RUNAWAY. 50 REWARD.

ABSCONDED about the last of

October, from the subscriber, at that

time residing in Stokes County, N.

Carolina, my Negro man

COLEMAN,

27 or 28 years of age, and of a very bright

complexion. He is a Shoemaker by trade, has

a bushy head of hair, a thin visage,

is built and weighs from 135 to 140 pounds.

is a very large scion on one of his legs

an ankle believed to be the right leg,

scar on each arm just below the elbow occu-

ped by a burn. His heels have been frosty,

his injury has left scars upon them. Cole-

man a wife (a free woman) near Blakely,

and it is probable that he may be

at large, although many persons believe

he was decoyed off by a white man, named

John Young, who left the neighborhood about

time for Indiana. I will give a re-

ason to any one who will de-

termine me near Brook Neal in Camp-

County Va. or will confine him in jail,

1st gen. in my possession.

ON LOW SPIRITS.

Low spirits is a certain state of the mind,

accompanied by indigestion, wherein the

mind is apprehended upon the slight

and the worse consequences imagined.

Medical writers supposed this disease

confined to those particular regions of the

body technically called hypochondria which

are situated on the right or left side of that cavity

which bears the name hypochondriasis.

SYMPOTMS.

The common corporeal symptoms are flatulen-

ces, stomachic pains, acrid eructations,

spasmodic pains, giddiness, dimness

of sight, palpitation, and often an utter inability

to engage in any thing that de-

mands courage. Also languidness—

and sometimes irritable, thoughtful, despond-

ent, and dejected, accompanied with

arrangement of the nervous system—

mortal feelings and peculiar train of ideas

and the imagination and overwhelm-

ing the body.

the judgment exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest.

CAUSES.

A sedentary life of any kind, especially es-
pecially protracted to a late hour in the night,
and rarely relieved by social intercourse, or ex-
ercise, a dissolute habit, great excess in eating
and drinking, the immoderate use of mercury,
violent purgatives, the suppression of some ha-
bitual discharge, (as, the obstruction of the mem-
branes,) or long continual eruption; relaxation or
debility of one or more important organs within
the abdomen, is a frequent cause.

TREATMENT.

The principal objects of treatment are, to re-
move indigestion, to strengthen the body, and
enliven the spirits, which may be promoted by
exercise, early hours, regular meals, and
pleasant conversation. The bowels (if consti-
tuted) being carefully regulated by the occasional use
of a mild aperient. We know nothing better
calculated to obtain this end, than Dr. William
Evans' Aperient Pills—being mild and certain
in their operation. The bowels being once
cleansed, his inestimable Camomile Pills, (which
are tonic, analgesic, and anti-spasmodic) are an
infallible remedy, and without dispute have
proved a great blessing to the numerous public.

Some physicians have recommended a free
use of mercury, but it should not be resorted to;
as in many cases it will greatly aggravate the
symptoms.

Read the following interesting and as-
tonishing facts.

ASTHMA. THREE YEARS STANDING.—Mr Robert Monroe, Schuykill, afflicted
with the above distressing malady. Symptoms:—Great languor, flatulence, disturbed rest, nervous headache, difficulty of breathing, tightness and stricture across the breast, dizziness, nervous irritability and restlessness, could not lie in a horizontal position without the sensation of impending suffocation, palpitation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr R. Monroe gave up every thought of recovery, and dire despair sat on the countenance of every person interested in his existence or happiness, till by accident he noticed in a public paper some cures effected by Dr. Wm EVANS' MEDICINE in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wished to say his motive for this declaration is, that those afflicted with the same or any symptoms similar to those from which he is happily restored, may likewise receive the inestimable benefit.

A CASE OF TIC DOLOREUX.

Mrs. J. E. Johnson, wife of Capt. Joseph Johnson, of Lynn, Mass., was severely afflicted for ten years with the following distressing symptoms: Acid eructation, daily spasmodic pain in the head, loss of appetite, palpitation of her heart, giddiness and dimness of sight, could not lie on her right side, disturbed rest, after inability of engaging in any thing that demanded vigor or courage, sometimes a visionary idea of an aggravation of her disease, a whimsical aversion to particular persons and places, groundless apprehensions of personal danger and poverty, an irksomeness and weariness of life, discontented, disquietude on every slight occasion, she conceived she could neither live nor die, she wept, lamented, despaired, and thought she led a most miserable life, never was one so bad, with frequent mental hallucinations.

Kenny had the advice of several eminent physicians, and had recourse to numerous medicines, but could not obtain even temporary relief at present as she did at any period of her exis-
tence. Mr Kenny had the advice of several eminent physicians, and had recourse to numerous medi-
cines, but could not obtain even temporary relief at present as she did at any period of her exis-
tence. Mr Kenny, husband of the aforesaid Anne Kenny, was a white woman near Blakely, and it is probable that he may be at large, although many persons believe he was decoyed off by a white man, named John Young, who left the neighborhood about time for Indiana. I will give a rea-
son to any one who will de-
termine me near Brook Neal in Camp-
County Va. or will confine him in jail, 1st gen. in my possession.
