

Salisbury.—Our town has been thronged with wagon from the up-country loaded with produce. Flour and cotton are the principal articles of trade. The highest prices are given by our Merchants, and cash paid when it is demanded. The health of the place is, at this time, remarkably good.

Davidson College.—At a meeting of the Trustees held at Charlotte on the 24th ult., we learn that the Board elected Rev. Dr. Lacy, of Raleigh, President of the College. Professor Gilliland tendered his resignation, which was accepted; and Maj. Leland was elected to fill the vacancy caused by his resignation. Mr. Fishburn is at Davidson performing the duties of his station.

Speaking of the recent meeting of Trustees, the *South Carolinian* has the following:

MAJOR LELAND.—We understand that at a recent meeting of the Board of Trustees of Davidson College, North Carolina, this gentleman was elected to one of the professorships. Maj. Leland's competency for the position is beyond question, and we feel every confidence that the wisdom of the Trustees in selecting him will be freely vindicated.

SUDDEN DEATH.

The Rev. CYRUS JOHNSON, pastor of the Presbyterian Church in Charlotte, died of apoplexy, in that town, on Thursday morning last. The Columbia Times gives the following account of his death and other circumstances in connection, which, if true, make up a rather singular case. It says, we learn by Telegraph from Charlotte, that the Rev. Cyrus Johnson, D. D. of that town died suddenly of apoplexy on Thursday in an Omnibus whilst going to the Railroad Depot. He was on his way to Fort Mills for the purpose of marrying a gentleman and lady. He was the second clergyman who had been engaged to perform the ceremony.

Large Hog.—Andrew Hunt, Esq., of Lexington, slaughtered a hog on the 24th ult., which weighed 72 lbs. He has probably been taking lessons on swine culture from Mr. Berry Foster, or some other of the celebrated hog raisers of Davis.

New Arrangement.—Mr. Collins, formerly of the Warrenton News, we have omitted to notice, has become a partner in the office of the *Republican Banner*.

New Paper.—We have received the first No. of the *Herald of Truth*, just commenced at Hendersonville by the Rev. Mr. Hicks. It is devoted to religious, scientific, and literary subjects, chiefly; and to general intelligence.

Cod Liver Oil.—Those who have occasion to use this article, will do well to procure that sold by John C. Baker & Co., whose advertisement appears in this paper. This House stands deservedly high, none using greater efforts to supply Drugs of a genuine and pure character.

Improvement in the Money Market.—We think from what we see in the Northern papers, that the money market there is easier, and that we are in a fair way to have better times. As an evidence of this, North Carolina and Virginia State bonds have gone up almost to par.

A correspondent of the Petersburg Express states that there are at this time sixteen hundred men employed at the Gosport (Virginia) navy yard. Never before was there so much to do, or so much money disbursed at the yard. It requires largely over \$30,000 every two weeks to pay off the hands. Besides fitting out the brig Perry and Dolphin for the coast of Africa, they are building two immense steamers, the Colorado and Roanoke, and preparing for sea the frigates Potomac and Haritan, and the sloop Constellation.

It is reported in Washington that an energetic move will be made in the House to pass Mr. Faulkner's bill authorizing the calling out of three thousand volunteers for the defence of the Western frontiers. In case of the passage of this bill, it is understood that the command will be given to Gen. Harney, who will organize the volunteers for the defence of the Western frontiers. — *Daily S. Carolinian*.

The Council of State have been notified to meet in Raleigh on the 5th of February.

SALES OF THE PUBLIC.
Report for the week ending Jan. 27. — Cotton. — The sales of the week amount to 233 bales, and we now have in store 214 1/2, with 24 1/2 in transit; middling 64 a 61; good middling 58 a 57; and fair 54 a 53. — There has been no material change in the price of bales during the past week, and we therefore continue to quote at the former rates: 8 a 7 1/2; middling 7 a 6 1/2; and fair 6 a 5 1/2. — Curd. — We now quote 55 a 100 cents per bushel of 50 lbs. — Eggs. — In good demand, at 65 a 70 cents per bushel. — Flour. — The flour market is steady, at full and firm prices, especially for a fine article of family flour. We continue to quote \$4 1/2 a \$4 1/4 for common to good brands; fine \$4 1/2 a \$4 per barrel. Sack flour \$4 1/4 a \$4 per 100 lbs., according to quality.

BALTIMORE, January 21.—No sales of flour—held at yesterday's rates. Red wheat \$1.90 a \$1.92; white \$1.25 a \$2. White corn \$3 a \$3.25; yellow 88 cents. Considerable activity in breadstuffs.

LATEST NEWS.

BUFFALO, Jan. 23.—The laborers on the Buffalo, Brantford and Goodfield Railroad, at Ridgeway, Canada West, are still in possession of the road. The sheriff of three counties will take fifty British soldiers to the scene of the difficulties tomorrow, when it is expected that the laborers will be paid off and discharged, and quiet restored.

A man, with thirteen accomplices, is held here for trial, for the murder of Weimpey. A violent snow storm has occurred here. It continued forty-eight hours, and the snow is two feet deep.

WASHINGTON, Jan. 24.—There was a slight fall of snow this morning; but the weather subsequently cleared up, and continues pleasant. Business dull.

NEW YORK, Jan. 24.—It is snowing here. At 12 M. the snow was a foot deep.

BALTIMORE, Jan. 24.—A fire broke out on Smith's wharf this morning, which destroyed the commission store of Hall & Seelye. Loss not stated.

WASHINGTON, Jan. 23.—The *Spoliation Bill*.—There is a probability that the French Spoliation Bill will pass the House. Opinions are equally divided as to whether the President will veto the bill after its passage.

CAUSE AND EFFECT.—A correspondent of the Philadelphia Ledger attributes the immense amount of distress existing in New York to the great increase of banks and paper money. He says: "Within the last four years the number of banks in the city of New York has doubled. They now have fifty-six; it is surprising, in view of such a state of things, that there should be the most extravagant luxury prevailing amongst the few and the greatest distress among the many." This increase of paper money has furnished the favored class with the means of riotous living, and has so raised the prices of the necessities of life that the misery of the working classes is extreme.

In Philadelphia the banking capital is less than it was eighteen years ago, and yet Philadelphia is twice as large as it then was, and incalculably more wealthy. The distresses of the poor here are great, no doubt, but they are not to be compared with what the New York poor are suffering. Here we have had no meetings of persons out of employment in this city, demanding work and threatening to plunder the rich if it is not given them. Such things have occurred lately in our bank-ridden sister city."

TROUBLE BREWING.
It is said that Gen. Scott apprehends a troublesome war with the Indians in the West. And from the movements of the President, he probably entertains the same forebodings; he sent a special message to Congress one day last week, recommending the calling out of 3,000 volunteers to aid in the defence of the frontier. It is believed that a general Indian war is imminent, and that all the Western tribes are about to make common cause in the extermination of the emigrants on the outskirts of civilization. The rapid peopling of Kansas and Nebraska has caused great alarm among them, foreseeing the inevitable result, that they will ultimately be crowded out, and their hunting grounds surrendered to the plough of the pale face. — *Greenboro Patriot*.

FIRE.
The alarm of fire was given yesterday about half past 11 o'clock, a. m., when it was discovered that the Chapel of the South Carolina College in the Campus was on fire in the cupola. The wind was blowing almost a gale, and the flames, although burning slowly, soon destroyed the building together with the east wing. (Rutledge College.) Every effort was made to save this portion of the block, but all proved unavailing, from the want of water. — *South Carolinian*.

SEIZURE OF A STEAMSHIP.
WASHINGTON, Jan. 26.—The Treasury Department here has received advice from New York, stating that the District Attorney of N. Y., had seized the steamship Massachusetts, on complaint of the Spanish Consul, who testified that he had reason to believe she was about to violate the neutrality laws, by carrying arms for the Cuban patriots. It is also stated here that great excitement prevailed at Cuba about the action of Spain, which it is thought is about to sell the Island to the U. States. Thousands before supposed to be opposed to the revolution are now in favor of it. Secret meetings are being held, and an outbreak is expected hourly.

A Son of Benedict Arnold, died recently in London at an advanced age. — He was a General in the British Army.

Democratic Platform.—To do the same.—Mr. U. S. Senator Briggs "declared himself opposed to the Road-outright," and, together with General Person, Senator from Gen. Briggs's own county, voted against the Extension. Mr. Fisher administered a severe rebuke to those concerned, for the duplicity and deception that had been practiced in the premises, and thus ended the scene! How do the Western Democracy relish their Senator, now! — *Red. Reg.*

DEMAND FOR GOODS IN FRANCE.—In conversation with the buying partner of an importing house of New York, who spends a great portion of his time at Lyons, the great manufacturing city of France, I was informed that almost all foreign orders for goods have ceased, and were it not for the large amount of work demanded of the manufacturers of that city by government for the increased wants of the army, there would be a state of destitution that might well give serious alarm to the government. The financial crisis in the United States, following upon the war in Europe, is very sensibly felt by the manufacturing classes in France. — *Paris Letter.*

BRAVE! HUZZA!
FOR
Eagle City, South Troy AND EAGLE MILLS,
Iredell County, N. C.
"Come, bright Improvement, on the car of Time." WESTWARD the Star of Empire and the Red Road take their way, and Eagle City, doomed to soar aloft and reach her name among the busy marts of enterprise, can still afford some vacant lots to men of capital. Come on gentlemen and we will sell you lots privately so that you may spend your days in peace and plenty in the heart of Eagle City. Don't delay, but come and select your place of residence and suit yourselves before it is irrevocably too late. Dame Fortune bids you come; for there is no place on earth that can be compared to Eagle City for Health, Water Power, Peace and Plenty. Building blocks, silver and iron, and crystal sheets of water will greet your bewildered eyes as you enter the gates of Eagle City. Here is a scene that will open a new world of prospects for farmers, and for lovers of industry. Don't be afraid now, but just come, squint your eye, and take a peep at this Eden vale of the morally sublime. Well, gentlemen, you may stand aloof for a short time, while we will scrape our feet, pull out our hair, and talk to the ladies. My compliments, indeed; and ask you to come and pay a visit and see our Female Academy. Talk talks from a distance, but our school just past the arena. The summer under the present and prospective bright Eagle City must have handsome intelligent ladies to raise their marble monuments, and these ladies must be the brides of good and mighty men; and that is why the school is going on, and mass and will be extended to meet all the wants of down-trodden humanity. Now, gentlemen, mechanics, of every description, to your posts. Here is Eagle City prepared for your benefit, \$25,000,000 of money value just here, and all you have to do is to reach out your hands and take the golden fruit. Don't be too late, but help yourselves to the ripe grapes, and while you enjoy the banquet don't forget that upon you too devolves the necessity of work to build the Eagle City;—to get into it and high time that there be an Eagle City in America. Yes, and let her soar, flap her wings, and show her tail; but let her be a part of the whole. Now, hard by South Troy and Eagle Mills and back the echo of her busy hum and active enterprise. A BIRCH BAGGARY, Feb. 1st, 1855.

BRITISH PERIODICALS.
EARLY COPIES SECURED.
LEONARD SCOT & CO., New York, continue to publish the following British Periodicals, viz: 1. THE LONDON QUARTERLY (conservative). 2. THE EDINBURGH REVIEW (Whig). 3. THE SOUTH BRITISH REVIEW (Free Church). 4. THE WESTMINSTER REVIEW (Liberal). 5. BLACKWOOD'S EDINBURGH MAGAZINE (Tory).

THE present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the highly written newspaper, crude speculation of the daily journals, and the ponderous Treatise of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these periodicals that readers must look for the only really intelligent and reliable history of current events, and such, in addition, to their well established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

Arrangements are now permanently made for the receipt of Early Sheds from the British Publishers, by which they are enabled to place all our Reprints in the hands of subscribers, as soon as they can be furnished with the foreign copies. Although this involves a very large outlay on our part, we shall continue to furnish the periodicals at the same low rates as heretofore, viz:— Per annum, - - - \$3 00 For any two of the four Reviews - - - 5 00 For any three of the four Reviews - - - 7 00 For all four of the Reviews - - - 9 00 For Blackwood's Magazine, new series, - - - 3 00 For Blackwood and three Reviews - - - 9 00 For Blackwood and the four Reviews - - - 10 00 Payments to be made in all cases in advance. Money current in the State where issued will be received at par.

CLUBBING.
A discount of twenty-five per cent. from the above price will be allowed to Clubs ordering four or more copies of any two or more of the above works. Thus, Four copies of Blackwood, or of one Review, will be sent to one address for \$9; four copies of the four Reviews and Blackwood for \$30; and so on.

POSTAGE.
In all the principal Cities and Towns, these works will be delivered, through Agents, FREE OF POSTAGE. When sent by mail, the Postage to any part of the United States will be but Twenty-four Cents a year for "Blackwood," and but Fourteen Cents a year for each of the reviews.

LEONARD SCOT & CO.,
No. B. L. S. & Co. have recently published, and have now for sale, the "FARMER'S GUIDE," by Henry Stebbins, of Edinburgh, and the late Prof. Noah, of Yale College, New Haven, complete in 2 vols., royal octavo, containing 1200 pages, 14 steel and 600 wood cuts, new series, - - - \$20 00. This work is a most interesting and useful treatise on the art of husbandry, and is in every respect a most valuable work. B. L. BEALL, Jan. 11, 1855.

NILLEDEVILLE, N. C.
SOME of the subscriber's friends wishing to join him in his water power and improvements, he could very much more than a company, provided he could get a sufficient quantity of Stock taken to occupy a reasonable portion of his water power, which, if properly used, would be sufficient to run half the machinery in North Carolina. He, therefore, invites capitalists to call and see his situation and resources. EDWARD BURRAES, Montgomery co., 22 miles east of Salisbury, Nov. 9, 1854.
