

Halifax, June 9.—Our harbor presented yesterday quite a novel and cheering spectacle. There were seven schooners and a steamboat lying off in the stream. Three of them, with the steamboat, got under way for Weldon, and the others, heavily laden with cotton, tobacco, flour, bacon, &c. sailed for Norfolk.—*Adv.*

Newbern, June 10.—Between 1 and 2 o'clock on the morning of last Sunday, an incendiary succeeded in setting fire to a dwelling-house on Craven-street. The family were providentially awakened by a feeling of suffocation produced by the smoke that had filled the chamber. They gave the alarm, and were speedily and effectually assisted in arresting the progress of the flames. A negro slave who is suspected of having communicated the fire, has been committed for examination.—*Sentinel.*

Murder.—Extract of a letter to the Editor of the Newbern Sentinel, dated Jericho, Duplin county, 1st June, 1831.

"On Sunday last, a murder was committed in this neighborhood, which has created a very unusual sensation. About 11 o'clock on that day, Miss Nancy Boyet, daughter of a very respectable widow, left her house with the intention of visiting Mr. Price's family, who live at the distance of a mile from her mother's. When night approached, and her daughter still absent, Mrs. Boyet became uneasy, and set out with the hope of meeting her on the way. Her feelings may more easily be imagined than described, when she found on her arrival at Mr. Price's that her daughter had not been there that day. She alarmed the neighbors, a company went forth, and after a diligent search they found the mangled corpse of the unfortunate victim in an adjoining pond. Her body was shockingly bruised, and her throat was cut to the neck bone! From appearances, the murder must have been perpetrated at a distance of two hundred yards from the pond in which the body was found, and the resistance must have been desperate. The ground and bushes at the place of conflict, were much trodden and broken, and some lightwood limbs that were on the spot, appeared to have been used by the monster in completing his designs. The young lady's combs were also found, broken and scattered on the ground. No discovery leading to the detection of the murderer, has yet been made, and with the exception of its fatal result, the whole transaction is yet a mystery to the neighbourhood. It must have taken place about noon, in a thickly inhabited settlement, and on the public road leading from Whitehall to Fayetteville. An Inquest was held, and a verdict pronounced of 'rape and murder, by some person unknown.' Should any thing farther transpire concerning this lamentable deed, I shall take an early opportunity of communicating it."

Raleigh, June 9.—We learn that there has been a very extensive revival at Chapel Hill, amongst the students. It is said that every member of the College, with the exception of thirty, has made an open profession of Religion. We are gratified in having it

in our power to state, that the lady of Professor Hentz, late of our University, has received the premium of \$600, offered in Philadelphia, for the best written tragedy. The title of the play, we are informed, is "The Moorish Bride," and its incidents are drawn from that period of history, immediately preceding the conquest of Grenada.

We understand that the Trustees of our University, have effected without difficulty, a loan from the Branch of the United States' Bank, at Fayetteville, sufficient to relieve them from their present difficulties.—*Reg.*

New food for Cattle.—We find in the American Farmer, a communication from Mr. ELLIOTT LEWIS, of Edgecombe county, in this State, detailing a new mode (new at least to us) of fattening Cattle. The food used by Mr. L. is turnips and cotton seed, in equal quantities, boiled together, with a little salt in it. He says he has fully tried it and that this preparation is preferable to any food he ever made use of. The turnips should be washed clean.—*ib.*

The Philadelphia Gazette says: We understand that a lady's reticule was taken out of the gutter of a street in this city, yesterday morning, and on opening it, the finder discovered in it the body of a new born infant.

FOREIGN.

Latest from Europe.—The packet ship Birmingham, at New York from Liverpool, brings London papers to the evening of the 6th May, and Liverpool to the 8th. The English markets continue in a dull and depressed state. The New-York papers furnish the following interesting items.

The accounts from the seat of war in Poland are to the 21st April. The Poles, it will be seen, though without any well authenticated account of new battles, are still on the advance, and acting offensively, having occupied Siedlec, the late head quarters of the Russians, who, in their turn, re-crossed the Bug, a retrograde movement that indicates great weakness or apprehension. The Warsaw papers of the 21st April, contain an account (given below) of a most hazardous attack made by 6000 Poles against four times their number of Russians. They were compelled to retreat of course; but it appears from Skrzynecki's account of the affair, that they retreated with credit, not having lost any of their artillery. The courage and spirit of the gallant nation, continues unabated.

The Messenger des Chambres of 2d May, has this paragraph—"The news arrived this morning affords three remarkable facts: the occupation of Siedlec by the Polish General Uminiski, announced in the official Gazette of Warsaw; the retreat of the left wing of the Russians stationed at Kock upon Vierz and Radjieu; and the retreat of Marshal Diebitsch across the Bug, announced in the Warsaw Courier of 19th. Nothing can explain these remarkable and serious facts, which would decide the freedom of Poland, but the insurrection of the Lithuanians, Volhynians and even among the Russians themselves, which have obliged Diebitsch to march to the assistance of the Empire, menaced with dismemberment by a revolution, which appears to extend from Livonia to Podolia, and which perhaps at this

moment disturbs Petersburg itself."

The elections in England go on triumphantly for Reform. Out of three hundred and eighty members returned, there had been an actual gain to the cause of reform of eighty. Liverpool had rejected General Gascoyne, who has been one of its representatives for almost half a century, we believe!

Revolution has extended to Greece too, and Capo D'Istria has been obliged to abdicate the government. Marco Michali had been placed at the head of a temporary Council of government.

In France, all was quiet. The French funds were rising.

In Italy, it appears that the success of the Austrians in checking the insurrection had been complete. Some diplomatic conferences are however to take place at Rome. The death of the King of Sardinia had been announced in Paris and London, with the further intelligence that Prince Carigna, who succeeds to the Crown of Charles Felix, had been proclaimed King of Sardinia.

The London Courier expresses its doubts as to whether Prince Leopold will consent to become King of Belgium. He is said to have the subject yet under deliberation.

A Liverpool paper of May 7, says: There is a letter in town, received by a merchant ship from Lisbon, which asserts that Don Miguel had given way respecting the French claims—he assented to the whole.

Elders THOMPSON and TROTMAN have appointed to hold a two days' meeting in Tarborough, the Thursday and Friday before the third Lord's day in July next.

SHOCCO SPRINGS
WARREN COUNTY,
NORTH-CAROLINA.

Nine miles South of Warrenton and sixteen miles North of Louisburg.

ON the first day of June next, the Buildings of this Establishment will be prepared for the reception of Visitors. The Houses are large and numerous, sufficiently so, to accommodate an assemblage of two or three hundred persons comfortably.

The Subscriber is flattered with the expectation, that the conveniences and improvements which have been added to this Establishment, in all those matters which essentially concern the health, comfort and amusement of its visitors, will render it the ensuing season, more attractive than ever. The private apartments will afford ample retirement to invalids, families, and others who prefer it. They are so arranged, as to combine every convenience and accommodation suited to the largest or smallest assembly, male and female.

Arrangements are also made, with the particular design of accommodating large families, by affording them large spacious cabins, near to or remote as they may select from the centre building, with double and single rooms, where they can be at all times perfectly secure in the enjoyment of quiet retirement.

The Subscriber pledges herself to devote her chief exertions to the accommodation of private families, and will spare no pains to render their visits happy and agreeable, by providing every thing that may contribute to their health, and by carefully guarding against annoyances of every description.

The Public Halls are abundantly spacious to receive all who may desire company.

No Public Balls will be given at Shocco during the season, but those who delight in Music and Dancing can partake of them without its disturbing or annoying, in the slightest degree, the rest of the boarders.

Few Watering Places present more rational objects of attraction than Shocco. Located in the most healthy, rich and populous part of the country, in the midst of a polished society, it affords in its Springs and climate many advantages, and gives it ascendancy over all Mineral Watering places to the South. It is believed that the water never failed in its sensitive effects upon persons afflicted with Dyspepsia, Bilious diseases and general debility, where they have persevered in its use.

An arrangement will be made to have Divine Worship performed at the Spring on the Sabbath day, when such visitors as may choose, can attend preaching without inconvenience.

My terms for Board, &c. will be the same as last year, viz. \$1 per day for each grown person; \$22 50 per month, or \$6 per week; Children and Servants half price. For Horses \$15 per month, or 60 cents per day.
