HEIDLEBERG, Germany, Dec. day the general condition & Gen. George S. Patton, Jr., "remains excellent" and declared there had lic. een "a very gradual improvement of the motor functions, particularly about the shoulders and up-per chest."

Patton, whose neck was broken in an automobile accident nine days ago, sat up in bed for the first time yesterday after doctors substituted a plaster cast for a traction ap-paratus which had realigned his vertebrae.

Today's bulletin said the former commander of the 3rd Army spent a "restless night due to the newlyapplied cast," but indicated this had not adversely affected what was described yesterday as his "amazing" recovery.
