Tuition varies from 6 to $15	15 00
Music on Piano,	20 00
French and Embroidery, each,	5 00

The twenty eighth session of these schools will open the first Wednesday in January next. It is highly important that all enter the first week or as soon thereafter as possible.

The schools are conducted in large buildings, and at a suitable distance apart, affording parents an opportunity to give their sons and daughters a thorough education in the same village. We have a fine apparatus, with maps and globes, also a good library for the benefit of the pupils.

We now have several large boarding houses open for the accommodation of students, at the low rates of $7 per month, and we hope that parents and guardians will send us as many hundred and fifty for the next session.

For further particulars address the Principal at Jonesville, Yadkin Co., N. C. and Catalogues will be sent.

AYER'S Cherry Pectoral.

For the rapid cure of Coughs, Colds, Hoarseness, Bronchitis, Whooping Cough, Asthma and Consumption, is universally known as the best remedy ever yet discovered for every variety of Pulmonary disease. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. By its timely use many, nay almost any attack of disease upon the Lungs or throat, are arrested and thus are saved many thousands every year from a premature grave. No family should be without it, and those who do neglect to provide themselves with a remedy which wards off this dangerous class of diseases will have cause to deplore it when it is too late. Proofs of the surprising efficacy of the Cherry Pectoral need be given to the American people,—they have long proofs in every neighborhood. But those who wish to read the statements of those whose whole health has been restored and whose lives have been saved by its use, will find them in our American Almanac which the agents below named have to furnish gratis for every one

CELEBRATED VEGETABLE

CATTLE POWDER.

THE Proprietors take pleasure in offering their Vegetable Cattle Powder, feeling confident that it is the article long needed by the Agricultural community. The Compound is useful in most all diseases incident to Horses, Cows, Hogs, and Sheep, entering into the circulation, producing an alternative effect thereby, purifying the blood and all secretions. The Powder is recommended for horses to be given in complaints of Distemper, Stubbering, Coughs, Fevers, Foot-diseases, Glanders, Farcy, Gripes and Colic, Jaundice and Yellow Water, diseases of the kidneys, foundered horses, &c.

It may be given in doses of tablespoonful thee or our times a week mixed with water when dunking.

COWS.

The powder is highly recommended for cows. Purifying their blood and bringing them to a healthy state—it drives out all the impurities of the body, increasing their strength and improving their appetite, making them yield twice the amount of milk, and in good condition. A farmer, that once uses this powder, will never be without it. It should be given in doses of a tablespoonful three times a week, and in continuing the use of it, all the diseases arising from the impure state of the blood and secretions may be already driven out.

In diseases of Hollow Horn, Hoof disease, or cows that give bloody milk, or for dry cows, it has been found highly beneficial by giving the powder every day, or three times a week.

HOGS.

For hogs the powder is recommended to be given in coughs, swelled necks, sleeps in the lungs and liver, and in fattening, and may be given by mixing a pound or a half of a package in a barrel of swill.

POULTRY.

The Cattle Powder, proving so efficacious for what it was first recommended induced several farmers to feed it to some laying hens, and found the effect most wonderful in fattening them; besides, making them continue longer than usual in laying eggs. We can, therefore, recommend it, to be fed to chickens, geese, turkies and for all kinds of the feathered tribe, where it is desired to keep up a healthy condition. It may be given mixed with Indian meal and water two or three times a week.

DR. WISTAR'S BALSAM OF WILD CHERRY.

BEWARE OF COUNTERFEITS!!

Take only the Genuine!!

EVERY thing which is really valuable, and which wears the ELEMENTS time, money and research, is subject to be basely counterfeited. This is emphatically the case with WISTAR'S BALSAM OF WILD CHERRY, the invaluable qualities and well-earned reputation of which is a certain, safe, speedy and never failing cure for Coughs, Colds, Hoarseness, Bronchitis, Whooping Cough, Croup, Quinsy, Asthma, Influenza, Inflammation or Pain in the Chest, Liver, and Chest, as well as that dire disease, CONSUMPTION, have induced unprincipled speculators in the depraved feelings of human nature, to attempt, by the
