Carmichael.

On motion of Gov. Swain, the President of Convention was added to this Committee ..

The various resolutions that had been submitted to the Convention, looking to the best and most available means of succeeding the great enterprise, so completely engrossing the attention of the members, were now referred to the Committee, with instructions to report

On motion, the Convention then adjourned to ready to report.

Immediately thereafter, the Committee was organised by the appointment of Hon. John W. Ellis, Chairman; Mr. Gilmer rose and addressed the Committee at some length, on the subject embraced in a resolution offered by himsell in Convention, and now a proper subject for the consideration of the Committee, to wit : The raising of a sum of money by the delegates of the Convention, for the purpose of a survey of the route of the road, and the payment of a competent agent, whose duty it should be to go out and solicit subscriptions of stock.

He was followed by ex. Gov. Morehead, who thought the plan, so far as it related to the survey of the route, was not the best that could be adopted. He took the ground that the survey would be premature, and that the route which might be selected, would probably be rejected by the company organized under the charter, when that company should be formed. And that the survey now, would be lost labor and lost money. He was followed by Gov. Graham of Orange, who also dissented to the plan of Mr. Gilmer: and submitted his own views on the various questions involving the success of the mer's resolution. The Committee was then addressed by Gov. Swain, who spoke at considerable length, detailing a plan for proceed. ing which was received with considerable attention. We are not prepared at this moment, to state the positions of Governor Swain, and When he had concluded, on motion

Public meeting of the citizens of Davie Gen. Alexander McRae, W. Boylan, W. R. County, held in the Court House, June 9th, 1849, for the purpose of appointing Delegates to attend the Rail Road Convention to be held in Salisbury on the 14th instant, L. Bingham was appointed Chairman, and John McRorie, Secretary.

The object of the meeting was explain. ed in an interesting address by J. A. Lillington, Esq., who then introduced the following resolutions, which were adopted :

Resolved, That the action of the last Legislature, originating and adopting, a general system of Internal Improvement, looking to the prosperity of the people of every portion of the State and the developement of her resources, meets with our most hearty approbation.

Resolved, That we feel a lively interest in the success of all the works of Immeet again when the Committee should be provement recently chartered by the Legislature, and more especially in that of the Great Central Road from Charlotte to Goldsboro'.

Resolved. That the interests, not only of the people of this and other counties of the West, now without a market of any kind for their agricultural and other products, but of the whole State, impoverished and depressed for want of the most ordinary and imperfect facilities of getting to market require the immediate construction of the said Central Road.

Resolved. That we have seen with pleasure the call for a Convention in Salisbury on the 14th instant, and the general interest manifested therein by a large portion of the State, and we believe that upon the result of its deliberations will depend in a great degree, the success of the Central Rail Road.

Resolved, therefore, That the Chairman of this meeting appoint 40 Delegates to attend said Convention, and that those who are prevented from attending be authorized to select alternates.
