From the N. Y. Commercial Enquirer.

HYMN OF THE ATLANTIC CABLE.

Deep, Sparrow, how thy head is sunk,
With lightning darts to hatch!
Be still, or through the ocean's depths,
Thou'lt find land to land!

For there last week, at a miracle,
Next to the Son of God!
There walked down on sea's dark floor,
High as its waves He trod!

He holds the lightning in the cloud,
And thou within the wave,
And wind and wave, which yield to Him,
Thou too hast power to leave.

Then trouble thou before thyself,
So near to God with,
Trust to thy hand His power coined,
And sweep to dwell therein.

And hushed and trembling thank the Lord,
For fever on thee shed,
That time, through sea, with lightning chain,
Two Continents just wed.

Counsels for the Young.

Never be cast down by trifles. If a spider breaks his web twenty times, twenty times will he mend it again. Make up your mind to do, and you will do it. Fear not if trouble comes upon you, keep up your spirits, though the day may be a dark one—

"Troubles never last forever,
The darkest day will pass away."

If the sun is going down, look up to the stars; if the earth is dark, keep your eyes on heaven. With God's presence and God's protection, a man or child may be cheerful.

"Never despair when help's at the air,
A morning may come without warning."

Mind what you run after. Never be content with a bubble that will burst; or fire-wood that will end in smoke and darkness. Get that what you can keep, and which is worth keeping.

"Something sterling that will stay
When gold and silver fly away."

Fight hard against a hasty temper. Anger will come, but resist it strongly. A spark may set a house on fire. A fit of passion may give you cause to mourn all the days of your life. Never revenge an injury!

"He that revenges knows no rest;
The meek possess a peaceful breast."

If you have an enemy, set kindly to him, and make him your friend. You may not win him over at once, but try again. Let one kindness be followed by another, till you have conquered your foe. By little, and by little great things are thus completed.

"Water falling day by day
Wears the hardest rock away."

And so repeated kindness will soften a heart of stone.

Whatever you do, do it willingly. A boy that is whipped at school never learns his lesson well. A man that is compelled to work cares not how badly it is performed. He that pulls off his coat cheerfully, rolls up his sleeves in earnest, and sings while he works, is the man for me.

"A cheerful spirit gets on quick,
A grumbler in the mud will stick."

Bad thoughts are worse enemies than lions and tigers, for we can get out of the way of wild beasts; but bad thoughts win their way everywhere. Keep your heads and hearts full of good thoughts, that bad thoughts may not find room—

"Be on your guard, and strive and pray
To shun all evil thoughts away."

☞ We find the following among the selections of the Washington Union:

Col. Benton and the Little Giant.—Col. Benton, in conversing with a friend many months since, gave the following summary view of the prospects of Mr. Douglas:

"The little giant," said he, "is in too great a hurry to be a great man. He forgets that giants don't wear seven-league boots now-a-days, and that the first office in an elective government cannot be taken by storm. His ambition is much beyond his ability, for although a fluent speaker, his ideas don't bear the proper proportion to his words, and though he runs fast he carries little weight. He thinks he can bestride this continent with one foot on the shores of the Atlantic, the other on the Pacific. But he can't do it—he can't do it, sir. His legs are too short."

An Eccentric Traveler.—A young lady of foreign accent, and of very eccentric demeanor, who was dressed all in white, with yellow boots, alighted at the Petersburough station, from an excursion on the Great Northern, on the 16th ult. The address on her baggage was as follows: "Her Divine Majesty, the Zion Holy Ghost, Empress of the Universe, Beloved Bride of Heaven, Passenger to Silverdale, near Doncaster." She said she was an angel from heaven, and presented to one of the clerks at the station a kind of tract, chiefly in Latin and French, about one-third of it being in English.—*Stamford Mercury.*

A Manchester schoolmaster recieved the following notice from the father of one of his pupils: "This is to give you notice that if you thump Georges head against the desk a gain I shall cum and do the same by you give something he or to be touched not by drawing maps and a galive and things that belong to a liberale skolar."

IT MAY NOT BE GENERALLY KNOWN that the Liver Invigorator, whose reputation has become so great, is one of the very best remedies for the prevailing epidemic of Dysentery. Dysentery and Diarrhœa Compaints, that so regularly visit our neighborhood at the season of the year.

We advise all to have it by them, for attacked with any of these complaints to get a bottle of Dr. Sanford's Liver Invigorator immediately, for we have never known a single failure to cure that was even scarcely progressive if the safest and surest remedy we know of for those diseases, either in adults or children. Eating summer fruits, often produces derangement of the stomach and bowels, with a tendency to Cholera, Cholera Infantum and other distressing complaints, all of which will be obviated immediately removed by the use of the Invigorator, which cleanses and purifies the system, giving tone to the appetite, relieving indigestion and assisting the stomach; and is recognized as a preventive of Fever and Ague.—*Tallahassee Sentinel.* 1m12

☞ We think it is hardly known even to the most intelligent of our readers, how deep some of the mines are broken into the mysteries of creation. We know there were wonderful discoveries in these times, and wonderful men—many of them; but did not know the Chemists were mounting in their researches and even harnessing the most wonderful productions of nature to do. During our visit to Lexington we were introduced to the manufactory of Dr. Ayer, inventor of Cherry Pectoral and Cathartic Pills; where we were shown with genuine frankness, the processes and the products. The master genius of the establishment, featuring the artistic execution of science in order and using agreeable subordinates. His success of Pectoral, Cathartic, &c., and only equal to their extraordinary merits. Many of the ingredients of which these are made, they saw in the woods and fields, and they can be gathered from the plant-mould; yet made by chemical combinations from the Hydrochloric to the. His process is to analyze the substance and find the exact elementary atoms of which it is made, then recompose them in the same proportions which exist in nature.—*Louisville Advocate.*

GOOD MEDICINES.

It is estimated that Ayer's Cherry Pectoral and Cathartic Pills have done more to promote the public health, than any other one cause. There can be no question that the Cherry Pectoral has by its thousands on thousands cures of Colds, Coughs, Asthma, Croup, Influenza, Bronchitis, &c., very much reduced the proportion of deaths from consumptive diseases in this country. The Pills are as good as the Pectoral and will cure more complaints.

Everybody needs aore or less purging. Purge the blood from its impurities. Purge the bowels, Liver and the whole visceral system from obstructions. Purge out the diseases which fasten on the body, to work its decay. But for disease we should die only of old age. Take medicines early and throw it from the system, before it is yet too strong to yield.

Ayer's Pills do thrust out disease, not only while it is weak, but when it has taken a strong hold. Read the astounding statements of those who have been cured by them from dreadful Scrofula, Dropsy, Ulcers, Skin diseases, Rheumatism, Neuralgia, Dyspepsia, Internal pains, Bilious Complaints, Heartburn, Headache, Tetter, and many less dangerous, but still threatening ailments, such as Pimples on the face, Worms, Nervous Irritability, Loss of appetite, Irregularities, Dizziness in the head, Colds, Fevers, Dysentery and indeed every variety of complaints for which a Purgative Remedy is required.

These are no random statements, but are authenticated by your own neighbors and your own Physicians. Try them once, and you never will be without them. Price 25 cts per Box—5 Boxes for $1.00.

DOWLER'S WHEAT FANS.
"*Ne Plus Ultra.*"
H. B. DOWLER & CO.,
SALISBURY, N. C.,

CHALLENGE the State to the manufacture of WHEAT FANS. There is none better, and they believe no better can be made than those manufactured at their shop. Wherever they have been introduced, they have speedily obtained the reputation of being unrivaled in their mode of construction and operation, performing their work in the most perfect and rapid manner, separating all kinds of filth from the grain, in an extent that can only be circled or equalled by the most machine fanned.

The most skillful workmen alone, are employed in the construction of these Fans; and the utmost pains taken to procure and prepare the best materials. No effort, in short, has been, or will be, spared, to render them as perfect in design and in workmanship as it is possible to do; for we desire, above all things, not only to give satisfaction, but to perpetuate the fair fame of our NATIONAL WHEAT FAN.

OUR WORK IS WARRANTED.

Those desiring a good Machine would consult their interest by giving us a call before purchasing elsewhere. There are other manufacturers of Fans, but they produce nothing comparable with ours. The "Excelsior" and the "Burnett" may boast, but Dowler & Co.'s machines can blow the breath out of them all, and still have enough left to clean Wheat a little better than any thing yet brought out, and not break down under the operation. If you doubt it, ask A. G. Carter, A. M. Bare, Dr. Brown, J. A. Clement, Col. H. R. Austin, and N. S. Chaffin, of Davie county. Ask M. Brown, O. G. Foard, Dr. A. M. Henderson, J. C. McConnaughey, Chas. Fisher, and Sam'l Knox, of Rowan, and a host of others who have tried them, all over the Country. They will tell you frankly and candidly what they think of our Fans, and we are not afraid for them to speak out about them, even in "meetin'"—so confident are we that our work is worthy of public favor.

Those who will want Fans this Summer and wish to try ours, are requested to send in their orders. The sooner the better, as we shall be better able to supply all in good time, if their orders have been duly recorded on our list.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD,
Compounded entirely from GUMS,

IS ONE OF THE MOST PURGATIVE AND SITTER MEDICINES ever taken into the system, and one of a character, entirely different from any other medicine ever offered to the public. It is not only a Cathartic, but a Liver tonic, acting first on the liver to restore its healthy action, and then upon the bowels to remove the poisons it has caused to be secreted. It strengthens the system in the same manner as Sarsaparilla, but is more powerful. It will strengthen and build it up with unusual rapidity.

The Liver is one of the most important organs of the human system. It is the great laboratory in which the food we eat is prepared for the nourishment of the body. It secretes the bile, one of the principal agents in digestion. When the liver is inactive, the food we eat is not digested, but lies in the stomach and bowels, and becomes a source of disease instead of nourishment. The Liver Invigorator is a powerful stimulant to the liver, and will restore it to a healthy action. It is a purgative, and will remove all bad matter from the bowels. It is a tonic, and will strengthen the system. It is a gentle diaphoretic, and will equalize the circulation and throw off all fevers. It is the most powerful alterative known, and will purify the blood and build it up with unusual rapidity.

THE LIVER INVIGORATOR

IS A SCIENTIFIC MEDICINE, SCIENTIFICALLY COMPOUNDED, and is daily working cures, almost too great to believe. It saves one if by skin, when the first dose gives relief. Two bottles will cure any ordinary case. Three bottles is warranted to cure any kind of Liver Complaint, however long standing. It is the best remedy in the world for Dyspepsia, Sick Headache, Jaundice, Fever and Ague, and all diseases of the Stomach, Liver and Bowels. It will strengthen and build it up with unusual rapidity.
