## Notice to Travellers.

AT a meeting of the Commissioners of the Swananoe Turnpike Road, leading from Morganton to Asheville, held this day at Old Fort, Burke county, N. C. They find after complying with the Act of the General Assembly granting the charter, and satisfying all demands against them, that there is still a surplus left. Therefore, they have resolved to make it a free Road from and after this date.

The Road is in fine order and permanent: being all on solid ground or rock, with a large number of hands to keep it up besides the surplus. They feel confident in asserting, that it is the best Gap in the Blue Ridge for 50 miles in either direction.

By order of the

COMMISSIONERS.

## Important Information

TO THOSE SUFFERING WITH

*Cholera Morbus. Diarrhœa. Summer Complaints, Colics, Cramps, and Spasms.*

THE utility of R. S. BERNARD'S *Remedy for Cholera* has ceased to be a problem. Experience, the only sure foundation of Medicinal, as on all other kinds of knowledge, has effectually established what the judicious composition of the Remedy, its admirable adaptation to the various indications which occur in the course of those diseases of the stomach, liver and bowels, usually designated as Cholera complaints, led the Proprietor to anticipate from the first of all experience, however, that of men competent to discriminate accurately and to decide justly upon the effects of a medicine, must be the best; and with such in its favor, even the most fastidious in these matters, must lay aside these prejudices.

The indications of cure are—to tranquilize the stomach and bowels: to relieve the excessive puking and purging; to allay the increased irritability of the intestines, giving rise to increased peristaltic motion; to relieve that rheumatic state of the bowels which is often the attendant of chronic cases sometimes accompanied with inflamation and ulceration; to overcome the spasms; equalize the circulation, and restore warmth to the surface; remove congestion of the internal organs; and to relieve the morbid irritability of the brain and nervous system; all of which has been effected by the use of *Bernard's Remedy for Cholera*; certificates of which have been given at various times of the efficacy in cases widely different in their origin and progress of each other.

☞ Look to the certificates; they are the best evidence that can be given.

The commendations which several liberal and intelligent Physicians have bestowed upon the Remedy, have already been published, and the subscriber has now the gratification of adding the following from a most respectable practising physician of Somerton, Va.

R. S. BERNARD

Somerton, May 14, 1837.

Mr. *R S Bernard.*

Dear Sir—This is to inform you I have tested the efficacy of your Remedy for the Cholera in several instances that have lately come under my care, and that its effect evince it to be a judicious preparation—one eminently serviceable. I will say *altogether competent* to cure the diseases for which it is recommended. I feel no hesitation, therefore, in declaring that for the treatment of such disorders, I shall regularly dispense your Remedy from my office, and would recommend it to be kept in all families liable to to these dangerous attacks.

You may use this certificate as you will!!

Yours, very respectfully,

W. L. PARHAM

This certificate was given to my agent, E. P. Nash, of Petersburg and for its importance, read Mr. Nash's remarks;

"As agent for Bernard's Cholera and Diarrhœ Medicine, I call the attention of the public to the certificate below from one of the most respectable gentlemen in the state; and I particularly call their attention to the one given by a gentleman in this town—and if it were necessary, I could produce a half dozen others from Petersburg, who have tried the medicine within two weeks past.

EDW. P. NASH

*Mr. Edward P. Nash,* Agent for Bernard's Cholera Medicine

Dear Sir: I feel it a duty I owe to the proprietor of the above medicine, as well as the public generally, to inform you that the bottle of Cholera mixture which I bought at your store a few evenings since, has entirely cured me of a severe Diarrhœa. The cure was effected in taking only two doses, and as I had tried many other remedies without the least effect. I am fully of the opinion that the medicine here alluded to is every thing that it is said to be.

JAS. S. WALLACE, Petersburg, Va.

Who will neglect to supply themselves with Bernard's Remedy for Cholera, when it is so fully *proven* to be efficacious in all the diseases for which it is recommended? In no case has it failed to cure the most obstinate attack of summer complaint made upon children. In one instance a permanent cure was effected upon a child in this place, after the summer complaint had put it (as thought by the doctors) beyond the power of medicine to relieve. It was such an aggravated case that the child had in the course of one day and night, sixty-three evacuations from the bowels. Yet one bottle proved a sovereign remedy.

This valuable Medicine is for sale in this place by J. & W. Murphy, in Lexington by John P. Mabry, in Charlotte by Williams & Boyd.

MY BUSINESS has become so much extended, and the amount of arrearages has become so great that I must *settle*. FOR A NEGRO BOY NAMED

## ARMSTEAD.

RANAWAY from the subscriber's farm, in Chester District, S. C., on the last of October, 1837, my boy named

## ARMSTEAD,

He was apprehended and committed to the Charlotte Jail. I sent and got him home about the 1st of November. He the next morning ranaway again, and pursued the same route and was committed to Salisbury Jail. I sent for him again and got him back about two miles South of Charlotte, when he broke away and made his escape. I suppose he is trying to get to Caswell county N. C., where he was raised. When he left me he said he got in with a North Carolina waggoner by the name of Wm. Browney, of Caswell county, who the boy said first conducted him off, and promised to take him where he was raised; and I suppose when he made his last escape he was making for that county. This boy is about 15 or 16 years of age, of a dark mulatto color, he is four feet 8 or 10 inches high, he is left handed and has a scar of a burn on his left wrist, and his left big toe is cut off above the nail. This boy when he was in Salisbury Jail, called his name George, and said he belonged to James Patterson, of South Carolina, which was the man I purchased him from. I will give the above reward for his apprehension in any Jail so that I can get him again.
