Salker, Esq., Chairman, E. C. Grier, and L. Badger, Secretaries,) it was any thing lat a District Convention.

When we went in R. P. Waring, Esq., was dressing the meeting. He was arguing the accessity of the Southern Convention and the copriety of Mecklenburg county sending a repsentation to that body The constant aggresions of the North required it. He made some resarks relative to the course of a certain North arolina representative whose course had been a suicidal to the South, that he would not even sention his name. [How mortified Mr. Stanwill feel that R. P. Waring Esq . would not

The Committee of five, which had been apminted to draft resolutions, consisting of Messrs. Wm. Johston, W. R. Myers, C. J. Fox, J. M. long, and S. A. Davis, to which Mr. Badger, eas added, reported a Preamble and resolutions, me of which recommended the appointment of Delegates to the Nashville Convention. In abmitting the Preamble and resolutions, Mr. ishnston made a few remarks in their favor.

After he had concluded, J. H. Wilson, Esq. me to address the meeting. He took ground gainst the appointing of Delegates. He armed that there was no necessity for the Conwation-that the fuss made about the stave mestion was all gammon—that something was rotten in Denmark,"-be stated that he had lately passed through South Carolina and that, dissolution of the Union was a constant topic deconversation, and that he feared disunion was contemplated by the originators of the measure He then went on to argue that He was replied to by J. L. Badger, in a very ncited manner, stating that he had not signed he call for this meeting and had spoke against ime. It was evident from this that nobody was expected to take any part but those who signed the call for the meeting, although the

invitation was to all the citizens. Mr. Wilson sated that the invitation being to the citizens Mecklenburg, and he being one, had induce. d him to come; and a gentleman who signed the call informed us that Mr. Wilson asked his minion as to his right to address the meeting. mid he stated that he thought he clearly had a right to do so; but his remarks were so much he a wet blanket to the expectations of some resent that they were anything but agreeable Gen. J. A. Young offered a preamble and reclutions as a substitute for those offered by be committee. He proposed to act as pacifiator between Mr. Wilson and Mr. Badger .his resolutions proposed a postponement of the ppointment of delegates at this time. He ad socated his resolutions with considerable effect and we have heard it expressed that if the vote could have been taken they would have passed. J. M. Long. Esq., addressed the meeting in

avor of the Nashville Convention, and against

The question was then taken on the substithe or Gen. Young, and voted down. The o iginal preamble and resolutions were then Monted. The Chairman was authorized to appoint two delegates and two alternates to the Nashviile Convention.

There was a very respectable meeting at its commencement, but before the vote was taken there could not have been more than one hunded persons present, many of whom did not we, and this will no doubt be proclaimed to the country as the voice of "old Mecklenburg." We have not pretended to give any thing like a full account of the proceedings. We thall give the resolutions in our next.

We look upon the Nashville Convention as perfectly dead. If the information we receive b correct, South Carolina and Mississippi are the only States that will be fully represented, and the number of delegates will be so small that they will hardly attempt to act. A large portion of the Southern people have gone a. minst it, and unless men will attend without the show of authority, we now have nothing to har from its action. As to Georgia, hear what the Augusta Constitutionalist, a decided Democratic paper, says:

"The meager vote given for delegates in the Meent election is a virtual defeat of the South- N en Convention movement in Georgia. So far whis State is concerned, we look upon it as send and huried. No exigency that might atise on the slavery question between this and be first Monday in June can revive it. No thormity of anti slavery legislation by Congress light to induce the delegates voted for in Georgia to take their seats in that Convention .--Nor should the delegates elected by unanimous the of the Legislature do so. The action of he Legislature has not received a proper entorsement by the people of Georgia."

Smith & Barker OULD respectfully announce to the public that they are still carrying on the

COACH MAKING BUSINESS at their old stand, nearly opposite the old Jail, where they are prepared to execute all work in their line in a masterly style. They are prepared to furnish Vehicles at prices varying from \$100 to \$1000. They are also receiving a lot of the most supurb trimmings ever brought to this place, and which have been selected and purchased in the Northern cities at the lowest cash prices by one of the firm, thereby enabling them to sell lower than most establishments in this country. They are determined that their work shall not be surpassed by North, South, East or West. To accomplish this desirable end, have supplied themselves with the most choice materials and skilful workmen. They would invite the public to call and examine their work before purchasing, as they offer inducements rarely to be met
