

NEGRO KILLED AT NIGHT SPOT

Floyd Gardner Surrenders To Police After Death Of Ellis Eugene Lowe

Ellis Eugene Lowe, 24-year-old negro, who lived on Shelby route 5, died almost instantly from a gunshot wound in the chest following an altercation with Floyd Gardner at Harlem Paradise, negro night spot on East Graham street, shortly before 6 o'clock last night, marking the second homicide occurring at this place within the past two months.

Lowe died on his way to the hospital, Gardner, who left the scene of the shooting immediately after it had occurred, surrendered to the Shelby police about an hour afterward and is now in the Cleveland jail awaiting hearing on a first degree murder charge. The case was called this morning in Cleveland Recorder's court but a continuance was granted until Friday on petition of the state to allow officers time to subpoena all the witnesses.

Very little is known about the argument which led up to shooting. One witness told police that Gardner, who is one of the proprietors of Harlem Paradise met Lowe at the front door and told him not to enter the place. Lowe did not obey the order and Gardner fired as Lowe attempted to enter.

Lowe was discharged from the armed services on November 18.

T. R. Beaver Going To Spartanburg As Redmond Returns

T. R. Beaver, for the past three years manager of Efrid's Department store, winds up his work here with today and management of that store will be resumed by C. Redmond who recently returned from the armed services.

Mr. Beaver will return to Spartanburg Efrid store but will retain residence here.

Mr. Redmond, manager of the store for several years prior to entering the army early in 1943, was discharged from service in November.

BIG ORDER FOR AMMUNITION

The war is over but a plea was made to Shelby industries today for the largest quantity of ammunition ever ordered here before. Army manufacturers have asked the local chamber of commerce to see if local suppliers cannot provide 5,000,000 wooden balls from 7-16 to one-half inch in diameter. It is understood these balls are to be used for ammunition for toy guns.

If local suppliers cannot provide the whole five million this toy manufacturer declared he would take any part that could be delivered. They must be delivered by the middle of February.

Says Billions Be Saved By Giving

More than 20 billion dollars are today in the pockets and bank accounts of American citizens wholly tax exempt if given for public welfare through private philanthropic channels of the donor's choice on or before Dec. 31, it is declared by Dr. Charles V. Vickrey, president, Golden Rule Foundation, in a report presented at the Sectional meeting of the National Stewardship Institute, held in New York and Chicago.

"Many of our citizens could give impressive sums to their favorite church, local or war relief charities at a cost from only ten to fifty cents of each dollar contributed," Dr. Vickrey continued. "Some, in the top brackets, could enrich their own lives and leave a larger estate to their families if they gave their full 15 per cent and availed themselves of the full tax exemptions generously offered by our government which encourages philanthropy as 'the highest form of patriotism.'"

Tax-Listing To Begin Tuesday

The annual tax listing for all real and personal property will begin in all Cleveland county townships on Tuesday and continue through January 31, C. G. Dilling, county auditor, announced today.

List-takers by townships they represent are as follows: No. 1, J. A. McGraw; No. 2, G. M. Greene; No. 3, C. B. Putnam; No. 4, J. B. Ellis; No. 5, D. W. Carpenter; No. 6, Mrs. Inez B. Ellis; No. 7, G. T. Cabiness; No. 8, W. J. Bridges; No. 9, Stough Beam; No. 10, W. T. Warwick; No. 11, W. Emerson Pruett.

Used Car Ceilings Go Down Tomorrow

WASHINGTON, Dec. 31.—(AP)—Used car ceiling prices take a four per cent drop tomorrow under OPA regulations designed to cover depreciation.

As an example, the top legal price of a 1940 Ford V-8 DeLuxe tudor sedan sold "as is" will drop from \$634 to \$609 in the east, from \$706 to \$678 in the Middle West, and from \$768 to \$737 in the Far West.

POLICE GET BIG 'POSSUM

Local police have finally run down a vagrant which has been haunting the Beaumonde terrace section but did not take him without considerable resistance.

A 14-pound opossum which had been sighted several times and who on account of his size had been suspected of violation of the rationing rules was rounded up by Officers B. F. Hamrick, W. P. Shytle and T. H. Upton just after he had the audacity to cross the street in front of the police car, scouting in the east 71 section of the city last night.

The animal did not take kindly to police attention and had to be handled rather roughly, the officers said.

WLB GOES OUT AT MIDNIGHT

WASHINGTON, Dec. 31.—(AP)—Formal creation of wage stabilization board to take over the remaining duties of the War Labor Board for the next six months is expected this week.

The WLB, nearly four years old, goes out of existence with the whistles and horns which mark the start of 1946 at midnight tonight.

A termination report by WLB Chairman Lloyd K. Garrison is being submitted to President Truman, who presumably will issue an order setting up the new wage stabilization board.

WLB will carry on the job spelled out in the wage stabilization act of October, 1942, which does not expire until next June 30. This act prohibits wage cuts below the highest levels for a given job existing between January and September, 1942.

The board will comprise half the number of members of the WLB, and its 12 regional boards will have six instead of 12 members each.

Dr. Johnson Opens Eye, Ear, Nose And Throat Practice

Dr. J. D. Johnson, recently discharged after nearly five years of service in the Army, will open Tuesday offices here for practice of eye, ear, nose and throat treatment in the professional building quarters formerly used by the late Dr. Tom Gold.

Dr. Johnson, a native of South Carolina, saw overseas service but more lately until his discharge on points was chief medical officer of the Separation center at Camp McCoy, Wis. Mrs. Johnson and their son, Jules, age six, have joined him here and are living at the Cleveland hotel pending taking occupancy of a house they have leased at 921 North Washington street.

CARE IS URGED IN CELEBRATION

Commending local citizens on the order they maintained during the Christmas holidays, W. K. Hardin, Shelby chief of police, this morning urged people, who will watch the New Year in tonight, to use particular care in their celebration in order to avoid accident or tragedy.

As a usual thing, the courthouse square is crowded on New Year's eve just before midnight. Cars are driven around the courthouse and the sidewalks are crowded with celebrators.

spec the military and communications situation in areas of conflict and to look into other matters that have to do with restoration of peace to the country.

While the makeup of this group was not specified, it was regarded here as entailing the possibility that Americans would be the observers.

ON THE AIR Shortly before the announcement that a plan had been submitted to the communists in writing, the Generalissimo went on the air.

In a New Year's message to the Chinese people, he announced that the government was ready to invite leaders of other political parties "to take part in the government, either in the policy-making councils or the executive branches."

They would be welcomed into the government, he said, before the national assembly meets next May 5 to consider a new constitution for China.

ARMY LIMITATION The only condition set on this arrangement by the Generalissimo was that those other representatives "must not maintain autonomous armies to serve as instruments for forcible seizure of power."

The communists have been maintaining a separate army in North China and likewise have been holding out for a later meeting of the constitutional assembly claiming that otherwise it would be packed for the Kuomintang or National party.

SYMPHONY SET HERE APRIL 3

Scope Of Musical Group Coming Depends On Extent Local Support

Shelby is scheduled April 3 for one of the more than 100 concerts the North Carolina Symphony Orchestra will give throughout the state, it was learned today from Miss LaLene Grigg, local chairman who received the notification from officials of the State Symphony Society.

The scope and type of concert depends, Miss Grigg pointed out, upon the extent of local support accorded the expansion program. If the local subscriptions run to \$2,500 the full organization will come here for a public concert in the evening with a free concert for school children in the afternoon.

START MARCH 1 The present plan, it was explained, is to begin March 1 in the southeast portion of the State, move north to the central portion during the second week, proceed to Western North Carolina the third week, and cover the entire western portion during the fourth and fifth weeks. Thus 25 concerts, plus an equal number of children's free concerts, will be given by the Little Symphony, made up of personnel from the regular symphony.

By April 1, the full personnel of the Symphony is expected to come together for regular concerts, beginning in the western part of the State. The Orchestra will travel to Charlotte the first week, Winston-Salem the second, and the third week will include the Greensboro-Durham area. The fourth week will be devoted to the Raleigh area and the eastern portion of the State, ending up in Wilmington early in May.

About 25 major concerts and an equal number of free children's concerts will be given during April.

Troy Humphries, 26, Veteran Of World War II, Succumbs

Amos Troy Humphries, 26, son of Mr. and Mrs. Gregg Humphries of Number One township, died Saturday afternoon at Shelby Hospital where he had been carried when his illness became critical last Wednesday. He had been ill since his army days, having received a medical discharge in August 1944.

The funeral is being conducted this afternoon from Camp's Creek Baptist church by the pastor, the Rev. Paul Dobbins, assisted by the Rev. Mr. Poindexter.

Surviving in addition to the parents are a sister, Margaret Humphries, and four brothers, Emmett, Boyd, Graham B. and Arvie.

New Zealand Has New Year Today

WELLINGTON, Tuesday Jan. 1, 1946—(7 a. m., Dec. 31, E.S.T.)—(AP)—It is 1946 in New Zealand, and already the people of this predominantly Scottish dominion are starting New Year's day rounds among their friends.

Because of its proximity to the international dateline this is the first nation to usher in the new year. The summer day dawned with folks preparing to go "first footing"—first calling to the homes of friends to drink toasts.

Palerma Bandits Attack Police

PALERMA, SICILY, Dec. 31.—(AP)—Bandits using hand grenades, dynamite, rifles and machineguns attacked a police outpost today at Monreale, overpowered and bound three guards after a gun battle and looted the place of arms.

It was the second such incident in Sicily over the week-end. On Saturday night, a policeman was killed and four were wounded by attackers believed to be separatists who want to secede from Italy.

Firemen Called To Two Blazes

Shelby firemen answered two calls this afternoon, going shortly after 1:30 p. m. to the Shelby Mill where a motor and a small amount of cotton were on fire and next to the Shelby Motor Inn where a small blaze had started. Both were extinguished before serious damage was done.

China Air Service Command To End

SHANGHAI, Dec. 31.—(AP)—The China air service command, which played an important role in supplying and servicing American aircraft in China, will be deactivated at midnight. Personnel will be sent home or transferred to other air units. Its biggest job was flying air force supplies over the Hump to scattered bases in China.

Five Oil Companies Lease N. C. Properties

ELIZABETH CITY, Dec. 31.—(AP)—Register of Deeds Joe Spence delved into his records, did some figuring and announced that five oil companies have leased oil rights on 256 tracts of land in Pasquotank county, totaling 64,019 acres.

The Rush to secure oil leases began in mid-1944 when Standard Oil leased underwater lands owned by the State of North Carolina.

nounced, was "very encouraging." He decline, however, to forecast the workers' reaction to the proposal or to say whether the scheduled walkout would be called off. The strike was called in support of a demand for higher wages.

GM STRIKE While continuing labor disputes kept idle about 382,000 workers, the New Year holiday brought an increase in the number of automotive industry workers in the Detroit area off the job, while some 200,000 employes in the General Motors plants continued their strike, which started Nov. 21, another 200,000 employes of motor companies were idle today as Ford, Chrysler, Packard and other car firms closed their plants because of shortages of parts.

The many recent work stoppages in the motor industry were reflected in the production figures, with output of 1946 passenger cars about 75,000 at the end of the year compared with a goal of 500,000 which was set several months ago.

Meanwhile, in Detroit, officials of General Motors and the CIO United Auto Workers awaited the government fact-finding board's report on hearings it conducted in Washington. No date has been set for resumption of negotiations on the union's demand for a 30 per cent wage hike.

200 KILLED OVER WEEK END

Traffic Accidents Lead Causes For Nation's Violent Deaths

By The Associated Press The death toll from violent causes, with traffic fatalities in the front, was around the 200 mark over the week end as the nation today prepared for the New Year's celebrations.

Traffic deaths throughout the country totaled 107 from Friday night to early today, below the estimate of the national safety council for the period. The council's estimate for the four-day holiday period was from between 375 and 400 traffic deaths, with the heaviest toll predicted for last Saturday and tomorrow. Icy highways in many sections of the country curtailed motor travel.

Violent deaths from miscellaneous causes numbered 92 and included shootings, fires, explosions, drownings and falls.

New York state and Pennsylvania led the states in violent deaths, each reporting 20 over the weekend. The New York total included 8 traffic, one in a plane crash and 11 from miscellaneous causes. Pennsylvania's total included 14 traffic fatalities. Illinois followed with 17 violent deaths; Michigan with 16 and California with 15. Twelve states reported not violent deaths over the weekend.

Deaths in the two Carolinas, divided as to traffic and miscellaneous causes were: North Carolina 2-0, and South Carolina 5-0.

JAP PROPAGANDA, COURSES HALTED, BOOKS SEIZED

TOKYO, Dec. 31.—(AP)—General MacArthur today ordered the suspension of three Japanese school courses utilized most effectively for spreading militaristic ultra-nationalism and the confiscation of all textbooks and teachers' manuals used for them.

The order, which affects all schools in Japan, implemented recent abolition of state Shinto. It specified that Japanese history, geography and morals — roughly equivalent to American classes in ethics — will be suspended until headquarters approves their resumption.

The order also suspended the still effective wartime Japanese laws and regulations on methods of teaching these subjects.

Substitute courses will include current events, international history and other subjects relating to world social and political economic affairs.

Executive Board Of Gardner-Webb To Meet Thursday

Reports on the Gardner-Memorial Fund campaign and progress of the college which re-opens Thursday following the Christmas holidays will be received by the executive committee of trustees in a special meeting set for 1:30 p. m. Thursday.

The drive for \$400,000 for the memorial expansion fund seemed assured of success today as final efforts were made to gather in pledges and contributions before the year end. Confidence that the quota would be exceeded was voiced by officials of the school.

President Phil Elliott, will report on the school's progress as it enters 1946 with every available bit of dormitory space occupied and need for additional buildings almost forcing some additional construction this year.

TO LONDON AGAIN Byrnes will fly to London for the opening assembly session January 10.

The radio address topped off a week-end in which Byrnes returned by plane from Moscow Saturday noon, took off again four hours later for Quantico, Va., for a talk and dinner with President Truman aboard the presidential yacht Williamsburg and then returned to Washington to begin work on his 3500-word radio text.

The president, not due back in the White House until Wednesday, presumably listened aboard the Williamsburg to Byrnes' address.

TIRE RATIONING ENDS

No more certificates! Once again every one is eligible to buy, and soon you'll be able to drive in and get immediate delivery on new tires for your car.

PRODUCTION OUTLOOK AT A GLANCE

Tire manufacturers have been unable to fill the great need for new passenger car tires, in case we do not have the right size tire for your car, we should be able to get it soon. Come in for full information.

HERE'S WHY you'll want the B.F. Goodrich Silvertown OUTWEARS PREWAR TIRES!

It has been proved. More than 2,000 tests and nearly 17,000,000 miles of the toughest kind of road service showed that this new B.F. Goodrich Silvertown will Outwear Prewar natural rubber tires.

New, better rubber. B.F. Goodrich has developed a rubber that's far better than ordinary synthetics. It helps the new Silvertown wear better and run cooler. It has greater resistance to cracking — and actually stands bruising and damage from accidents better.

Tire body 35% stronger. An entirely new, stronger cord is used, more of these cords are used in the top ply, an extra shock-absorbing breaker strip is included. The result: a body that is 35% stronger for additional resistance to bruises, extra blowout protection.

Flatter tread covers more ground. Called the "road level" tread, it puts more rubber on the road, permits all the tread to share the wear. Results: a further increase in mileage, less scuffing, better distribution of weight, better traction, more safety on the turns.

Plus 3 years' EXTRA experience. Three years before any other manufacturer, B.F. Goodrich sold tires containing synthetic rubber to American car owners. The extra know-how piled up in these years is reflected in the new B.F. Goodrich Silvertown.
