The Imported BLACK HAWK COLT RAVEN!

TERMS: - - - - - $40.

All Insurance money to be paid as soon as the mare is considered with foal. All mares put by the season to be paid by the season. All connected at the 3 Wave's rule. All mares pitted with before foaling, to be considered with foal.

RAVEN is a three-year old Black Stallion, was got by Black Hawk, he by the Vermont Black Hawk. Raven is 15¾ hands high, his color jet black, white hind feet, is of good blood and exceedingly well proportioned colt, perfectly sound, free from vice, and for strength and beauty cannot be surpassed. His dam by Bostwick Morgan of Vermont, beautiful Blood Bay, black mane and tail, 15¾ hands high.

RAVEN was raised by John McGee, of Canada; he has taken First Premiums at several Fairs, at which he was exhibited. His owner claims the name of "Raven," (see Wilkes' N. Y. Spirit of the Times, for December 3d, 1859.)

BLACK HAWK is widely known. In himself and his progeny, he has acquired a name from Canada to Texas. To give his biography is not the object of the article; but some general facts in regard to his origin and character are not be out of place in this connection. He was bred by the late Winget Tyumbly, Greenland N. H.; was by the horse known as "Sherman Morgan;" his dam (owned by Mr. Twombly) was said to have been a part of English blood, and from New Brunswick. Sherman Morgan" was by the first, or "Justin Morgan," so called. Black Hawk was for several years well known as a trotter. His full speed was never ascertained; but in several instances he trotted a mile in two minutes and forty-two seconds. But he is most remarkable for a combination of speed with strength and power of endurance. At the Cambridge Course, in 1842, he won a match of $1000, by trotting five miles in sixteen minutes, and has performed other feats equally as extraordinary. He was never beaten.

His progeny partake of his properties in a high degree. No horse of which we have any account has left his impress more strikingly, and his future rank will be among those most distinguished for the improvement of their species. The reputation of Black Hawk's stock is such that they command a ready sale, and a large proportion of them bring very high prices. It would be desirable to know the whole amount of money which has been received for those of his progeny that have been sold, but this is impracticable. We have before us a list comprising a portion of those who have been bred and sold in the town of Bridgeport, Vermont, where he has been kept since 1844. From these it appears that 38 animals, and an interest in the 39th, to the amount of one-half, have brought the sum of $22,737, or an average of 4530 (and a fraction) each! Their ages ranged from six months to six years. Most of them were mile roaders; but some were geldings and some fillys. This is wholly from actual sales in this town, and has no reference to stock on hand. It shows in a favorable light, the estimation in which the stock is held where it is best known.

RAVEN

Will stand for Mares at Salisbury. Mares sent from a distance will be boarded at one of the best Livery Stables in the State, and will receive the very best attention.

The Prices that Black Hawk Colts command East and elsewhere, are enormously high; the stock is held in high estimation and daily improving.

IT IS NOT TOO MUCH TO SAY SINCE ALL,

OLD AND YOUNG,

Affirm its Truth,

That Prof. Wood's Hair Restorative

Will preserve *infallibly* the growth and color of the hair. If used two or three times a week, in any imaginable age. Positively restore the gray, cover the bald with natural-born ornament, the hair; make it more soft and beautiful than any oil, and preserve the scalp free from all disease to the greatest age. Statesmen, Judges, Attorneys, Doctors, Clergymen, Professional men and Gentlemen and Ladies of all classes, all over the world, bear testimony that we do not say too much in its favor. Read the following, and judge:

HARMONY GROVE, St. Charles Co., Mo., Nov. 19, '57.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and none called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can, therefore, and do hereby, recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are yours respectfully,

GEO. W. HIGGINBOTHAM,
SARAH A. HIGGINBOTHAM.

PROF. WOOD—Dear Sir: My hair had, for several years, been becoming prematurely gray, accompanied by a harshness which rendered the constant application of oil necessary in dressing it. When I commenced using your Hair Restorative about two months ago it was in that condition; and having continued its use till within the last three weeks, it has turned to its natural color, and assumed a softness and lustre greatly to be preferred to those produced by the application of oils or any other preparation I have ever used. I regard it as an invaluable article for every lady's toilet, whether to be used as a Hair Restorative or for the simple purpose of dressing or beautifying the hair. You have permission to refer to me all who entertain any doubt of its performing all that is claimed for it. MRS. C. SYMONDS,

Cincinnati, O., Feb. 18, 1857. 1y4 third st

WELLSTON, Mo., Dec. 5, 1857.

PROF. WOOD—Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it. I had the fever, some time last May, and nearly every hair in my head came out. Now my hair has come in a great deal thicker than ever it was. Nothing but a duty and sympathy that I feel to communicate to others who are afflicted as I have been, would induce me to give this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative.

Yours respectfully, A. R. JACOBS.

The Restorative is put up in bottles of three different sizes, the largest containing almost twice as much as the next largest, and that more than twice as much as the smallest, which is for one dollar per bottle. The medium bottle at $1 per bottle contains more than the small, which is for one dollar per bottle. The large bottle a quart, is put out more in proportion than any other.

REAL ESTATE.

WISHING to concentrate my funds on one place, I propose to sell the plantation on which I now reside, containing 307¼ ACRES. Most of the soil is grey ground, the remainder a dark loam, equal in fertility to any in Rowan. Nearly one half of the tract is still in woods, containing a great deal of fine timber, right along side the N. C. R. R. There is about 40 Acres of *BOTTOM LAND and MEADOW*, of first-rate quality. The DWELLING is well arranged, containing nine rooms, garret and cellar, and also 9 fire-places, and is in view of the Yadkin River and N. C. Rail Road. The garden and spring are excellent, and the out-buildings, some of which are new, are well arranged and comfortable.

The Location is quite convenient, being within five miles of Salisbury, and very healthy. The soil is highly adapted to fine Tobacco, Cotton, Grass, Fruits, and garden vegetables.
