stating that if re-elected to Congress, he could make a great deal of money. We learn from the N. Y. Express that he was Chairman of the Building Committee in the last Congress. Perhaps the connection of the honorable gentleman with that the last Congress. Perhaps the connection of the honorable gentleman with that committee may account for the tremendous frauds of which the contractors were accused during the last session? Will that the grading would be attended with less expense than any other route not only on account to the country, and see if there are not in most of its resources but its other natural advantages.

And we would usk any man of discernment to look around the country, and see if there are not in most of its resources but its other natural advantages.

Fayetteville Observer.

LIEUTENANT M. F. MAURY.

against him the charge of having taken the staple of his wind and current charts from a work by a Mr. Towson, of England, and without the slightest acknowledgement. This is a gross charge, and will of course meet investigation; but no one of course meet investigation; but no one of the stable of Catawba to New-town the trade South of Catawba to New-town the trade South of Catawba to New-town the staple of the studies of College, and the road; for it would then go to South Carolina by the way of Mecklenburg, Yorkville and Spartanburg. This loss, when the vast mineral of course meet investigation; but no one of course meet investigation; but no one can believe in its truth on this side of the water, when it is remembered that Lieut. the account would be by no means inconsidera-Maury has been most public in all his ble. The speakers went on to illustrate the admovements connected with shortening vantages of this road to Western North Carolina. voyages, and that even the attention of and hailed the project as the dawn of a brighter Back Creek Charch, Rowan County, on Tuesthe British Parliament has been attracted day upon our Western horizon." All present day the 23rd. August, inst. The public are into the wonderful results on navigation seemed to catch the flame of public spirit and vited to attend, and it is hoped there will be a produced by his system. The steam engine and telegraph, besides numerous other inventions, were claimed for Englishmen - after, their success had been as- at the last legislature with the necessary approx /August 16th, 1853. sured in this country by American gen- printion, and indeed it is high time for our proins. The trick is somewhat stale.

Daily South Carolinian. The correspondent of the New York adopted. Journal of Commerce tells the following story of Mr. Webster and trout :

Staying some weeks with the Postmas ter at Sandwich in the summer of 1831, I called John Trout's services into requisition very offen.. John was a great trout catcher, and a great talker. The trent and John were well acquainted with each other; so also were he and Webster .-John could do nothing but fish for trout; so he could talk of nothing but Webster, and his and their piscatory achievements

DECISION.

ultimo, we learn that the High Court of Errors and Appeals—the supreme judicial tribunal of that State—have ununimously decided that Mississippi is legally bounds to pay—the Union Bank bonds; and that no action of the Legislature or role of the people can effect the question. Eeach Judge delivered a very claborate concurring opinion, all of which are represented as surpassingly able and convincing, covering the whole ground, and meeting and refuting every toint raised.

North Carolina, and would be frought with incalculable frought with incalculable from the misture of the whole State.

Resolved, That through Catawborcounty, would be the most direct as well as the most eligible lane for the most direct as well as the most eligible lane for said road.

Resolved, That we heartily approve of the Rail lines was one of great pain and suffering she bore it with christian compessate. And when she was toold that she could not live, she replied that she keep tool that she could not live, she replied that she keep to delibe that she was toold that she could not live, she replied that she keep to delibe that she keep tool that she could not live, she replied that she keep to delibe that she keep to delibe the road children around her last and dy-last and content of the pay to the first opportunity of incoming you, that for a very long period I was afflicted with a dangerous giddness and frequent swimmings in the last words were a My hope in geometic. Among her last words were a My hope in geometic. Among her last words were a My hope in geometic. Among her last words were a My hope in geometic. Among her last words were a My hope in geometic. Greensborough MUTUAL INSURANCE COMPANY.

THE cost of Insurance on the mutual plan is but a significant compared with a paint stock company to the final rame company being located in the Western part of the State, consequently much the larger portion of the tasks are in the West, vyry many of which are in the country. The Company is causely free from debt; have made no assessments, and is therefore confidently recommendated to be public with a public to be found in the States.

1.7 We do business on the ONE PRICE SYSTEM.

Orders promptly filled. An examination of our stock is solicited.

P. S. All those indebted to us by note or account,

consisting of Men, Women and Children.

THE undersigned, a Building Committee appointed by the Board of Directors of Western Carolina Male Academy, respectfully invite the attention of Contractors and Mechanics to the Building which is proposed to be erected by said Board, at Mt. Pleasant, Cabarrus County, N. C. The building will be 70 feet in length and 36 feet in depth in the clear, three stories high—brick. Scaled proposals will be received until the 25th of August next, when the contract will be cleared. It has been employed with the utmost success for the past 30 years and is highly recommended by the testimony of hundreds who have used it to their great benefit and advantage.

It is also an admirable remedy for all diseases to which the Horse is liable; such as, Spavia, Ringbone, Strains, swellings, Galls, Scratches, Cuts, Brusses &c. No application has heresofore proved so useful in relaxing Stiffness of the Joints and Tendons, the effect of Spavia and Ringbone, and produced such immediate
