooperating with the retail section of the American Bottlers, in asking that soft drinks be consumed on the premises.

This is only temporary, explained one merchant, and will be relieved as soon as an adequate supply of sugar allows soft drinks for home consumption again.

At the present time there is an acute shortage of sugar which in turn makes a critically short supply of soft drinks. There just aren't enough drinks to go around.

Customers are being asked to drink their soft drinks on the premises thus making more drinks available in the coolers of their favorite stores and eating places.

Several stores in the Kings Mountain area put this plan into operation some months ago when the sugar first became scarce, thus it is nothing new to this locality.

## Meadows Trial At Close Fifth Week

GREENVILLE, N. C., July 7—(AP)—The fifth week of the trial of Dr. Leon R. Meadows, charged with embezzlement and false pretense, was concluded yesterday afternoon as the Pitt county Superior court took the usual week-end recess.

The former president of East Carolina Teachers college is charged with misappropriation of more than \$14,000 in special college and student funds.

The defendant was still under cross-examination when the court recessed for the week. Indications were the cross examination would be concluded Monday after which the defense will begin offering its approximately 100 witnesses.

Dr. Meadows testified yesterday that some items were corrected in one of his memorandum books, in which he kept an account of receipts and disbursements of college and student funds, after the state began its investigation which resulted in his indictment by the Pitt county grand jury.

## Dairy Production Payments Stepped Up This Quarter

Dairy farmers in North Carolina will have the benefit of increased payment rates for milk and butterfat production payments during the current quarter, beginning July 1. These government payments to milk and butterfat producers are adjusted quarterly to reflect changes in production costs.

The new rates for North Carolina for milk and butterfat production in July, August and September will be 75 cents per hundred pounds of milk, and 13 cents per pound for butterfat, Scott said. Rates for the quarter just ended were 55 cents per hundred pounds for milk and 10 cents per pound for butterfat.

"Higher payments for production during the current three-month period will help offset the extra feed bills when pastures brown off during the summer and more mixed feed and hay have to be fed to maintain production levels," the AAA chairman said.
