

HORRID MURDER.

As one of our Citizens, Mr. Fullenwider, on Tuesday was at his plantation, at the High Shoals on the Catawba, he noticed a Negro fellow on a horse, fording the River. From his actions Mr. Fullenwider suspected something wrong, and on his landing questioned him, and from his hesitation, and other appearances, immediately arrested him, and brought him to Lincoln Jail. We have since heard that Mr. John A. Forsyth, a respectable citizen of Iredell County, was passing through the county on his way to Alabama with this and several other negroes, and on Sunday night last was brutally murdered while in his tent asleep, having his brains dashed out with an axe. The negro, then, took one of the horses & made his escape, while the others alarmed the neighborhood. From all the circumstances and his confession since his arrest, Anner the prisoner is believed to be the Murderer.

Much credit is due to Mr. Fullenwider for his spirited conduct.—Whig Banner.

"Another abuse injurious to Agriculture, is the contempt cast upon the husbandman by the inhabitants of cities. Even the most servile artists, and the most lazy citizens, consider him that cultivates the earth with a disdainful eye; they humiliate and discourage him. They dare to despise a profession that feeds the human race; the natural employment of man? A little insignificant stay maker of beer seller, places far beneath him the beloved employment of the first consul and dictators of Rome. China has wisely prevented this abuse; Agriculture is there held in honor; and to preserve this happy manner of thinking, every year, on a solemn day, the Emperor himself, followed by his whole court, sets his hand to the plough, and sows a small piece of land. Hence China is the best cultivated country in the world. It nourishes an innumerable multitude of people, that at first appears to the traveller too great for the space they possess."—Vattel's Law of Nations.

Robert Dale Owen, a defeated candidate of the Loco Foco party for Congress in Indiana, is now in the field as a candidate of the same party for Governor of that State. In his Address to the People, he speaks of the Bible as a book of "marvels and mysteries," and "imaginary adventures," the invention of "ignorant men." He says that Christ was a "Democratic Reformer"—"too wise and too amiable to be understood or appreciated by those who undertook to write his history"—meaning the Apostles. This Mr. Owen denounces the institution of matrimony as a relic of superstition—and has in times past, if he does not now, advocated a communion of property. And yet he is the acknowledged leader of the Loco Foco party in Indiana the papers of which party applaud his late address as a vindication against the attacks of "Pharisaical hypocrisy." We note this incident as one of the signs of the times, from which the people may take warning, before it be too late. Lynchburg Virginian.

TO OWNERS OF MILLS.

THE Subscriber has an improved Patent "SPINDLE" for Mills, by which a mill will do much better than the usual form of Spindle. It is so constructed as to keep from heating or killing the meal in any manner. The runner is so confined by the Spindle as always to preserve its balance, and of course there is no rubbing of the stones.

I think, by this improved Spindle, the same water will do at least one third more business, and the meal of superior quality. Any person wishing to use one of these Spindles, may obtain one or more, by making application, (within a short time) to the Subscriber at Mechanics, Davie Co. N. C. I think the probable cost will not exceed \$30 for the Patent and Spindle ready for use.

The following persons have my patent Mill Spindle in successful operation:—Gid. W. F. Kelly; Thos. Foster, Joseph Hall and Samuel Foster, of Davie County; Gilbert Dickson and David J. Ramsour of Lincoln; Charles Griffith of Rowan; Addison Moore of Davidson, and William Doss of Surry, all of whom are highly pleased with its performance. L. M. GILBERT, November 8, 1839—1f15

THE NEW WORLD.

A Weekly Newspaper devoted to one and for sign Intelligence, Literature and the Arts. EDITED BY PARK BENJAMIN, RUFUS W. GRISWOLD, Late Editors of the Brother Jonathan.

On Saturday, the 19th of October, was issued a specimen number of a new weekly sheet entitled "THE NEW WORLD," and on the 26th of the same month, commenced the regular publication, under that title, of the largest, cheapest, and most elegant periodical in America. Its Editors were the originators, and, until the commencement of the present publication, the conductors of the "Brother Jonathan," and they bring to their aid the experience acquired in that popular journal, and greatly increased facilities, of every kind, derived from newly opened foreign and home correspondence, agencies, &c. In addition to all the popular periodicals of this continent, they will receive regularly from London, Edinburgh, Dublin, and other European capitals, the most celebrated literary journals, such as the Monthly Chronicle, the Monthly, the New Monthly, the Gentleman's, Frazar's, Blackwood's, the United Service, the Asiatic, Tait's, and the University Magazines, Bentley's Miscellany, The Court Journal, The Court Gazette, La Bella Assemblee, The Era, The Satirist, The Age, The Examiner, the Writings of Dickens, the Quarterly, the Foreign Quarterly, the London, the Edinburgh, and the Dublin Reviews, &c. &c. &c.

From all these, and from every other new work of merit, the best selections will be given immediately after their reception, and thus the spirit of contemporary literature, in the Old World and the New, placed in the reach of even the poorest and most humble.

While the Editors will make the most early and copious selection from literary productions, they will not be forgetful of the necessity of presenting ALL THE NEWS of the time, in a perfect and faithful digest. They will especially aim to make THE NEW WORLD worthy of its name from its perfect compilation of Domestic News as well as intelligence from all parts of the Western Hemisphere. Our newspapers, in general, contain full accounts of all that happens in the Old World, even to the most trivial occurrences, which can be of little or no interest to our people; while they omit or neglect much that is of consequence from the various countries of the New.

The editorial articles of THE NEW WORLD, while they will be rigidly free from all political or sectional bias, will generally be upon topics of immediate interest, and have direct reference to passing events—to the times and the country.

The Editors will carefully avoid the profligate tone which characterizes most of the journals in speaking of the returns of crime and wretchedness, which fall under the eye of the municipal police. They can see nothing humorous or witty in such pictures of sinfulness and degradation. No ludicrous accompaniment of incident or language can make them smile at the frantic vagaries of intemperance, the dreadful examples of female prostitution, suffering and despair, or the penal violations of social order by the ignorant and the imbecile. They can only see in such "counterfeit presentations" the defaced and defiled ruins of what was made in the image of the Most High—the perverted and imbruted soul of man—its divine properties lost, its energies degraded and its celestial essence polluted with bestial slime.

With the most ample assistance in every department; with resources more than sufficient, and friends numerous and true; with a bold and incensitiveness to exertion, and every evidence and assurance of the most triumphant success before it, THE NEW WORLD, starts into life, and will long gladden and enlighten the firesides of every portion of our great country.

Price of "THE NEW WORLD" \$3 per annum, payable in advance. Two copies will be sent for \$5 to any part of the city or country. All letters relating to the editorial department of the NEW WORLD, to be addressed to BENJAMIN & GRISWOLD; those intended for the publisher, to J. WINCHESTER, No. 23, Ann street, New York.

A HIGHLY IMPORTANT CALL TO THE PUBLIC BY DR. W. EVANS, 100 CHATHAM STREET.

Disease general and special—Cancer, Scrophulous, &c. Beware lest ye stumble.

DOCT. WILLIAM EVANS, 100 CHATHAM STREET.

Chatham street avails himself of the present occasion to tender his most unfeigned acknowledgments to the numerous members of society who have conferred upon him the praise and honor which has been his lot. He has the satisfaction of knowing from many living evidences, that his remedies have done their duty as far as lies within the compass of human means. How distressing the afflicted in Dyspepsia or indigestion, judging all the sources of their enjoyment, and being in many instances to the miseries of confirmed Hypochondriasis. Long as it has been the subject of inquiry by medical authors, it remains in much obscurity—A palsy, attended with the Liver, Kidneys, Spleen, Stomach, and Testicles, Bladder and its appendages, Dysuria, Dysentery, "Cancer Ventris," &c. &c. has been singularly successful in the treatment of the above diseases, by remedies drawn from his own and the researches of the most distinguished medical men in the world. He has also had experience and success through the whole family of delicate diseases, the more tedious species of which are aggravated by and caused the constitution through the false conception of Mercurial poisons, unprincipled, uneducated, and unpracticed, in any art save that of attending to lead the credulous victim on the road to ruin. Dr. Evans' office, 100 Chatham street, is supplied with the choicest remedies from home and foreign markets, and conducted by a physician's hand on scientific principles. A physician is always in attendance, and a private consultation with him is free of charge. All those who come there in the hour of distress will go off rejoicing.

LIVER COMPLAINT, OF TEN YEARS STANDING—Mrs. HANNAH BROWNE, wife of Joseph Browne, No. 176 St. Second st. Williamsburgh, N. York.

restored to health through the treatment of Dr. Wm. Evans. Symptoms:—Habitual constipation of the bowels, total loss of appetite, existing pain of the epigastric region, great prostration of spirits, languor and other symptoms of extreme debility, disturbed sleep, morbidness of the nerves, pain in the right side, could lie on her left side, without an aggravation of the pain, urine high colored, with other symptoms indicating great derangement in the functions of the liver.

Mrs. Browne was attended by three of the first physicians, but received but little relief from their medicine, till Mr. Browne procured some of Dr. Wm. Evans' invaluable preparation, which effectually relieved her of the above distressing symptoms, with others, which it is essential to intimate.

JOSEPH BROWNE City and County of New York, es. Joseph Browne, Williamsburgh, Long Island, being duly sworn, did depose and say that the facts as set forth in the within statement, which he has subscribed his name, are just and true.

JOSEPH BROWNE Husband of the said Hannah Browne. Sworn before me, this 4th day of January, 1839. PETER PINCKNEY, Com. of Depts.

Another recent test of the unrivalled virtue of Dr. Wm. Evans' Medicines—**DISSOLVED TEN YEARS STANDING**—McKenzie, 176 Stanton street was afflicted with the above complaint for ten years, which incapacitated him at intervals, for the period of years, in attending to his business, rendered perfect health under the salutary treatment of Dr. Wm. Evans.

The Symptoms were:—A sense of distension and oppression after eating, distressing pain in the pit of the stomach, nausea, impaired perspiration, palpitation of the heart, great debility and emaciation, depression of spirits, distressing, sometimes a bilious vomiting, and pain in the right side, an extreme degree of coldness and faintness; any endeavor to perspire his illness causing immediate exhaustion and weakness.

Mr. McKenzie is daily attending to his business, and none of the above symptoms have recurred since he used the medicine. He is now a strong and healthy man. He has resorted to various remedies, but they were all ineffectual. He is willing to give any information in the afflicted respecting the inestimable benefit rendered to him by the use of Dr. Wm. Evans' medicine.

A Real Blessing to Mothers

Dr. Wm. Evans' Celebrated soothing Syrup for Children Cutting their Teeth.

Infants infatigably remedy has preserved hundreds of Children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores of the nursery, where there are young children, if a child wakes in the night with pain in its gums, the Syrup immediately gives ease, opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

Proof positive of the Efficacy of Dr. Wm. Evans' soothing Syrup.

To the Agent of Dr. Evans' Soothing Syrup, Dear Sir:—The great benefit afforded to my suffering infant by your soothing Syrup, is a source of protracted and painful dentition, must convince every feeling parent how essential an application of such an invaluable medicine to relieve infant misery and torture. My fair, while teething, experienced such distressing sufferings, that it was situated with convulsions, and my wife and family supposed that death would soon release the babe from agonizing pains. We procured a bottle of your Syrup, which was applied to the gums, a wonderful change was produced, and after a few applications, the child displayed obvious relief, and by continuing its use, I am glad to inform you, the child has completely recovered and no recurrence of that painful complaint has since occurred; the teeth are emanating easily and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgment public, and to gladly give any information on this circumstance.
