ARRIVAL OF THE TELEGRAPH. ate and important from Gen. Taylor's Dassion The Brace Old Chief Stripand of his Troops - A large portion ordered to Veru Cruz.

The U.S. steamship Telegraph, Capt. Vilson arrived at the Levee yesterday Brizos Santiago, which place she a on the 1st instant. By this arrival we are received the Matamoros Flag of the 1st, 25th and 28th of August, and also a nest interesting letter from our valued and reliable correspondent, "Greene."-The letter and a number of extracts from he fine as well as an important order major Gen. Taylor, will be found in recolumns. The news by this arrival is needingly interesting, and will no doubt sepensed with anxiety by our readers. Captain Baylor and his party, who were ns, had safely arrived at Cerralvo.

The orders of the general government. which have led to the ordering off of Gen. Taylor's troops, suggests reflections which we would be happy to commit to paper, hat the occupation of our columns preventsus from doing so. We can only now say that the American people will hold the authorities at Washington to a strict accountability for thus overslaughingattempting to shelve the man who has filled the measure of his country's glory.'
