WEEKLY MADISONIAN,

For the next Session of Congress. THE approaching session of Congress will doubtless, be one of great interest. It will close up some, at least, of the affairs of Mr. Van Buren's administration, and usher in the more auspicious dawn of a new and better order of things. The scenes in Congress will probably be exciting. On one side we shall see the struggles of an expiring faction, and on the other a triumphant party, armed with the confidence of the peoper, imposing judicious restraints upon the convulsive threes of their opponents, and shield ing their country as far as possible from the dangers of malignant and reckless violence, and endeavoring to avert the embarrassments which defeated men, stung with disappointment, will seek to throw in the way of the new administration. On the third of March next, 12 o'clock, P. M., Mr. Van Buren's doll star will vanish, and immediately in its place shall we behold the rising sun of HARRISON.

On the 4th of March, General Harrison, as President of the United States, will attend in he Chamber of the House of Representatives to take his oath of office, according to the direc tion of the Constitution. On his entrance, as on the entrance of Washington, and Jefferson, and Madison, the audience will not be able to stifle their disposition to applaud. Having taken his seat on the elevated chair of the Speaker of the House of Representatives, the Vice President, Mr. Van Buren, (if present,) and the Sec-retary of the Senate on his right, the Speaker and Clerk of the House of Representatives on his left, and the Chief Justice of the United States and associate Judges at the Clerk's table, he will proceed to deliver his inaugural speech, after which he will receive the oath of office from Mr. Taney, Chief Justice.* He will then retire, and such huzzas will go up from the multitude around the Capiotl as have never been heard. Such will be among the interesting incidents which will occupy the columns of the Weekly Madisonian. The paper will contain leading speeches, spirited sketches of the debates, and a summary of the results of the proceedings in Congress, together with the general and politi cal news of the day. It will contain the official returns of the vote in the Electoral Colleges for President, which will be opened in the presence of Congress, and the Inaugural address of the President. This will include the time comprehended between the opening of Congress in December, and its adjournment on the 4th of March. Subscription price for this period FIFTY CENTS. Terms cash, in advance. Bank notes of every description received at their specie value. Postmasters will act as agents, and be allowed a commission-they are also authorized by the Desubscriptions under frank. pariment Leu s free, or postage paid. HOMAS ALLEN.

BRANDRETIPS PILLS

THE unprecedented success which has re sulted from the adoption of Brandreth's Pills, durling a period of upwards of 35 yearsthe numerous and extraordinary cures which they have performed upon hundreds of individuals whom they have rescued from almost inevitable death, after they have been pronounced incurable by the most eminent of the facultyjustify Dr. Brandreth, the proprietor of this Vegetable Universal Medicine, in warmly and conscientiously recommending it to the especial notice of the public.

Dr. Brandreth wishes mankind to consider this truth, that health solely depends on the state of purity in which the blood is kept, every part of the body being supplied daily with new clood from the food consumed, consequently, according to the purity of that blood, su must the state of the body be more or less healthy. To obtain, therefore, the most direct purifier of the blood, is

a question of no little importance to every indi vidual

That Brandreth's Pills are the most direct purifiers of the blood there will be no doubt when it is considered that they have gained their present very extensive sale by their own intrinsic merit, proved by the numerous cures which they have accomplished in every variety of disease. The peculiar action of these pills is most sorprising-their operations being more or less powerful, according to the pureness of the circulating fluid. On a person in a fair state of health. who is only costive or slightly billious, they will be scarcely felt-on the contrary, if the complaint be chronic, and the constitution much deranged, the effect generally at first is most powerful, until the system be freed from some of its most vitiated and targit humours. This accomplished, dose sufficient to cause two or three evacuations daily, will soon remove the disease, and the constitution will be restored to a state of health and renewed vigor.

The thousands who use and recommend these pille, is proof positive of their extraordinary and beneficial effect. They in fact assist nature to do all she can in the curing every form and symptom of the only one disease to which the human frame is subject, namely : impurity of the blood or in other words, and impure state of the fluids. These pills do indeed "assist na tore" to all she can do for the putification of th human body ; yet there are numbers whose cases are so bad, and whose bodies are so much debilitated, that all that can reasonably he expected is temporary relief, nevertheless some who have commenced using the Pills under the most trying circumstances of bodily affliction, when almust every other remedy had been allogether unavailing, have been restored to health and happiness by their use. Dr. Brandreth has to return thanks to a generous and enlightened public for the patronage they have bestowed on him, and he hopes by preparing the medicine, as he has ever done, to merit a continuation of favors.

Dr. Brandreth's office is now kept at the subscuber's Boot and Shoe store, 6 doors below the Market Main street, Richmond, Va. where the Pills can be obtained at 25 cents per box.
