

# KIWANIS HEARS TALK ON SOILS

**Dr. J. A. Glazener, Of Brevard, Stresses Contribution To Health**

In an enlightening address made to the Shelby Kiwanis club last night by Dr. J. A. Glazener in charge of agricultural extension at Brevard on the subject of the contribution of soils to health and happiness, this soils expert declared that it is high time people are giving the same attention to the welfare of their sons and daughters that they give to their livestock.

Dr. Glazener was presented by President Phil Elliott of Gardner-Webb college. Dana H. Harris was in charge of the program. The meeting was presided over by President Reid Misenheimer.

Dr. Glazener pointed out that up until about 150 years ago the world had been following the philosophy of Hippocrates that all foods served the same purpose to the body. Now it is known, he declared, that minerals and vitamins are just as important to the human body as heat-producing foods.

**ANIMAL RESEARCH**  
He said that research with animals showed that in instances where brood sows were denied access to these minerals, their pigs were born blind and that out in Kentucky racing stables failed year after year until scientists were brought in who fed the depleted soils with the vitamins which they lacked.

Deficiencies in the soil result in deficiencies in diet of the people who live on that soil, declared Dr. Glazener. "Soil," he added, "is the basis of all civilization, the source of all wealth and food for man and beast. It needs the loving care and protection of those who have it in custody."

German satellite nations such as Hungary and Romania?

It made a lot of difference. On the Berlin Council, four allies have equal authority. The chairmanship alternates among Gen. Eisenhower; British Field Marshal Montgomery; Russian Marshal Zhukov, and French Gen. de Lattre de Tassigny. All decisions must be unanimous.

**DIFFERENT PROBLEM**  
On the Balkan countries, the U. S. and Britain have equal representation with Russia, but in the event of conflicting views the Soviet position governs.

The U. S. would not agree to a Berlin-type council for Japan. Officials say the problems of governing the Japanese home islands is entirely different.

They also say the Berlin council has been hamstrung by the unanimity rule, under which one dissenting nation can block action favored by the other three.

**BALKAN TYPE**  
On his return from the London meeting of foreign ministers three weeks ago, Secretary of State Byrnes said he believed Molotov wanted a Berlin-type council. He reiterated this at his Wednesday news conference.

Russian newspapers disagreed. They said all Molotov wanted was a Balkan-type commission.

Last night's State Department announcement reiterated that the "original" soviet proposal "appeared to propose a control council for Japan which, in its important aspects, would closely resemble the control council for Germany."

which operated under the slogan "strength through joy," showed no emotion when he was served with the indictment in the bare prison cell. He requested counsel.

The indictment charged him on three counts—promoting the accession to power of the Nazi conspirators; war crimes, and crimes against humanity.

**WILM EVIDENCE**  
A thousand feet of film, part of which showed his activities as labor boss, had been prepared for the trial, and the value of the film as evidence now was in doubt. Ley was captured by the U. S. 101st Airborne division near Barchinagaden, and he gave his name as "Dr. Ernst Distelmeyer." When U. S. counter-intelligence officers tried to question him, he produced a vial and attempted to swallow its contents. The officers knocked the vial from his hands.

He was identified at division headquarters by Frank X. Schwarz, Nazi party treasurer, and others.

that their combined credit and exemption against the excess profits tax for 1945 shall not be less than \$25,000.

Excise taxes. The house voted to return the high wartime rates on luxuries and semi-luxuries to their 1942 level next July 1. The senate set no cut-off date on those excises, but voted to repeal certain manufacturers taxes on stoves, electrical appliances, sporting goods and photographic apparatus.

George expressed belief the house will accept the special provisions the senate made for veterans. Taxes on all war years service income of enlisted men would be forgiven, and officers would be given additional time to pay without penalty.

## Rites This Morning For Mrs. LeGette; Burial At Dillon

Funeral services for Mrs. James S. LeGette, who died suddenly Thursday, were conducted this morning from the residence, 626 South Washington, by the Rev. W. Arthur Kale. Immediately after the service included J. S. Thompson left for Dillon, S. C., where further services will occur Saturday at 11 a.m. at the home of her parents, Mr. and Mrs. J. S. Thompson. Burial will be in the Dillon cemetery.

Pvt. J. S. LeGette, jr., of Camp Gordon, Ga., arrived last night. Other out-of-town people here for the service included J. S. Thompson, jr., of Dillon, a brother; Gene McTeer, of Dillon, brother-in-law; and Mrs. J. B. Stanley of Morven, sister of Mr. LeGette.

## Soviets Recognize German Rights In Occupation Zone

**BERLIN, Oct. 26 (AP)—**The Soviet Union has formally recognized the right of German states in the Russian occupation zone to make their own laws and ordinances. An order issued by Marshal Georgi K. Zhukov contained only one qualification: the German legislation must not be contrary to laws and orders of the allied control council or those of his own headquarters.

Potemkin pact. Since the surrender, Japan has maintained relations with Switzerland, Sweden, Portugal, Eire, Afghanistan and the Holy See.

On the occupation front, MacArthur's headquarters said that plans for fitting other allied troops into the setup await the conclusion of policy discussions among the big powers, then the receipt of orders from Washington. To date, not one official word has come through.

MacArthur, meanwhile, indicated impatience at silence from the Japanese government concerning his pointed suggestion two weeks ago that Nipponese big family monopolies be "democratized."

A Bruck headquarters statement said the allied commander had received "no official communication from the imperial Japanese government on any phase of the Zaiabatsu (big families) question."

**RADIUM SEIZED**  
American occupation officials probing into hidden resources within the conquered nation reported confiscation of \$2,500,000 worth of radium from vaults of the German consulate at Osaka. The radium, from Czechoslovakia, had been intended for sale to Japanese hospitals, the report said.

Authorities questioned concerning joint allied occupation plans said they had no idea when troops of the British, commonwealth China and Russia would arrive, nor what would be done with them after they reach Japan.

Maj. Gen. Richard Marshall, deputy chief of staff to MacArthur, commented "it's news to me," when told of a report that British forces were due at Tokyo Jan. 1.

The booby bird is such a booby that it will allow men to approach and club it to death.

L. Smith, 810 N. Lafayette, Dr. Zeno Wall will conduct both services.

At Columbus this morning a service was held and the funeral party left for Shelby, planning to reach here tonight. A son, J. P. Smith, and Mrs. Smith, together with Lee B. Weathers and J. Play Weathers, brothers-in-law of Mr. Smith, went to Columbus and will accompany the funeral party which includes a number of Mr. Smith's friends and business associates.

## Prince Konoye Said Preparing To Become 'Commoner'

**TOKYO, Oct. 26 (AP)—**Prince Fumimaro Konoye's reported plan to resign his baronial title appeared today to be the opening move of one of the country's most influential men to retain political power under the "new deal."

Well informed Japanese sources verified Domei agency's report of yesterday that the brooding Konoye was preparing to retire from the imperial court, to yield all of his titles and prerogatives, and to start a new political career as a commoner. However, attempts to obtain direct confirmation were fruitless. Konoye and his associates could not be reached. Officials in the office of Marquis Koichi Kido, lord keeper of the privy seal, to whom Konoye was reported to have confided his plan, declined to talk.

## TWO CHERRYVILLE MASONS HONORED

**CHERRYVILLE**—At the regular biennial meeting of the Supreme Council of the Ancient and Accepted Scottish Rite of Free Masonry for the Southern Jurisdiction of the United States held last week two Cherryville men received high honors.

Dr. R. J. Morrison was awarded the honorary degree of Knight Commander of the Court of Honor. Generally known as the K.C.C. H. This is the next honor conferred after the receiving of the 32nd degree, and is given for long, meritorious service. Dr. Morrison will have this conferred in a ceremony in the State shortly. It was not required that he go to Washington to receive the honor.

Mr. David P. Dillinger received the 33rd, and last degree in Free Masonry. This honor came after about 43 years service and after he had enjoyed the K. C. C. H. for some years. To receive this 33rd, it was required that he go to Washington, D. C., which he did last week. Only one other man from the Carolina Consistory at Charlotte received this high honor.

The captain of the American frigate Constitution received \$2,017.60 a year, petty officers averaged \$19 a month, and enlisted men were paid from \$8 to \$17 a month.

**GOES TO ITALY**—Pvt. Walter Crossley, son of Mr. and Mrs. Eugene Crossley, of Kings Mountain, has gone to Italy where he will serve with the occupation forces. He recently spent a 12-day furlough at home following the completion of basic training at Camp Croft.

## Bullet Drops On Dining Table

A spent 22 calibre bullet which went through the front window of the Shelby hotel and dropped in the presence of a guest on one of the dining tables had the police scouring the town yesterday and today looking for a careless gunman. So far they have found neither the rifle nor the person who fired it.
