### THE RADICALS OPPOSED TO NE GRO SUFFRAGE.

The fact that the radicals have elected a Governor of Ohio, and defeated the amendment to the State Constitution in favor of negro suffrage, by a vote of about fifty thousand majority, is evidence conclusive that they are opposed to negro suffrage. The intelligent negroes of the South should no longer be deceived. The radicals have no use for them except to use them in acquiring office. But the negroes seem not to be inclined to give credit to any thing the whites of the South, their only true friends tell them. They turn a deaf ear to the honest and intelligent men of the South, and rush on to the embrace of the deceptive that is to befall them, if they persist in itself, and tells the truth : refusing to heed the counsels of their intelligent and respectable white friends fiends, but if they are true to their real friends in the South radical disappointment and cruelty can do them but little harm. For the fact is that corrupt and tiny." tyranical party will soon be powerless for good or evil. Its days are numbered It has been weighed in the balance and found wanting.
