The result of this Convention, we look upon storeing a new prospect to the hopes of Wes-North Carolina, and has already produced electing effect upon our people. With all methods of patriotism, and with the most libpaleffers of assistance from our State Legis. unte, hacked by the influence of the leading seres of the State, no such feeling of confidiese and zeal could ever be roused among the sofe in this section in behalf of former unmedakings, as seems at once to have sprung sinfavor of this scheme of improvement. The fact that Virginia is making a determined dist to construct a rail-way from Richmond to famille, has had its share in awakening this ind spirit among us. If that project shall sucsed and the road from Charleston to Charlotte be completed, (of which very little doubt is segrained) we regard the connection of the works as unquestionable. The Yadkin Beer, which has long appeared to be " a waste (salets," will momentarily become of imment importance, and the whole country beeven that and the Catawba, will put on a new des. WHIG MEETING.

Pursuant to notice given, the Whigs of Rowan met in the Court House on Tuesday last, to take action on the subject of putting in nomination a suitable candidate to represent the Whigs of this District in the next Congress.

After the passage of the resolution tendering the thanks of the Whigs of Rowan, to Hon. D. M. Barringer, our late representative in Congress, for the able manner in which he had discharged his duties .-

Mr. Barringer, being present, rose, and addressed the meeting for the space of 20 minutes or half an hour, in a most happy style. He expressed his profound regret at the separation of himself and his Whig friends, in Rowan, in consequence of the re-districting of the State; and accorded Rowan great credit for the spirited manner in which she has answered the expectations of the Whigs at all times whenever her services were needed.

Mr. B. adverted briefly to the present condition of the Country, as being critical -alluding, especially, to the Mexican war.

The proceedings are herewith subjoin-

Pursuant to notice herefore given a very large and respectable meeting of Whigs took place in the Court-House on the 4th instant, when the same was organized by the appointment of Capt. John McCulloch, as Chairman, and C. Brown, as Secretary. The following resolations were offered, and after a slight discussion were adopted unanimously:

Resolved. That John McCulloch, H. C. Jones, Clarke, Osborn G. Foard, James Cowan, Dr. A. Henderson, Calvin Brown, Charles L. Partee, Doct. Samue Kerr, and John F. Locke, be appointed delegates to meet such delegates as may be selected from the other ties of this Congressional District in the proposed Convention, to meet at Statesville, on the 18th instant, with a view to designate a suitable candidate to be supported by the Whig party in the next Congressional

Resolved further, That we will support with zeal and cordiality, any person whom the proposed Convention

Resolved, That the thanks of the Whigs of Rowan County be tendered to the Hon. D. M. Barringer, for the able and faithful manner in which he has discharged the duties of his station as a member of Congress, and that they regret that the relation between us and him as constituents and member are necessarly dissolved.

The vote being taken upon the last resolution, the Hon. Mr. Barringer, responded to the sentiment in an eloquent and feeling address to this portion of his form-

It was further resolved, That these proceedings be published in the Carolina Watchman. Whereupon the meeting adjourned.

Poor.—Decidedly the poorest attempt at smartness, that has come under our observation, within the last six months, is that by the Lincoln Courier, to ridicule the Charlotte Rail Road Convention. We don't think friend Eccles did that-for it is too unlike the soul of an editor, or printer. Surely an enemy hath taken advantage of the Editor's naps, to disgrace him. Would he throw even a feather's weight in the scale to produce the unsuccess of the enterprise? What interest, or passion, could operate to produce opposition in the region of Lincolton? His devil or his (launders) laundress must have perpetrated that article.

The returns received from the late election in Virgin ia for Members of Congress and the State Legislature show the election of the following gentlemen to Congress, viz:

WHIGS ELECTED John M. Botts, William L. Goggin John S. Pendleton, Wm. B. Preston, Thos. S. Flournoy

LOCOS ELECTED. Archibald Atkinson, Geo. C. Dromgoole, Thos. S. Bocock, Thos. H. Bayly, R. T. L. Beale, James McDowell, Wm. G. Brown.

Being a Whig gain of four Members, and leaving thre districts to be heard from, Amongst these is the Abingdon district, concerning which the Richmond Whig of the 30th ult., has the following:

" A rumor has reached us that Andrew S. Fulton, Whig, is elected to Congress from this district, represented for many years past by Geo. W. Hopkins, Esq., now Minister to the Court of Brazil; but we still regard the result as doubtful. The only actual returns that have reached us are the following

Fulton, W. McMullen, L. Goodson, L. 334 Washington, 149 410 120 maj.

"Thus far, it will be seen, Fulton's vote is nearly equa to that of both of his opponents combined. The counties of Scott, Russell, Tazewell, Lee, Grayson and Carroll to be heard from. The contest is supposed to lie between Fulton and McMullen."

In addition to the gains which the Whigs have made, it is worthy of notice here, that three other districts have been lost by majorities so small, as to amount in the aggregate to but little more than a hundred votes, viz : Mr. Dromgoole is elected by only 18 votes, Mr. Bocock by 12, and Mr. Atkinson by 78.

In the Legislature the Whigs have, thus far, gained fifteen and lost six.

P. S. By this (Friday) morning's mail we have the gratifying intelligence of the election of ANDREW S. FULTON in the Abingdon District, and the assurance of a strong probability of the election of McComas, (whig.) in the Kanawha District.

In the Legislature-the Whigs have gained 18, and lost 7-nett Whig gain 11-equivalent to the annihilation of the Locofoco majority of 22 last winter!! The Whig majority in the next House of Delegates, should there be no farther changes in the few counties that remain to be heard from, will be 10-the Locofoco majority in the Senate the same.
