Resolved, That we approve of the enterprize of constructing a Turnpike Road from Salisbury West to the Georgia Line, from the proceeds of the Cherokee bonds. Slavery .- The General Assembly of the Presbyterian Church, Old School, Pitts. burg. May 25th, through their chairman, Dr. McGill, reported a series of six resolutions, which were as follows :

Resolved, 1st. That the principles of the Presbyterian Church on the subject of slavery, are already set forth in repeated declarations so full as to need no further exposition.

2d. That, in view of the civil and domestic nature of this institution and the competency of secular institutions alone to remove it, and in view of the earnest inquiry and deep agitation on the subject, which we now observe in one or more commonwealths of our country where slavery exists, it is considered peculiarly improper and inexpedient for the Assembly to attempt or propose any measures in the work of emancipation.

3. That all necessary and proper provision has been already made for the just exercise of discipline upon those who neglect or violate the mutual duties of master and servant, and the General Assembly is always ready to enforce those provisions, when the unfaithfulness of any inferior court is made manifest by record, appeal, or complaint.
