

THE WATCHMAN. Salisbury, November 9, 1844.

THE GREATEST VICTORY YET. OLD ROWAN ERECT!

Never in all our lives have we undertaken with such heart-felt pleasure, to make good the result of any victory gained by the true Republicans of our land, as the triumph of last Monday's Election affords. It is in every respect, a triumph of law and Order over Locofoco Agrarianism—a victory over the political enemies of our own prosperity—over the enemies of the Tariff—and over the friends of foreign interests. Every Locofoco who might have had the least influence, was traversing the crowd of People, which thronged our Town on Monday, dealing epithets, the like of which, we think never before equalled—such as Tory, Federalist, Duelist, Gambler, &c., against every Whig. But notwithstanding all these low, mean and despicable efforts of the party, the People could not be induced to desert the man, who in every time of need, has stood firm and as unflinching as the rock of Gibraltar, fighting in their cause; but as our readers will see, by comparing the vote with that of August, gave us a victory that has gained us the assurance of a far more brilliant achievement throughout the length and breadth of our State! Well done Whigs of Rowan, for your devotion to the cause of the country, you deserve a monument of marble as high, and as durable as the skies. Here are the returns, and well may every Whig rejoice.

Table with columns for County, Clay, Polk, Graham, Hoke. Lists results for Rowan, Davie, Davidson, Anson, Stanly, Montgomery, Richmond, Rutherford, Iredell, Burke, Lincoln, Randolph, Wake, Johnston, Franklin, and Orange counties.

HALIFAX COUNTY. The vote in this county as far as heard from stands: For Clay, 232 Polk, 85. CUMBERLAND COUNTY. For Clay, 703 Polk, 1101. Graham, 602 Hoke, 1070.

These returns indicate a large majority in North Carolina for Mr. Clay—probably 8,000! We have not time to ascertain how much he is ahead, nor what is the Whig gain since August. This the reader must do for himself.

South Carolina Election.—The entire delegation in the New Congress will be as follows: All locofocos.

- 1. Jas. A. Black. 2. Richard F. Simpson. 3. Joseph A. Woodward. 4. A. D. Sims, vice John Campbell. 5. Artemas Burt. 6. Isaac E. Holmes. 7. R. Barnwell Rhett.

We have lately seen a suggestion by some wag, in considering the movements of the hot-spurs of South Carolina, that a big ditch be cut around the State, and then prizing it loose let it float off to Texas. The discoverer of this grand scheme, through charity for the Whigs in that State, says they can jump over into North Carolina or Georgia.

MISSISSIPPI. Will you do me the favor to enquire of your contemporary of the Mecklenburg Jeffersonian whether it was Jas. K. Polk's Grandfather or the Democratic Elector who lost the Democratic candidate for President one hundred and forty-four votes in the county of Mecklenburg in the late election.

We shall print a few extra copies of the Watchman for two or three weeks, giving the election returns as they pour in from the different parts of the Country. As we do not suppose any gentleman would wish to receive our labor for nothing, we will sell them at five cents apiece.

GREAT STORM ON LAKE ERIE.

We notice in our exchanges distressing accounts of a storm on lake Erie, which was terrific in its effects. It commenced about 12 o'clock, on the night of the 17th Oct., and the wind continued to blow very heavily all night. Next morning the canals and flats, at Buffalo, were found strewn with dead bodies. At 1 o'clock thirty seven had been picked up. Houses were blown down, and property destroyed; and the injury done to the shipping is very considerable. How many lives have been lost, God only knows.

The name of the Post Office at Marion, Montgomery county, N. C., has been changed to that of "McCallum's Store,"—at the same place—Edward McCallum, Esq. Postmaster.

If you would succeed in business make yourself and your profession as extensively known as possible; and if you would do this expeditiously and on the cheapest plan, you must patronize the printer.—There is no other way.

Vermont.—The Hon. Samuel S. Phelps has been re-elected a Senator of the United States from the State of Vermont for six years from the 4th of March next, when his present term expires. The vote in the Legislature stood: S. S. Phelps 120, S. S. Brown 72, George P. Marsh 21, C. K. Williams 9, W. Shade 4, scattering 2.

We are requested to announce the name of Mr. John P. H. Ross, of McDowell, as a candidate for the appointment of Engraving Clerk.

FROM BUENOS AYRES. We have the British Packet newspaper to the 31st August. Colonel Mancini, of the army of Rosas, had a brush with one of the Montevidean outposts, very near the town, on the 29th, and the packet represents that the Montevideans were defeated with the loss of one hundred killed and wounded.

There were late accounts from Rio Janeiro, and the Packet says that rumors of war between Brazil and the Argentine Government had wholly subsided. It also says that the Brazilian Government had forbidden Paz and his associates to quit the capital, and that the Montevidean Colonel Caceres had been taken out of a Brazilian steamer at Rio Janeiro just as he was leaving for Rio Grande.—Boston Daily Ad.

FROM MEXICO. The brig J. W. Huntington arrived yesterday from Vera Cruz. This arrival confirms the advices of the release of one hundred and four Texian prisoners. Governor Shannon presented his credentials to the President on the 3d ultimo. The latter was attended by the four Secretaries, and the audience lasted some time. One of the men who was concerned in the robbery of the Ambassador has been arrested—a hundred ragoons having been despatched in search of them as soon as the intelligence reached Puebla. New Orleans Republican.

The Van Buren (Ark.) Intelligencer of October 6th says: We learn from a gentleman just from Texas that the inhabitants of the northeastern portion of Texas are suffering greatly for want of provisions, and that the water in that region has almost totally failed. Large numbers of emigrants are returning, through this place, to Missouri, that went out last winter and spring.

A PRACTICAL JOKE.

'How use doth breed a habit in a man.' Every body has noticed the truth and point of this exclamation. We remember an instance:

A gentleman of considerable talent as an orator, became a member of the legislative body in one of the eastern States. In speaking, he was addicted to an old habit of handling his spectacles, first placing them on his nose, suffering them to remain a minute or two—throwing them up on his forehead and finally folding them up and laying them before him upon the desk.

One day, a very important question came up for consideration, and he commenced a speech in opposition. A friend to the proposed measure, who was a most incorrigible wag withal, determined to spoil the effect of the honorable member's remarks, and accordingly, before he entered the House, provided himself with a dozen pair of spectacles. The member commenced his speech, with his usual ability. But a few minutes had elapsed before he was at work with his spectacles, and finally got them upon his forehead. At this juncture, our wag, who stood by his forehead, by the side of the others.—A third, fourth and fifth pair were disposed of in the same manner. A smile settled upon the countenances of the honorable members, which gradually lengthened into a grin, and at last, when the speaker had warmed into one of his most patriotic and eloquent sentences, he deposited a sixth pair with the others, and there was one long and loud peal of laughter from all quarters of the Hall—President, clerks, messengers and members, joined in one chorus. The speaker himself looked around in astonishment at this curious interruption; but accidentally raising his hand he grasped the spectacles, and the whole force of the joke rushed upon his mind. He dashed the glasses upon the floor, took up his hat and left the hall.—The bill passed by a triumphant majority, probably in consequence of the gentleman's silly and useless habit.—Cincinnati News.

The Kingston Convention—a vote lost to Mr. Polk.—A delegate to the Locofoco Convention at Kingsport got caught in a bad box in this county a few days since. On his way down from the great meeting, he made bold to enter the stable of a worthy citizen of this county, and take therefrom a horse, saddle and bridle, in the night time, and without the knowledge or consent of the rightful owner. He was pursued, arrested and brought back, and we learn made a full confession of his guilt.

On his trial, which took place before Esq. Boothe, he did not appear to evince much contrition for his crime, but on the contrary seemed to consider it a very trivial affair. In reply to a charge made against him by a Locofoco during his examination, of his being a Whig, he replied that he had once been a Whig, and was then an honest man; but he had changed his principles, become a Locofoco, spent all his money at Locofoco gatherings, and on his way from the Kingsport meeting had concluded to try his hand at horse-stealing. He was fully committed for trial before the Circuit Court which commenced its session in this place this week; and he bids fair to occupy at Nashville a place similar to that of the illustrious Dorr of Rhode Island, who is incarcerated in the Penitentiary of that State, a martyr to Democratic principles.

The fellows name is Nixon. His story has a moral to it that all can understand.—Knoxville (Tennessee) Register.

BUCKWHEAT CAKES.—As this is the season for buckwheat cakes, the following recipe will at this time be valuable to those who are fond of them; a friend, who has tried the experiment, says it makes decidedly better cakes, with half the trouble necessary in the usual mode of raising them with yeast: To three parts of buckwheat flour, mixed into batter, add one teaspoonful of carbonate of soda, dissolved in water; add one ditto of tartaric acid, dissolved in like manner; first apply the carbonate, stir the batter well, and then put in the acid; thus the use of yeast is entirely superseded, and cakes "as light as a feather" are insured. One great advantage is, that the batter is ready for baking as soon as it is made.—Columbia Spy.

SALISBURY MARKET. Cotton, 5 a 5 1/2; Bacon, 7; Beeswax, 25; Butter, (foreign), 8; Fresh country, 10 a 12 1/2; Corn, 25; Lard, 9 a 10; Sugar, 8 a 10; Molasses, 50; Salt, 30 per sack; Bagging, 15 a 20; Rope, 7 1/2 a 9.

CHERRAW MARKET.—REMARKS. Cotton.—The market during the past week has been active with large receipts for the season. Principal sales have ranged from 5 1/2 a 6—extremes 4 1/2 a 6. Bacon.—We have no change to notice, and consequently make no alteration of—7 1/2 a 8 1/2. Flour.—Remains as last quoted—\$4 a \$4 40—a good article would readily command the latter price.

The River.—The navigation for Steamboats is still precarious, unless of very light draught.—Gaz.

FAYETTEVILLE MARKET. Bacon, 8 a 8 1/2; Butter, 14 a 16; Cotton, 5 1/2 a 6; Flaxseed, \$1; Lard, 9 a 10; Whiskey, 38 a 40; Salt, 30; 25; Flour, \$4 a \$4 50; Tallow, 7 a 7 1/2. Remarks.—The North Carolinian says—Trade has been brisk this week. On Thursday there was a great deal of Cotton in. The highest sales we heard of were \$6 12 per hundred. The New York price is 5 a 6 1/2.

TAKEN up and committed to Jail in Rowan county on the 4th instant, a negro man named JERRY, he is about 30 years old, 5 feet high, blind in one eye, and says he belongs to Mr. Harper, near Charlotte, N. Carolina. The owner is requested to come forward, prove property, pay charges, and take him away. NOAH ROBERTS Jailor. Salisbury, Nov. 9, 1844—428

TO THE PUBLIC. THE subscriber takes this method of informing the public, that he still continues to carry on the business of STONE CUTTING, as usual, at his granite Quarry seven miles south of Salisbury, near the old Charleston road, where he is able to supply all orders for Mill Stones, of the best grit, and on the shortest notice. Also, for sale, at the lowest prices, window sills, door sills, door steps, rough building rocks, tomb stones, gold grinders, &c. &c. J. HOLTSHOUSE. Salisbury, Nov. 2, 1844—4127. N. B. Orders for any of the above wrought articles, directed to me at Salisbury, will be punctually attended to. J. H.

FRIDAY MORNING.

Presidential Election. PENNSYLVANIA.

The following returns says the National Intelligencer of the 5th, indicate clearly, we think, that the State has studied her interests so well as to have given her vote for a man directly and inveterately opposed to them—a species of political wisdom for which Pennsylvania has distinguished herself on former occasions.—There are only 34 counties heard from.

Governor. President. Markle, Shunk, Clay, Polk. 20,663 20,856 21,470 22,499 OHIO.

on the other hand, appears to have read her duty and consulted her principles differently; for, according to the following returns, being all that have yet reached us, she has given her vote for the man who stands pledged by the whole tenor of his life and known principles to support her interests and those of his whole country. There is not a doubt that she has cast her vote for HENRY CLAY. Here are returns from 19 counties.

Governor. President. Bartley, Todd, Clay, Polk. 5,395 3,352 6,760 2,927

In addition to the above, we have partial returns from Montgomery, which show a Whig gain of 115; Green, 13; Madison, 100; Ross, 275; which make the present WHIG MAJORITY THREE THOUSAND EIGHT HUNDRED, and the total Whig gain thus far very near TWENTY-THREE HUNDRED VOTES over the late Governor's election!

MARYLAND. This gallant State, too, there is no doubt, has recorded her suffrage for the great American Statesman. The few partial returns which we received last night show in every case an increased Whig vote as compared with the late Governor's election, and the return from the city of Baltimore has very materially diminished the fraudulent Locofoco vote there. These results give assurance that the State is all right.

In Baltimore the Locofoco majority is only 449—being a reduction of 773 since the Governor's election on the 2d of last month.

So far well. We hope to have the pleasure daily, from this time forward, to record Whig successes until the crowning announcement of VICTORY TO CLAY AND FREELINGHUYSEN.

VIRGINIA. We have news from only 8 counties in this State, showing an increased vote for Clay over that given to General Harrison in 1840. So far the Whigs have done nobly. The following is the vote:

Table with columns for County, Clay, Polk. Lists results for Henrico, Richmond, Petersburg, Fairfax, Chesterfield, Dinwiddie, Sussex, and Greenville counties.

MAILED. In this Town on Thursday evening last, by the Rev. Thomas F. Davis, M. N. S. A. CHAFFIN, to Miss JULIA A. WHEELER. Recently in Marengo county, Ala., by the Rev. James Beverly, BURELL L. DICKER, of Richmond co., N. C., to Miss MARY PICKETT, daughter of Major Joseph Pickett, of Marengo.

DIED. In Mocksville, on Monday night the 4th inst., CALVIN PRATER, (student at law,) of Cabarrus county, aged 20 years.

Although his illness was protracted, and his sufferings often acute, he met his trials with that composure which distinguished him during his short life. Studious in his habits, quiet and unpretending in his deportment, his virtues will live, and his memory will be cherished by those who knew him. He has left a widowed mother, (who was with him in his last sickness,) and a large number of friends and relations to lament his early death.

"After life's painful fever, he sleeps well." In Davidson county, on the 6th instant, Mrs. SARAH WARREN, consort of Nathaniel Warren, of Wake county, on her way to Alabama.

In this county, on the 28th ult. Mr. JAMES KEER, aged about 75 years. He was a most worthy citizen.

In this county, on the 20th ult., Mr. MICHAEL BIRD, at an advanced age.

On the 1st Oct. at his residence in Richmond county, LAWRENCE C. EVERETT, in the 70th year of his age, leaving a large circle of relations and friends to lament their bereavement.

It is unnecessary to set forth the reasons that have led to this design. They are many and will present themselves to every mind. But to the above the Editors have to add a word. It is known that the same enterprise has been two or three times before attempted by others; and that they failed as signally as they were weakly begun.—We care not to investigate the causes, but their failure has stood greatly in the way of the present undertaking.

We only give unqualified assurance that this Review will appear every month for one year at least, from January, 1845. Who else shall continue longer must depend upon the support of those who can see the importance of such a work. This support we earnestly request, believing that the work will be in all respects able and useful.

No. 1, bearing date January, 1845, will appear preliminarily in a few days. It will contain powerful articles from various writers, with two beautiful mezzotint Engravings of Mr. Clay and Mr. Frelinghuysen, with sketches of their life and character. Every second or third number afterwards will also present a likeness and sketch of some distinguished American.

The conduct of the Review will be under the control of George H. Colton, associated, however, with other gentlemen of known standing and attainments. To Committees, Societies, Clay Clubs, &c., the following terms are offered: Five copies \$30; Thirty copies for \$80. Or any person becoming responsible for four copies will receive a fifth gratis.
