The Bankrupt Law!
HAVING taken considerable pains to acquaint myself with the provisions of the Bankrupt Law, lately passed by Congress, I beg to tender my services to such as may wish to avail themselves of its benefit. I shall attend the United States Court of this District, and if necessary, the Circuit Court also. Persons wishing to avail themselves of my services, can see me on the approaching Sixth Circuit of the Superior Court; and afterwards, I shall be found in my office in Salisbury.
H. C. JONES.

N. B. I take this occasion to correct a prevailing error concerning this Law; many persons find fault, and say that no one, except such as owe to the amount of Five Hundred Dollars, can claim its benefit. This is a mistake, for it embraces "all persons" owing debts who are unable to "meet their" "no matter how small the amount."

George W. Davis,
Commission and Forwarding Merchant
WILMINGTON & FAYETTEVILLE N. C.

THE undersigned is now prepared to receive Goods at Wilmington, and forward the same to his Agent at Fayetteville, who will forward to the Owners in the best manner. He has a large Warehouse at the River, where Goods will be stored free of charge, and the owners subjected to all the usual charges from the River to Fayetteville, without lessening the expense on Goods much below the usual charge. As his Warehouse is isolated from all other buildings, the danger of Fire will be a thing in comparison to the risk incurred from being situated in town. Those who may favor him with their business, may rest assured that every attention will be paid to the promotion of their interest.

From the Washington Globe

We feel it our duty to insert the following commendation in our columns, inasmuch as the efficacy and great success of Dr. Kuhl's Restorer is well known to us:
"You will please to notice in your paper the following certificate:
"I hereby certify, that about the first of January, I was taken with the worst paralysis and infirmity of the arm and hand that ever was inflicted on mankind. So far as I can learn, the use of every thing was taken from me, besides a temporary swelling of every joint, fever, with the same, and attended with the most excruciating pain I had ever endured. I tried all remedies that were recommended for the same, but to no effect. I, by accident, was informed that Dr. Kuhl was at Orange Court House. I went for him immediately, and by applying his medicines, I felt a change in less than an hour after he came. The medicines used, were the Restorer of the Blood, Aromatic Extract, Gold-Mine Balm, Universal Plaster, and Depurative Powder. I therefore recommend his treatment to all those labouring under affliction, as given under my hand and seal, this 14th day of March, 1837."
"JOHN PEYTON, [c. s.]

"Near Orange Court House Virginia."
D. Kuhl, notwithstanding the statement in the above certificate, wishes to be understood, that in general, cures cannot be effected within an hour, although a person may be much benefited within that time of the use of his medicines. He feels it, however, necessary to give the following extract of a letter from his Agent at Orange Court House, dated May 19th, 1837.
"Dear Sir - I saw Mr. John Peyton to day, and he looks better than I ever saw him. He says it had not been for your medicines he should have been under ground. He requested me to tell you that you had saved his life, for one time, and to present his respects to you.
"Your Restorer is the leading medicine in this country, and many cures of importance have been effected in this neighborhood by the use of your medicines. I have had a great number of venereal cases, and many of long standing, and always effected, by means of your Vegetable Antiseptic Syrup or Aorissina Mixture, a particular cure, and that in a short time.
"Ashborough, N. C., July 13, 1842.
Dr. Kuhl, Raleigh.

Dear Sir - I think your Medicines are about to take a step in this country, from the fact that they effect a cure which seems to have baffled the skill of the physicians in this section for a year or so. The subject is Mr. Nathaniel N., who has been afflicted with the Liver Complaint, attended with some other complaints, - viz, Pleurisy and Dyspepsia. He has taken one bottle of the Restorer together with the Aromatic Extract and Depurative Powder. He has taken four bottles, much relieved. He has so far recovered, and is to follow the preparation of his firm with full confidence. He says he wishes to call on you to attend to one your Medicines, and is recommending them to the afflicted.
I would be glad you would send me a supply very soon, of the signs of Restorer, Aromatic Extract, and Agriasia Mixture, as a vast number of persons are taking them now.
Respectfully yours,
J. M. A. DRAKE.
