

CELEBRATED VEGETABLE CATTLE POWDER.

BOOTS! SHOES!!

SHOES! SHOES!!

J. H. ENNIS'S
No. 6, GRANITE ROW.

THE PROVISIONS take pleasure in selling their Vegetable Cattle Powder, being confident that it is the best thing ever used by the Agricultural community. The Compound is useful in most all diseases incident to Horses, Cows, Hogs, and Sheep, entering into the circulation, producing an alternative action, purifying the blood, and all over the system. The Powder is recommended for horses, to be given in complaints of Diarrhoea, Stomachic, Colic, Fever, Foot-drawings, Itchings, Farcy, Glanders and Cancers, and Yellow Water, diseases of the kidney, Gonorrhoea, Gonorrea, &c.

It may be given in doses of table-spoonsful or one ounce a week mixed with water when drinking COWS.

The powder is highly recommended for cows. Purifying their blood and bringing them to a healthy state, driving out all the impurities of the body, making them strong and improving their appetite, making them yield to the utmost of milk, with a poor condition. A cow that once uses this powder, will never be without it. It should be given in doses of a table-spoonful three times a week, and continuing the use of it all the winter, during the inclement state of the winter and weather may be given daily.

In diseases of Horses, Horses, that are not cured, take this powder, for they will not be cured, unless they are first cured by giving the powder every day, of three times a week.

HOGS.
For hogs the powder is recommended to be given in coughs, swollen necks, swellings in the lungs, and hives, and in fattening, and may be given by mixing a pound or a half of a package in a barrel of corn.

POLTRY.
The Cattle Powder, proving an efficacious for what it was first recommended induced several farmers to feed it to their laying hens, and found the effect most wonderful. It increased their appetites, making them consume less than usual in laying eggs. They were therefore, recommended to be fed to chickens, geese, turkeys and all kinds of the feathered tribe, where it is desired to keep up a healthy condition. It may be given mixed with Indian meal and water two or three times a week.
