

SPEECH OF WENDELL PHILLIPS.

(From the Boston Herald.)

We publish the following communication from a correspondent at New Bedford, as it contains an expression of extreme abolitionism on the present aspect of political affairs:

But I am sorry that a gun should be fired at Fort Sumter, or that a gun should be fired from it, for this reason: The administration at Washington does not know its own mind. Here are a series of States, grilling the Gulf, who think that their present institutions require that they should have a separate government. They have a right to decide that question without appealing to you or to me. A large body of people, sufficient to make a nation, have come to the conclusion that they will have a government of a certain form. Who denounces them? Who stands with the principles of '76? What is the matter with a few millions of dollars or a few feet? It is a mere drop in the bucket of the great national question. It is there just as much as ever. I maintain, on the principles of '76, that A. Lincoln has no right to a soldier in Fort Sumter. But the question comes secondly, "Suppose we had a right to interfere, what is the good of it?" You may punish South Carolina for going out of the Union. This does not bring her in. You may subdue her by hundreds of thousands of troops and soldiers. But that does not make her a State. There is no longer a Union. It is a mere military rule. Mr. Lincoln is a man, and a man is not a State. He is a man, and a man is not a State. He is a man, and a man is not a State. He is a man, and a man is not a State.

THE WAR NEWS FROM BALTIMORE.

Baltimore, April 30.—In the collision that occurred here yesterday, seven citizens were killed and about a dozen others wounded more or less dangerously.

The people here are resolved to prevent the passage of Northern troops at any cost. The stone bridge at the City House, on the line of the Baltimore and Ohio Railroad, near the South of the city, has been exploded yesterday. The long railroad bridge of iron-work between here and Philadelphia has been exploded there, so that the same Yankee soldiers can come by that route.

It is reported that Mr. McKim is to be the Baltimore agent. He is a man of high social position, and a little more than thirty years of age. Their resignation has been received in the Army office for a number of days.
