Mr. Mendenhall, upon assuming the chair, explained in a brief and appropriate manner the serious circumstances under which the members of the Bar were assembled, as well as alluded to the melancholy deaths further advance of the American Army which they were called upon to commemorate. After which, Mr. Gorrell on the one part, and Mr. Craige on the other, proposed and read the following Preamble and Resolutions respectful to the memory of the deceased :

By Ralph Gorrell, Esqr. This meeting of the members of the Bar of Davidson has learned with regret the melancholy and unexpected news of the death of Col. Emanuel Shober. When three months ago we met in this house, and mingled with indignation is manifested by them towards him in the discharge of our various and complicated professional duties, we little thought the messengers of death were so nigh his door. We little thought when we parted, that was the last farewell, and that his voice to which we had so often listened with pleasure, before the arrival of another Term of this Court, would be hushed in the silence of the grave.

But though we shall see his face no more, and never again shall hear his voice in the forum or the social circle, we rejoice he has left us his example, which we can contemplate with benefit and pleasure.

Through the whole course of his life he has contributed by his conduct and influence, to sustain the respectability and dignity of the profession with which he was connected

Patient and industrious in its arduous and trying labors, faithful to the interests of numerous clients, of the soundest integrity; and most unvielding firmness in the discharge of every known duty, benevolent in his feelings, and amiable and courteous in his intercourse with his brotherhood.

Nor was he alone devoted to the honorable profession in which he labored for so many years. His country at all times found in him the devotion of a dutiful son, sincerely attached to her institutions, a peaceable and a quiet citizen-submissive to her laws and obedient to all the calls of sound duty. While we are conscious of our inability to express our feelings on this melancholy occa- a little doubtful, but we think our opponents sion, it is yet in some degree consolatory to offer to the have carried it. In the House the Whigs will memory of our departed friend and brother the usual tribute of affection and respect.

Therefore resolved, That the members of this Bar will wear the usual badge of mourning for thirty days. Resolved, That we sympathize with the widow, children and friends of the deceased in this afflictive bereavement, and offer to them our most sincere condolence. Resolved, That a copy of these proceedidgs be forwarded to the family of the deceased, and to the Editor's of the Carolina Watchman and Greensborough Patriot. deu and Columbus, in our State Legislature, with the request that they be published.

Locos.)

We have no news of a very interesting character by this morning's mail from the Army. Gen. Taylor, at the latest dates, 385 ACRES; ONE 110 ACRES; was forwarding troops and military stores On motion of Mr. Craige, George C. Mendenhall, Esq., was called to the Chair, and Mr. James A. Long, propagatory to manaphing upon Monterrory preparatory to marching upon Monterrey. Nothing certain is known of the intentions of the Mexican Government; whether the would be stoutly resisted or permitted to advance into the country unmolested .----All or most of the Louisiana and Alabama Volunteers had reached New Orleans, on their return from Matamoras. Great the Government for disbanding them because they would not consent to serve twelve months, after having enlisted for six. This conduct of the Government towards these brave men meets with universal condemnation from right thinking men of both parties; and will have the effect of lessening the popularity of the democracy considerably in these States.

### KENTUCKY.

There is no use in giving details. The Whig triumph is as complete as could be desiredthe majority in the Legislature being overwhelming. How else could it be in the State where Henry Clay lives ?

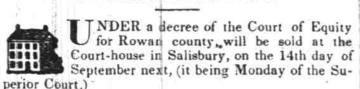

In Indiana, the present Democratic Governor is re-elected by a small majority, probably about a thousand votes. The State Senate is have a majority sufficiently large to secure them a majority on joint ballot,

#### SENATOR MANGUM.

We cordially unite with the Philadelphia North American in the following tribute to the able and distinguished Senator from North Carolina :

"It may be doubted whether our councils baast a more faithful, fearless, and efficient champion of the right than Mr. Mangum, of the Senate. His course has won the heart of the country. Throughout the session, one of the most momentous in our annals, he has been among the foremost in the assertion of sound principles and the advocacy of just measures : and, while he has maintained with chivalric liman, of Rowan, and that the Editors of the Salisbury fidelity the interests of the South, he has done fustice to all sections of our common country. Our National Councils can boast no purer patnot, no sounder statesman, and no better man."

General Gaines concluded his defence before the Court of Inquiry at Old Point on the 10th instant, and on the next morning the Court reduced its decision to writing, forwarded it to the War Department, and then adjourned sine die. What the decision is will, of course, not be shown until the Department shall make it pub-

ute to whose memory has just been read, our Almighty parent has taken from our midst, one not less endeared to us by the amiability of his disposition, by his plain and unobtrusive manners, and by his ardent and sincere devotion to the profession to which he belonged, Samuel Silliman, Esq., who departed this life some short time since in the town of Salisbury ; and while we are paying nought by a just tribute to the memory of the onelet us not forget that the many virtues of the other are

equally worthy of commemoration. Therefore resolved. That in the death of Samuel Sil-

liman, we lament the loss of a friend who endeared himself to us by his amiable life, by his high and honorable deportment as a member of our profession, and by his assiduous attention to all the duties which devolved on him. we wear the usual badge of mourning for thirty days. Resolved, That we offer to the surviving friends, and relations of the deceased our condolence in the loss they have sustained.

Resolved, That these resolutions be signed by the Chairman, that a copy of them be sent to Mr. James Silnewspapers be requested to publish them, together with the Greensborough Patriot.

On motion of Mr. Rounsaville, it was moved and seconded that this meeting adjourn.

IF Sickness can only be present when the vital principle, the blood, is below the healthy standard.

Health is always present when the blood is pure ; it is then up to its healthy standard.

Therefore, the following remedies can never be used for the purpose of restoring health :--

Bleeding-Calomel-Antimony-Opium.

Bleeding takes out your strength-your life. Calomel kills your blood in your veins, filling you with death. Antimony ditto, besides making you subject to epilepsy. Opium is worse than all ; for it prevents you from feel-Resolved, That in memory of our departed brother, ing the approach of decay, and you descend into the grave so quickly that you have scarcely time to prepare either to leave this world or to enter the next. It is the deceitful drug ! Touch it not. Let all balsoms alone; be careful of cough-curing remedies ; destruction is sealed in the bottle : let him remain there : take him not into your bowels. Enquire for some of the cured ones, those whose names these balsam men have put in letters of gold have paraded before the world as proving the wonder-working powers of their balsams. My friends, these cured ones are in their graves. Opium or morphine has done its work. The only sensible thing vou can do in sickness, is to take Brandreth's Pills ----They will not deceive ; they will never injure. Doctor Brandreth can send you to persons cared years ago, now living and in the finest health. These are not alonenot single cases. No, they comprise hundreds in a village, tens of thousands in New York.
