SALISBURY, N. C.:

MONDAY EVENING, NOVEMBER 3, 1862.

Going to Waste.—One of the most valuable Machine Shops and Foundries in the Southern Confederacy is located in this town. It comprises almost every convenience in the way of tools and machinery that could be desired; and is capable of turning out any thing, from an axe handle to a sixty horse power engine. There is daily, and almost hourly, demands for the articles which might be manufactured in it from the surrounding country alone, which formerly patronised it largely. But from causes not necessary to enumerate, this valuable property is now standing idle—not a wheel turning, not a spark glowing in the furnace. It is *wasting*, by rust and natural decay. There is a splendid fortune in it for any one who has the capital to put it into operation, which might be done in 48 hours or less time. And there is an accomplished and reliable machinist here ready to take the direction of it. Is there no body in the Southern Confederacy willing to invest in this valuable property? Have we so many such workshops that we can afford to let this one rot down!

☞ The ladies of this place have again commenced working for the soldiers. The high price of cloth has prevented much they would have done long ere this. The high prices of cotton and woolen fabrics is weakening our armies, discouraging our people and preparing all for defeat and ruin.

General Bragg has been ordered to Richmond, and it is said that he is to be superseded by Joseph E. Johnston. In the meantime Gen. Polk is in command of the army formerly under Bragg.

Mr. Jno. Jos. Long, a member of the State Council, whose absence recently prevented a meeting of the Council, called by Gov. Vance, has published a Card in which he shows there was no purpose on his part to prevent attention to public business. He was detained at home by family reasons of imperious necessity.

Northern papers say our army of the Potomac is falling back, and that McClellan is advancing. They think it very important that Richmond should be taken before Christmas; and there is reason to believe that the next attempt will be made on the South side of Richmond. The Federals are massing troops at Suffolk and Norfolk, whilst they are idle on the Potomac. Look out for them in that direction.

TERRIBLE RAILROAD ACCIDENT.

A most frightful and distressing accident occurred on the Raleigh and Gaston Railroad, between Huntsville and Potecasie, on Tuesday morning last, about 23 minutes before 7 o'clock, by which four persons were killed, and sixteen or seventeen were wounded.

It appears that a gravel train, under the management of Sidney Hinton, engineer, left Raleigh in the morning, just in rear of the mail train for the North, which it should have gone earlier in the rear of the freight train. This gravel train met the accommodation train filled with passengers, as it was coming South towards Raleigh, and the collision between the two was terrible. Lieut H. J. B. Clark, of Graves, of the 2d Sthte troops, a Mr. Nesbitt, of Concord, and Mr. J. J. Brayhill, of Charlotte, were instantly killed; and Mr. Thomas Rowland, of Stanly County, received injuries of which he died in the course of two hours. The following were wounded:

Col. Robt. Mowrance and son, Newberry, S. C., very slightly.

W D. Kevin, Darlington District, S. C., slightly.

Serg't Hardy, 59th Regiment, Bertie county, N. C., breast bruised, not seriously.

Wm. G. Templeton, Iredell county, N. C., contusion in face.

Andrew J. Wright, Granville county, left leg broken.

Mrs. Jane Hayworth, Davidson county, N. C., badly bruised, no bones broken.

Mrs. Eva C. Roland, Stanly county, N. C., left leg broken.

Mr Roscoe Barrus, Pollocksville, Jones county, N. C., breast bruised.

John A. Barrus, ditto, bruised in abdomen, not seriously.

Alexander G Barrus, ditto, 5 years old, hip and leg bruised.

William Moore, High Point, N C arm shattered.

L L Conrad, Davidson county, N C left foot cut off.

Albert Ellington, Henderson, Granville county, N C both legs broken below the knee.

Dick, servant of Mr. White, Louisburg, N C ankle broken.—*N. C. Standard.*

☞ Nine States in the Black Confederacy will hold election on the 4th of this month, viz: New York, New Jersey, Massachusetts, Michigan, Illinois, Wisconsin, Missouri, Minnesota and Delaware.

Yellow Fever in Wilmington.—The Journal reports 116 new cases, and 40 deaths for the week ending 31st Oct. Among the deaths the Journal deplores the decease of Dr. T. C. Worth, who labored with unremitting efforts for the relief of the afflicted in the city. Dr. Worth was widely known in the State, and highly esteemed in all the relations of life.

Officers to be Dropped.—Col. Alfred Iverson, of the 20th N. C. Regiment, published a letter in the Wilmington Journal, stating that Gen. D. H. Hill has called for the names of all officers who have been absent from their regiments for an unusual length of time, in order that they may be recommended to be dropped. Several names have been sent in from the 20th N. C. V., and more will be forwarded if the officers now absent do not report in a satisfactory manner immediately.—Charges are to be preferred against all soldiers who cannot furnish full and complete testimony for the necessity of their continued absence.

Col. Iverson says: "Every one in the army knows that if half the absentees who were able to come to us from home had been present, the battle of Sharpsburg would have resulted in a decisive victory for us, and our troops before this would have overrun Maryland."

A Couple of Rascals.—A negro named Alfred belonging to Wm. Thompson, of this city, was arrested yesterday (Monday,) for breaking into the stores of Messrs. Upchurch and Bagwell, and stealing therefrom a considerable amount of property. The negro has been at this business some time and has been furnished with false keys by a white rascal, by which he entered the stores. Both of them will probably have a good time of it before they get through, particularly the latter if the fact be proven.

CLOTHING

For the 44th N. C. S. Troops.

Editor of the Salisbury Watchman:

Permit us through your paper to inform the friends of this Regiment, living in the counties of Rowan, Iredell and Davie, that by the first week in November, proximo, we will be prepared to forward their Winter Clothing to them, and will gladly pack with them any article of underclothing, shoes or socks which their friends or relations may desire to send them. It will only be necessary for persons furnishing them to do them up in packages, mark the name of the soldier for whom they are intended upon them, and deliver them to us in our office in Cha'tte, by the time above specified, to ensure their reaching their destination.

This gallant Regiment has made a glorious history for these counties, in its noble defence of our Country upon many bloody fields, and now that another northern winter is to find it still standing between us and the enemy, we who are at home must know that they all are comfortable. The Government cannot furnish them with underclothing, socks, or shoes. Let us exert ourselves to do it. YOUNG, WESTON & ORR.

RANAWAY from the subscriber, on the night of the 7th instant, a negro man, ISAAC, aged about 55 years. Isaac is of yellow complexion, has no upper front teeth, and keeps his right eye partly closed—a little lame in the right ankle. He belongs to the estate of Isaac Kestler. He is well acquainted in this County and part of Davidson. I will pay a reward of $5 for his apprehension.

SALT.

I will continue as heretofore to give out salt to families of soldiers at my House in Salisbury every Tuesday; and hereafter I will also give out at my mill, 2½ miles from Salisbury, on Brinkle's Ferry road every Wednesday. As there seems to be some misunderstanding about the time of drawing, I will state that we have got in all but three lots of salt, and when a lot comes, we make a calculation and see how much it will give to each member of the soldiers families, and when every family makes this draw, they have drawn their share out of that lot; therefore, all the old volunteers that went into the service before the May Court, and have had three draws, have drawn all until we can get more for them, and the new volunteers and Conscripts that went in about July that have drawn two lots have had all until I can get again. I hope to be able to get a large supply by the time to salt pork. Present price $5. per bushel J. S. McCUBBINS.
