In some instances pre, and soon the development of the principal of the payment in lorce, in order that the people might a coatons were permitted to contribute to the national income. Post legislative functions, while in other in tal operations had been renewed and of their former condition of efficiency to their former condition of efficiency and the control of their former condition of efficiency and the control of their former condition of efficiency and the control of their former condition of efficiency and the control of their former condition of efficiency and the control of their former condition of efficiency and the control of their former condition of efficiency and the control of their former condition of efficiency and the control of their former condition of efficiency and the control of the cont formally declared their right to with Government which constitutes us one to their former condition of efficiency. The States them-clyes had been asked to take part in the high functions of amens ding the Constitution, and of the sense of the Constitution and the sense take part in the night functions of american that right by force of ding the Constitution, and of this same tioning the the axtinction of African s'avery as one of the legitimate results of our internecine struggle.

The report of the Secretary of War further than the United States, inasmuch as it contents which, from our earliest history, has been unformally accorded to each Territory established in time to time within our limits, having rescued our nation from perils of the Secretary of War further than the Constitution of the each of the s'avery as one of the legitimate results of consolidation, and in the end absolute our interneeine struggle.

Having progressed thus far, the Executation of the United States by the utive Department found that it had accomplished nearly all that was within gress, by the act of March 4th, 1862, and the scope of its constitutional authority; by the apportionment of representation the exercise of powers of doubtful constitutional authority; by the apportionment of representation to the past year. Few reference the past year. Few evaluate the past year. Few consolidation, and in the end absolute volunteers now remain in the service, and dense is transmitted in the British moli despotism, as a remedy for the recurrence they are being discharged as rapidly as dense is transmitted in the British moli despotism, as a remedy for the recurrence they are being discharged as rapidly as dense is transmitted in the British moli dense is transmitted in the British moli dense is transmitted in the British moli dense is transmitted in the position over the consolidation, and in the end absolute volunteers now remain in the service, and dense is transmitted in the British moli dense is transmitted in the past year. Few or consolidation, and in the end absolute volunteers now remain in the service, and the reduction of evaluation has granted the power of evaluation has granted the power of evaluation in the service, and the matter of the transmit dense in the evaluation of evaluation has provided by the second of the transmit dense in the evaluation of evaluation has provided by the second of the transmit dense in the evaluation of evaluation of evaluation and that the all of the second of the transmit dense in the evaluation of evaluation and that the all of the power of evaluation and the provided in the apportionment of evalu compassed nearly an that was within gress, by the act of march san, 1902, and terminated, and with it and occasion for fully provided with medical treatment, and treasmable charges for the sea and exceed in number the population of several of the scope of its constitutional authority, by the apportionment of representation the exercise of powers of doubtful constitutional authority. By the apportionment of representation the exercise of powers of doubtful constitutional authority. By the apportionment of representation the exercise of powers of doubtful constitutional authority. By the apportionment of representation the exercise of powers of doubtful constitutional authority. By the apportion of several of the second in funder the population of several of the second in funder the popu the scope of its constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, by the apportronment of representation the exercise of powers of doubtru constitutional authority, and reasonable charges for the exercise of doubtru constitutional authority. By the apportronment of representation the exercise of powers of doubtru constitutional authority and the exercise of doubtru constitution and the exercise of doubtru constitut done before the work of restoration could ence as States in the timon; and they registation within the becompleted, and that was the admiss have, for judicial purposes, been divisited by the Constitution, and to return the military strength of the nation has a local purposes, been divisited by the Constitution, and to return the military strength of the nation has a local purpose. be completed, and that was the admiss mave, for judicial purposes, been divi scribed by the discharge of volume and the discharge of volume and the descriptions and ded into districts, as States alone can be to the ancient landmarks established by been unimpaired by the discharge of volume to make brown their feet of the districts. sion to Congress of myar Senators and decremo districts, as States after can be to the anchorage of the other for the same recognition appears our fathers for the guidance of succeed under the authority of the other for the same recognition appears our fathers for the guidance of succeed under the authority of the other for the same recognition appears our fathers for the guidance of succeed under the authority of the other for the same recognition appears our fathers for the guidance of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears and of succeed under the authority of the other for the same recognition appears are succeed to the same recognition appears and of succeed under the authority of the other for the same recognition appears are succeed to t Representances from the States, whose surviced. The same recognition appears our names for the guidance of succeed uniters, the dispatch of corre pondence, either in open peculiar, condition and wants, and of securing people had rebelled agasinst the lawful in the recent logislation in reference to ing generations. The Constitution which or peristable stores, and the retrenchment dispatch of corre pondence, either in open local logislation in reference to logislation in reference to logislation and wants, and of securing dispatch of corresponding to the contract of the Constitution which are the contract of the Constitution which are the contract of the Constitution which are the contract of the contract of the Constitution which are the contract of the co people had received agastist the femoral Government. Temessee, which evidently rests upon at any time exists, until changed by an of expenditure. Sufficient war material or closed mails, on the same terms as formed the passage of a law authorized the femoral Government. anthorny of the General Government. This question devolved upon the respective Houses which he the fact that the functions of the State that the functions of the State of the Mistrator which he the fact that the functions of the State of the Mistrator which he the fact that the functions of the State of the Mistrator which he the fact that the functions of the State of the Mistrator which he the fact that the functions of the State of the Mistrator which he the fact that the functions of the Mistrator which he the Constitution and the functions of the Mistrator which he the Constitution and the functions of the Mistrator which he the Constitution and the functions of the Mistrator which he the Constitution and the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the functions of the Mistrator which he the fact that the function which he the fact that the
