POETICAL.

CAN THE ABSENT BE FORGOTTEN Can the absent be forgotten! Can their memories ever die! Were they loved, to be remembered, As a shadow on the sky Can the early ties that bound us, Like to morning dreams depart? Forbid it heaven, for then will cease, All truthfulness of heart, Can the absent be forgotten, Though their silence we regret? No Lethe springs from this fair earth, By which we can forget. There is something in the memory Of those we've loved and lost, Uphold's love's bark, o'er Time's vast sea, However tempest tossed. Can the absent be forgotten? Can the lips that we have kissed-The hand that we have pressed in ours, Be lost, and not be missed? Can the heart that throbbed to our heart's throb, The cheek that sought our breast, As the swallow, wearied from afar, Seeks its own chosen nest-Can all these be forgottey-As a foot print on the sand, The dew upon the hawthorn leaf, We brush off with our hand !

STORY OF THE FIRST KISS.

BY FREDERIKA BREMER. In the University of Upsala, in Sweden, lived a young student,-a lonely youth, means for pursuing them. He was poor and without connections. Still he studied, living in great poverty, but keeping a cheerful heart, and trying not to look at the future, which looked so grimly at him. His good humor and good qualities made him beloved by his young comrades .-Once he was standing with some of them in the great square of Upsale, prating away an hour of leisure, when the attention of the young men became arrested by a very young and elegant lady, who, at the side of an elderly one, walked slowly over the place.
