Resolved, That the proceedings of this meeting be published in the Evening Mercury, Pennsylvanian, American Sentinel, Democratic Union, Washington Globe and Madisonian, and all other Democratic papers of the Union."

This will be the universal sentiment of the honest Democracy of Pennsylvania. To ask them to support a FREE TRADE man is just about as reasonable as to ask Southern men to support a red hot Abolitionist for President. No, gentlemen, you cannot make the democrats of Pennsylvania believe that Poke-root is Protection.

JAMES K. POLK. The last paper issued from the " Joint Stock Concern" contains a letter from Judge Saunders, in which occurs the following extract: "In voting for such a man, the descendant of Col. Thomas Polk, one of those bold patriots who signed the first Declaration of Indepenthe 20th May, 1775, I felt I was discharging a

cond Congressional District." FALSE; but notwithstanding he could send it to the world as the truth, to aid in building up a

sinking party. It was not our intention to drag into the present centest any other argument than what might springsfrom the examination and comparison of the principles advocated by the two parties; but as an attempt is made to deck the candidate of the Locofoco party in plumage "hooked" from go to the world as truth or deny it.

It is well known to many of our citizens that James K. Polk is not a descendant of Col. Thomas Polk, the Chairman of the Mecklenburg Convention; but is a grandson of Ezekiel Polk, a brother of the Colonel, who WAS A TORY during our Revolutionary struggle, or what is considered the same same thing, he took protection from Lord Cornwallis, and had no part nor lot in forwarding the Mecklenburg Declaradependence. This transaction made the Whigs believe that he was opposed to the struggle for liberty, and he was carried by them in company with other Tories to Greensborough facts are denied we can prove them by the testimony of living witnesses. It is also stated that Col. Tho, Polk, who was in the army, would not speak to him, but cried like a child to think that a brother of his had forever disgraced himself. And we were informed the other day by a gentleman of unquestioned veracity, that he recollects very well hearing the old people in his neighborhood state, years ago, that Eze-kiel Polk, not only took protection from Lord Cornwallis, but he piloted the British about while in his neighborhood, and no doubt aided them in other ways. We will here state another circumstance which was related to us a day ortword, by two gentlemen, and shows in what estimation Ezekiel Polk was held by the people above referred to; it is this: The County Court | State action." appointed him to fill the office of Sheriff—this so entaged the people of the county that he had to vacate the office, the people not suffering him to transact business for them. And this is the ancestor of the man, who has been nominated by the party who takes pleasure in calling their pponents British Whigs and the descendants of

This fellaw-citizens is a true statement of the conduct of James K. Polk's immediate ancestor in 1775, and who bore no part in the glorions transaction that has surrounded the Patriots of Meck leafburg with a halo of glory which will last as long as the sea shall roll a wave or the earth bear a plant—and in standing aloof Eze-kiel Polk acted a recreant and unworthy part and has branded his name with eternal infamy. Charlotte Journal.

The substance of this article published at the lace, where the facts occurred, and where there are some living witnesses yet, and thousands of traditionary ones, and not contradicted by the Democratic papers of this State must be considered as true !- ED. C. WAT.

O. No man who receives this paper, should by any means fail to read Mr. CLAY's speech, which is commenced on the first and ended on the fourth page. It is clear, pure and noble.

Expedition Against Mexico .- An expelition headed by Gen. Santmanat, an exled Mexican, and consisting of from 80 to 200 men, as it is variously stated, sailed from New Orleans on the 25th ult. with the design to invade and revolutionise the Mexican State of Tobasco! This a daring outrage, considering that the United States are at peace with Mexico. But it is the natural result of Locofocoism, which would re-annex Texas and rob Mexico of several of her provinces and many of her cities, by purchasing them from Texas which has no right to sell them, having never owned nor had possession of them; and of Tylerism, which sends our Army and Navy to operate with legas against the same friendly nation. Considerate men, who are opposed to the summary and unlawful mode in which Locofocoism accomplishes its ends, should go to the ballot box, and help to deprive it of the power to do mischief .- Fay. Obs.

Stas Wright's Brother.—Some of our citizens will, doubt, remember a vagrant who visited Columbia some two years ago, representing himself as the brother of the Hon. Silas Wright. We believe he condescended at that time to borrow several small sums of money from the Hod. Silas particular friends, for his immediate neesties, which were very pressing. As they have, most robably, never heard any thing of their money, it may e gratifying to hear of their beneficiary. The following count is capied from a northern paper:—So. Chronicle.

The improvement which makes these machines superior in a southern and even northern country, is an open cylinder with wrought iron spikes securely screwed in, thereby obviating the danger of the spikes flying out, as sometimes happens with close cylinders, which greatly endangers the lives of the operatives. An instrument called a "shaker" separates the wheat from the straw. The horse power is a decided improvement, as there are but two cog-wheels, and a band working horizontally. which greatly reduces the friction, and consequently the

Of these machines no fears need be entertained as to heir performance, for the reason of their having been tried successfully by the agent.
