Election on Thursday, the 10th November next

We invite attention to the communication on our first page from Mr. Sidney Weller, on the American system of vine culture. Mr. Weller is one of the most persevering, enterprising, and extensive vine culturists in this section of country; and consequently his opinions on subjects connected therewith, are entitled to great weight.

We have received a pamphlet copy of "An Address to the Freemen of North Carolina," issued by the Republican Presidential Committee. We will endeavor to insert it entire in our next paper, notwithstanding its great length. The time for electing Presidential Electors is rapidly approaching, and the Republicans should be on the alert; for as the partial success of the Whigs in the August elections induced them to take to hard eating, we are apprehensive that should they prove successful in November they will take to hard drinking, which would be lamentable indeed.

The President left the Hermitage on the 11th ult. on his return to Washington. It is said that he proceeds by the way of Kentucky, Ohio, Pennsylvania & Maryland. A safe journey to the old Hero.—Pet. Con.

Mons. Pontais, late Minister from France to Buenos Ayres, has been appointed Envoy Extraordinary and Minister Plenipotentiary to the United States.—ib.

Mecklenburg county.—At the last term of the Superior Court for this county, Judge Dick presiding, William Rainer was tried and convicted of murdering William Stillwell on election day in August last; and sentenced to be hung on 21st October.

We understand, however, that in consideration of the mitigating circumstances attending the commission of this crime, nearly the whole community where it occurred have united in recommending the man to the mercy of the Executive; and that His Excellency the Governor has consequently extended a pardon to him.

Raleigh Standard.

Fatal Encounter.—We learn from the Milton Spectator, 20th inst. that Barzillai Kerr, aged about 18, was killed in that town on the 18th, in an encounter with Johnson Sneed, also aged about 18. Sneed was put in prison to await his trial.—ib.

Anson Superior Court.—The Fall Term of this Court concludes its session to day, after a duration of two weeks, his Honor Judge Saunders presiding. A good deal of business was despatched, of which, the most material is, the trial of Thomas Curtis for killing Thomas Cash in 1832, which resulted in a conviction of manslaughter. He was branded in the hand and imprisoned for six months. He had fled the county, and was taken somewhere in Alabama a few months ago.

Our University.—The steady progress of improvement, in the various departments of this institution, must attract the attention of all its friends. Among other Ordinances, recently adopted by its energetic and indefatigable Executive Committee, we are pleased to learn is the following: "That any native of the State, desirous of prosecuting his studies in the University, who shall furnish satisfactory evidence of good talents, studious habits and exemplary morals, and who shall be unable to defray the expense of Tuition money, may, at the discretion of the Faculty, be admitted to all the recitations of the Classes, free of any demand for Tuition fees.

"Resolved further, that such Beneficiaries may occupy the rooms of the College, free of rent, when such rooms are not necessary for the accommodation of such Students as pay Tuition and room rent fees."

We hope that hereafter, we shall never hear repeated the unfounded and senseless clamor, that it is a "School for rich men's sons only."—ib.

Hon. Jesse Speight.—We learn from the Greensboro' (Ala.) Beacon of the 14th inst. that this gentleman passed through that place on his way to Mississippi. We understand that he has purchased a farm in that State, sold his property in this, and intends to remove his family thither as soon as possible.—Newbern Spec.

Washington Market, Sept 30.—The Turpentine market has been more animated during the past week; and a considerable improvement in prices has taken place. We quote new at \$2 45; and old at \$2 80. Some sales, however, have been made a shade higher. The quantity coming to market is still small. Tar, \$1 60.—Whig.

Petersburg Market, Sept. 29.—Cotton—old, 13 a 16 cts. New, none at market, only 6 bales yet received.—Int.

New York Market, Sept. 24.—Cotton, upland, 12 1/2 a 20.

Naval Stores.—Turpentine is in some demand, and North county has been sold during the week at \$2 70 cash, and \$3 on time. Tar is in moderate demand, and sales at \$2 12 1/2 a \$2 25.—Star.

The Cholera is rapidly abating in Charleston, but has made its appearance with considerable virulence on the plantations.

INDIAN WAR.

Important from the South.—The Editors of the Norfolk Beacon received by the last southern mail the following important "Order," which was copied from the manuscript by a friend in Columbus, & forwarded to them forthwith.

Order No. 83.

Head Quarters Army of the South, Tuskegee, Alabama, 8th September, 1836.

The Major General commanding has the satisfaction to announce to the Army the entire cessation of hostilities, and the movement westward of the principal part of the Creek Nation. He congratulates both Officers and Soldiers, on the complete success which has attended their operations throughout the campaign. More than 2,500 hostile Indians, among them upwards of 700 warriors, were captured by the Alabama troops and friendly Indians;

all of whom have been removed to Arkansas, or are in the custody of the civil authorities, waiting their trial for offences against the laws of Georgia and Alabama.

Several hundred Indians who escaped from Echo Hadjo's camp, in this neighborhood, and attempted to force their way into Florida, were attacked in the most gallant manner by the Georgia troops and with few exceptions, were destroyed, captured or driven back to their swamps.

The greater part of the Georgia and Alabama troops, called out for three months, have already been discharged—those that remain in service, with the exception of Major Nelson's battalion and Captain Hentz's company of Georgia volunteers, will be mustered, honorably discharged and paid as soon as arrangements for that purpose can be made.

The services of General Officers of volunteers being no longer required, Major General Sanford and the Officers of his Staff of Georgia, and Major General Patterson and Brigadier Gen. Moore, with the Officers of their respective Staffs, of Alabama, are hereby honorably discharged. In separating officially from those gentlemen and the officers and troops that compose their commands, the Major General would do injustice to his own feelings, were he to omit the expression of the high sense which he entertains for their good conduct and soldierly deportment. They have his entire approbation and deserve that of their country.

The Tennessee Brigade under Brigadier General Armstrong, deserves the highest commendation for the prompt and effective manner in which they have performed the duties that devolved on them, while they were detained in the Creek country. They are now on their march to Florida, where a determined and active enemy awaits them. The same promptness and attention to duty, which distinguished them here, will ensure them victory there.

The Regular Troops, except Major McIntosh's company, will proceed to Florida in the course of this month, or early in October.

The order, discipline and good conduct which they have displayed throughout this campaign, and the readiness with which every duty has been performed by officers and soldiers, do them the highest honor.

The Marines will be necessarily detained sometime longer in this country. Both officers and men have acted in the best manner, and have performed every duty which has devolved upon them with a promptness and correctness, creditable to themselves and characteristic of the corps. The gallantry which prompted them to volunteer for service in the field, will be long remembered by the Army, and by none more gratefully than by the Major General commanding.

By order of Major Gen. Jesup. HENRY STAUNTON, Lt. Col. and Adjt. Gen'l. Army of the South.

By the Jacksonville (Florida) Courier of 14th Sept. we learn that Gen. Call, with 1600 mounted Tennesseans, is to take the field and open the campaign immediately.

The late accounts from the seat of Indian depredations, are of a most melancholy character. A large portion of the troops are suffering from disease; and the inhabitants are daily exposed to the butcheries of the relentless savages. They had attacked the house of a Mr. Higginbotham, and had fired upon the inmates; but had been beaten off, and during their flight, when pursued, burnt to the ground the house of Mr. McCormick, 18 miles from Jacksonville, occupied by Mr. Johns and his wife. The pursuing party in examining the ruins, found the calcined bones of a man being burned in the house. Near the house was a quantity of hair, to appearance that of a female. They followed on, and coming to Mr. Sparkman's, found Mrs. Johns—her arm was laid o-

pen by a rifle ball, her neck pierced with a shot, and her scalp removed from her head; though she was able to give the particulars of the attack on the house. The Indians charged the house and Mr. Johns was shot. She was taken by an Indian, and told to go, but at that moment she was fired upon by another, and then seized and scalped with a butcher knife. During the whole operation she was perfectly sensible. They set fire to the house and one Indian applied the torch to her clothes, which she extinguished with her own blood. She made her escape and proceeded as far as a swamp, where she fell exhausted, and remained till 10 at night, when the father of her husband, Mr. Lowder, and Mr. McKenny came along and discovered her.

TEXAS.

By New Orleans papers of the 15th ult. we learn that Gen. Houston has been elected President, and Lamar, Vice President. Another attempt had been made to rescue Santa Anna by a Spaniard, who said he was employed for the purpose by the Mexican Consul of New Orleans. The Texian schr. Terrible, had taken several Mexican prizes. The army, 3000 strong, had removed their encampment to the Garcite, near Matagorda Bay.

Gen. Houston has issued a proclamation, calling for troops to sustain the United States forces at Nacogdoches, until reinforcements can arrive from General Gaines. From certain reports that had reached him, of the Cherokees, with the native Castilians, having returned to the Cherokee village from Matamoras, and saying that the Indians of the Prairie, and a Mexican force, are about to attack a portion of Texas, he is induced to believe that the situation of that section is unsafe.

The Texas Telegraph states that since the attempted rescue of Santa Anna, he and Almonte have been put in irons, and free communication with them interdicted. The captive President made an effort to destroy himself, by taking a large dose of opium, which produced however only nausea.

From Mexico.—Extract from a private letter to a commercial house in New Orleans, dated Vera Cruz, 27th August, 1836:—

Our vessels of war are at sea since a fortnight, to cruise against the Texian pirates. The forced loans of the government are extorted with great severity now, even from foreigners—ammunition, provisions and clothing have been sent to Matamoras and 4000 men are spoken of to join the party stationed there. It seems government is decided to resume hostilities against Texas, but we think with little chance of success.

We learn that great preparations are made in Mexico by the Minister of War, to equip completely the army of operations against Texas.

It was generally rumored in Mexico, that the new Commander in Chief of the army of operations against Texas, would be either D. Anastasio Bustamante or General Bravo; the former has the best prospects of being named.

Late from Europe.—London dates to the 24th, and Paris to the 25th August, have been received at New York. They are said to contain no political intelligence of moment. The Cotton markets were rather more animated, and prices improving.

A late Liverpool paper states that several agents have arrived there for the purpose of purchasing Flour, and transporting it to the United States.

FLAG MARSH FOR SALE.

THE Subscriber offers for sale his Plantation called FLAG MARSH lying on the south side of Tar River, opposite to James S. Battle's Cool Spring Farm, and adjoining the lands of Redman Bunn, James M. Battle, Etheldred Gray, and others, containing

836 Acres,

More or less. This land is equal in point of fertility of soil to any tract of land on the river of the same size, and superior to many in being exempt from damage by freshets—being above high water mark. There are between 300 and 400 acres cleared—a good frame house for the Overseer, smoke house, lumber house, barns, stables, and negro huts. There is an inexhaustible bed of Marble in the bank of the river—more than sufficient to manure the whole plantation—the best manure ever yet discovered.

The present line of the Wilmington and Halifax Rail Road passes through the upper part of the farm, (woodland) but it is believed that when the road is located, it will cross the river a mile or two above the value of the land twenty-five per cent. or more. Persons desirous of purchasing are requested to call and examine the premises, as such land as is seldom offered for sale in this State—it will certainly not be long in market. 100 acres more of river land adjoining the above, belonging to another person, will be added if desired by the purchaser. Terms accommodating.

Jno. W. Lewis, Rocky Mount, Sept. 1836. 33

The Washington Whig will insert the above three times.
