

We copy the following from the Wilmington Journal. It appears to be taking the rounds of the democratic papers. No doubt many a "democratic leader" will act upon the suggestion here thrown out. Will Whig leaders enter this new field of contest? We should be most highly pleased if we could get up a hot fight between the "leaders" of the two parties on this subject.

TRUTH, EVERY WORD OF IT.
The following remarks are taken from the Louisville Chronicle. They are sensible words—words of truth—and it would be well for the Democratic cause, the country over, if our readers would bear them in mind, and let them influence their conduct:

How to Sustain Democratic Papers.
The leading and influential Democrats of each county should take the time and trouble to go around amongst the people and urge and impress upon them the importance and duty of taking a Democratic paper. If they do not fully succeed upon one trial in getting up a list, they should try again and again, until they succeed. This is the way to do it. They should not put it upon the poor and un influential to do this.

The leaders should do it. It is their duty to do it. When the rewards and honors of party turn up, they are the men to get them, and they should be willing to share the labors as well as the honors of success. If this were done honestly and faithfully the Democratic papers would flourish, and Democratic principles would grow in proportion to the extension of the circulation of the papers."

THE "KNOCKING" SPIRITS.

The New York Tribune says the young ladies from Rochester who have excited so much attention by the fact of their being accompanied by spiritual manifestations or "knockings," are now at Barnum's Hotel in that city. The editor who has paid them a visit, is not able to unravel the mystery. He heard the "knockings" on the table, floor, in a bureau, &c., but could discover nothing which produced it. He asked several questions which were correctly answered—questions, the true answers to which, none present knew but himself.

THE CENSUS BILL.

The Census Bill which has met the approval of Congress has six schedules, and we shall refer briefly to each of them.

The first relates to the free inhabitants, and the name of every one, with his abode on the 1st of June, is to be given. Profession, occupation, place of birth, married or single, age, deaf or dumb, pauper or convict, insane or idiot, white or black, non-ability to read, if over 20 years of age, are all to be given.

Schedule two, relates to slaves, the owners of slaves, and the number of slaves; the fugitives from the slave States, and the number manumitted, with their age, sex, color, and natural affections.

Schedule three, relates to productions of agriculture; to the names of owners, agents, and managers; the acres of land improved and unimproved; the cash value of farms, and value of all farming implements; the value of mules and asses; the working oxen, milch cows, and other cattle; the sheep and swine; value of live stock, and of animals slaughtered during the year; the bushels of wheat, beans, peas, buckwheat, barley, potatoes, (fresh and sweet) clover, grass seed, vry, corn, oats, flax seed, the pounds of rice and tobacco; the bales of ground cotton, (400 lbs) the value of orchard products, market gardens, pounds of cheese and butter, fax, hops, silk cocoons and maple sugar, tons of water and dew nutted hemp, hogsheads of sugar (1000 lbs each) gallons of molasses, and value of some made manufactures.

Schedule four, names the products of industry, the names of each corporation, company, or individual producing annually articles of the value of \$500, each kind of business, capital invested in real and personal estate; quantity, kind, and value of raw material used, including fuel, the kind of motive power, the average number of hands employed, the number and cost of male and female labor, and the annual quantity, kind, and value of each product.

Schedule five, relates to social statistics, as the aggregate value of real and personal estate; the State, county, parish, town, and road tax; the colleges, academies, schools, free and otherwise; the amount raised for schools, and received for them from public funds; the libraries and newspapers; the public paupers, and their color, birth, and cost; Sunday schools; the churches, their name, and the number each will accommodate; the criminals convicted and in prison during the year; the average of wages by the year, month, and day, and whether with or without board; and the average and short crops.

Schedule six, asks for the name of every person who died during the year; the age, sex, color, whether married or single, month of death, place of birth, disease, profession or trade.

This ends the list, comprising ninety-two questions in the six schedules. The information expected is as to the ending of June 1, 1850. Should all the information here enumerated be received, it is plain enough that the country will not only be much richer than it is, but be put in the possession of knowledge which may be turned to a most useful account.—N. Y. Express.

TELEGRAPHED FOR THE BALTIMORE SUN.

WASHINGTON, MAY 28, 1850.

LATER FROM CUBA.

Capture of two Vessels and 1500 Prisoners, &c.

The news from Cuba is rather discouraging; showing that the enterprise was very ill-planned, and worse executed. Two additional vessels, with about 1500 troops have been captured by the Spanish war-steamer Pizarro, and it is clear that the whole expedition has proved a disastrous failure. The inhabitants of the Island, who seem to dislike Lopez, remained perfectly passive and suffered the liberators to be slaughtered or to be taken prisoners. News has reached the Spanish legation here that 1500 have been captured. The foreign officers will immediately be shot; foreign (German or French) privates will be employed at hard labor on the public works; and the Yankees will be generally returned to Gen. Zachary Taylor.

Life Insurance.

The benevolent objects of Life Insurance Offices are beginning to be appreciated in the community. Similar institutions have been in existence in England over a century, and are now extending their auspicious influence all over our eastern cities. Mutual Life Insurance is an admirable system for the protection of surviving families, and for the securing of creditors in the event of the premature death of their debtors.—Alabama Journal.

BALTIMORE, MAY 31.

New York Market, May 31.

The tendency of the Cotton market is in favor of buyers. One thousand bales sold—middling Uplands quoted at 12 1/4, and middling Orleans at 12 1/2. Rice is steady. Flour and GRAIN have declined.

The private letters by the Asia are less favorable to Cotton than the printed accounts.

NEW ORLEANS, MAY 30.

The Market.

On Tuesday last 4500 bales Cotton were sold, and on the following day 3000 bales.—Prices are firmer, and Middling may be quoted at from 11 1/2 to 11 3/4. Flour has advanced half a dollar per barrel—Ohio held at \$7, and choice brands \$8, with a reduced stock. Sugar and Molasses are steady in price. Rio Coffee, 7 1/2.—Whiskey 21 to 21 1/2

BALTIMORE, JUNE 2—10 A. M.

New York Market.

On Saturday, the market was firmer at the previous day's quotations. The sales of the day amounted to 800 bales—the week's transactions were 10,000 bales. The Rice market was firm, 1500 tierces having been disposed of during the week, prices closing at \$2 1/2 to \$3. Flour has declined an eighth per barrel.—Corn steady. Provisions on the advance.—Treasury Notes quoted at 116 1/4. Exchange on England heavy.

Pennsylvania Canal Commissioner.

Wm. T. Morrison has been appointed by the Democrats as Canal Commissioner for the State of Pennsylvania.

BALTIMORE, June 3.

New York Market, June 3.

The Cotton market is in a drooping condition. Two thousand bales were sold at prices warranting the quotation of 12 cents for middling Upland, and 12 1/2 for middling Orleans.—Flour is firmer. Corn quoted at 69 to 70 cents. Rice steady at last quotations. Stocks are firm.—Late advices from Bahia have reached us, giving the information that the yellow fever is making terrible ravages on that coast.

NEW ORLEANS, June 1.

The Market.

Only 1100 bales Cotton were sold yesterday and at unchanged prices. 100 casks Rice were disposed of at from 4 1/2 to 4 3/4. Sugar is steady—fair quoted at 54, and prime quality at 57.

The foreign news by the Asia, reached us late on Friday night.

From the Register.

The United States Cutter, Gallatin, Lieut. Maffit, arrived in Beaufort Harbor, on Tuesday evening, the 29th inst., for the purpose of making an accurate survey, and Chart of the Bar and Harbor of Beaufort. We are indebted for this favor, to the influence and exertions of our worthy, talented, and indefatigable representative, the Hon. EDWARD STANLEY.

J. MANNY.

Beaufort, N. C. May 31st, 1850.

Edmund Burke is one of the strongest Democrats and ablest writers in this country. We have had our eye upon him, and he has had our unqualified respect, ever since he drew that powerful and unanswerable paper in favor of the oppressed and trampled Dorrites of Rhode Island."

Standard.

This accounts for that obliquity of vision, which has made the Editor of the "Standard" commit so many blunders, of late. We thought that he could have had his eyes about him, or that unguarded admission about the District of Columbia and that unguarded expression about the "true doctrine" would never have seen the light. Oh, "my eye!"

Democracy Boiled Down.

In a late number of the Holmes county (Ohio) Farmer, a Loco paper published in the county of Holmes, where Locos grow "spontaneously," a writer advocates the adoption of the following sentiments in the revised constitution:

1st. No person shall own over 400 acres of land lying in this State.

2d. No professor of religion shall hold any office except in the church.

This is the last specimen of progressive Democracy which has as yet come to the ears of the public. What next?—Ohio State Journal.

CONGRESSIONAL ELECTION—DEATH.

A despatch from Boston in the Baltimore Clipper, dated May 28, says that from the 30 towns heard from in the 4th district, Palfrey has 4494, Thompson 4017, scattering 650. Palfrey has gained considerably, but will lack some 200 votes of an election.

Mr. Pelby, manager of the National Theater in Boston, died on the 28th.

More California Gold.

The Norfolk Argus of Wednesday, says: "The steamship Philadelphia, Pearson, 8 1/2 days from Chagres and 6 from Kingston, (Ja.) put into this port on Monday evening for fuel and having supplied herself, sailed yesterday morning for New York. The Philadelphia had on board half a million of dollars in gold dust, and 25 passengers."

A Census of Boston is now nearly completed, and the Boston papers are very much disappointed at its result.

The population will not reach 150,000. In some of the wards there is an actual decrease.

NASHVILLE CONVENTION.

The following is an imperfect list of delegates embracing most of the distinguished men in attendance from Georgia—Gov. McDonald, Messrs. Bledsøe Warner, Rouland, Crawford, Fouché, Gibson, Ramsey and Bennett.

South Carolina—Hon. Langdon Cheeves, Messrs. Hammond, Otterson, Bradley, Whitner, Young, Gregg, Chesnut, Hanna, Allison, Hon. F. W. Pickens, Drayton, Nance, Messrs. Trenholm, DuBose, Jamison, Pratt, Hon. R. Barnwell Rheist, R. W. Barnwell.

Mississippi—Judge Sharkey, Judge Smith, Judge Clayton, Gov. Mathews, Col. Word, Maj. Neil, Messrs. Pettus, Prewitt, Speight, McKay, Wilkinson.

Alabama—Gov. Fitzpatrick, Judge Coleman, Judge Goldsbrat, Judge Walker, S. Buford Clay, Shorter, Winston, Cooper, Boykin, Larier, Chapman, Johnston, Nance, Goerce, Col. Davis, Amerbecon and Goun.

Arkansas—J. H. Powell, D. B. Green.

Florida—Col. Parsons.

Texas—J. Puckney Henderson, R. W. Greer.

The proposition from the different members have been referred to the select Committee. They are, thus far, moderate, conciliatory, and firm. It is generally believed that the Convention will recommend the Missouri Compromise, and will then adjourn to meet in October next.

VIRGINIA.—Hon. Beverly Tucker, W. O. Goode, and Gen. Gordon.

We notice besides, a very respectable representation, both as to talents and numbers of the Tennessee Democrats, and a considerable number of Gentlemen, both Whigs and Democrats, from this and other States are in attendance as spectators.—Nash. Whig.

Cotton Crop.—The receipts of cotton at all the American Ports, are now over six hundred thousand bales behind last year's to the same date, and still falling off.

NEW INVENTION.

Mr. Solomon Shelter of Alleghany City, has invented a machine to make horse shoes, which he thinks will turn out 1800 complete shoes in an hour.

Died

In Lincolnton, at about 8 o'clock, on the evening of the 4th inst., JOHN MICHAEL JACOBS, after an illness of only about 30 hours.

The subject of this obituary on Sunday evening last, was in his usual health, and on Monday morning he was attacked with soreness of throat and difficulty in breathing and speech, which was at first violent, but appeared to yield to medical treatment, and on Tuesday morning was thought much better and out of danger. But alas! how true the words of Holy Writ, "in the midst of life we are in death." About noon on Tuesday he was reported worse, and though all the skill and attention which could be procured was administered, he continued to grow worse, until about 8 o'clock, when he departed this life. The immediate cause of his death was the inflammation and swelling of the upper part of the windpipe, which prevented respired air from passing through.

Mr. Jacobs was the son of Lewis and Elizabeth Jacobs, and was born on the 4th of September, 1801, in the county of Rowan, where he continued to reside until he was 21 years of age—he then removed to Lincoln county, and soon thereafter married Nancy, the daughter of Martin Hafner, and resided in Lincoln county, where he continued to live until he was summoned by his Heavenly Father to that "house not made with hands, eternal in the Heavens."

The deceased left to mourn their irreparable loss, an affectionate wife, who for many years has been afflicted, and two children—a son and daughter, on whose devoted and tender hearts he left a deep and lasting impression; and a loving husband and tender parent—who the God of the widow and the orphan be to the bereaved a husband and father.

The deceased lived for more than 20 years a member, and for many years an elder in the Lutheran Church, and during all that time was a consistent christian, and an humble follower of Christ; and it is a consolation to his afflicted family, that his mourning is not as those who have no hope, "for their loss is their eternal gain."

It is not our purpose to write an eulogy upon the character of the deceased, for those who knew him would read it with cold indifference, while those who were best acquainted with him would look upon it as useless labor. His death has cast upon the community a mantle of heartfelt sorrow, which speaks more loudly in behalf of the character of the deceased, than platitudes and panegyrics. The countenance of every one you meet tells that death has visited our land; and that the object of his purpose has been "a shining mark." If there was a person in this community who had no enemy, that person was the deceased—if there was a person who was respected, and esteemed by all, that person was John Michael Jacobs—but he is no more. His monuments and advice will no more be heard to instruct and inform—his form will no more be seen in our midst—his cheerful smile will no more like sunshine beam upon his loved and loving family—his voice will no longer be heard in the sanctuary, at the fire-side, in the social circle—all of him that was mortal is in the silent tomb—all that was immortal is with the God he loved and served. Let us imitate his example and emulate his virtues—let us live his life, so that we may die death and receive his reward.

In this County, on the 2d inst., after a protracted illness, Mrs. ELIZABETH P. LEWIS, consort of Noah Lewis, aged 33 years and 5 months, and daughter of Umphrey Linstar of this County.

The deceased had been a consistent member of St. Andrew's Church for six years, and in her daily walk and conversation, adorned the doctrine of God, and exhibited, in her last illness, to all around her, the Christian fortitude, which ever distinguishes the true believer under severe trials and afflictions. During the twelve months of her sickness, she was never heard to utter a word of complaint, but on all occasions, manifested a willingness to abide the decree of that God who had upheld and sustained her in every time of trouble. And when the time of her departure drew nigh, she fell asleep in Jesus, leaving a disconsolate husband, father and mother, to mourn the loss of one, who on all occasions, performed the duties of a daughter and wife with fidelity. But they mourn not as those who have no hope, for she died in full assurance of a blessed immortality beyond the grave.

In Lincoln County, on the 4th inst., Mrs. CODY, aged about 50 years.

Also, on the 6th inst., of paralysis, GEO. T. EMERSON, in the 36th year of his age.
