THIS well known Watering place will be again opened for the reception of Visiters on the

1st of June next.

The testimonials of the efficacy of this Water, particularly in cases common to the lowlands, are of sufficient notoriety, and require reference only to those whose experience has enabled them to test its virtues. I deem it only necessary to state that the Water has been recently analyzed, and its ingredients are of the same class with most of the Virginia Springs and the famous Bedford Springs

of Pennsylvania. For the benefit of the Public, I have cent. thought proper to subjoin a letter or two Goods the last year. from emineut Professional men, whose intimate acquaintance with the properties of the Water renders them competent judges of its efficacy. Since the last Season, several Bed

rooms with Fire places have been erected for the convenience of Families.

From Simmons J. Baker, M.D. DEAR MADAM-The case referred to, in the conversation I had the honor to have

in the place-indeed it is not inferior to any in the State, for comfort and extended mercantile operations. with you a few days past, was that of Mr. Paul, of Scotland Neck. He had a violent acute inflammation of the Liver, And out houses of all descriptions, pleawhich was subdued with great difficulty: santly located in good condition for a when he was convalescent, his skin was of large family or boarding house, dining a deep orange color. As Mr. Paul had room 40 been severely disciplined, I was unwilling attached. to give him more medicine, and advised him to accompany me to Shocco Springs, to which he consented. We arrived on a Tuesday evening; on Wednesday morning, business called me to Raleigh, and 1 did not return until Sunday evening, when, to my astonishment, Mr. Paul's skin was as clear as it ever was. In two or three days he returned to Scotland Neck, was drafted and went to Norfolk, and remained there until the troops were dishanded He was one of the few, en-

camped at the Peach Orchard, who escaped with impunity. Your most obed't,

From F. A. Thornton, Esq.

Alexandria, Warren Co. May 10. DEAR MADAM-For several months preious to leaving home for Shocco Springs, my health was dreadful. Indeed, my situntion was considered critical. When I reached Shocco, I was unable, without assistance, to get from my carriage to my room. I did not drink the water more than a fortnight, before I had so far recovered my health as to be able to walk a-lone all over the yard; and, in a very short time afterwards, to the astonishment of my friends, I returned home entirely well. years, should be able to form a just esti-Copper & Tin ware mate of their medical eff cts. It gives me pleasure to be able, from much observation, and no small personal experience, to say, that the waters are well adapted to cases of convalescence from bilious and intermittent Fevers; that they correct a vitiated or deficient action of the Liver; give keenness to the appetite, and toue

and energy to the digestive Organs. Those who reside in low and unhealthy districts of country, will find at Shocco during the Summer mouths, a pure and invigorating air, comfortable accommodations, mineral waters answering all reasonable expectations, and a table, of which the only fault is, being rather too tempting for invalids.

It is proper to remark, that the water parts with much of its active properties in a short time after being drawn from the Spring, and therefore, in order to realize its full benefits, visiters should take it at the Fountain.

Very respectfully, JOHN BECKWITH.

To Mrs. Johnson, Shocco Springs.

From E'lis Malone, M. D.

May 2, 1837. DEAR MADAM-I take pleasure in stating, that in my opinion, the water of Shorco Springs is possessed of an extensive and direct influence over the diseased actions of many of the organs of our system. Actively diaretic, gently laxative, and, if esercise is taken after using it, not a little diaphoretic, together with its invigorating nfluence over the chylopaetic apparatus increasing the appetite and strengthening the powers of digestion, it could not well be otherwise than that the proper use of it, should be greatly conducive to the restoration of the healthy action of diseased organs, to which it bears so manifest re lation.

My information in relation to its medical properties has been derived from no little personal experience. It will readily occur to intelligent medical men, to what class of diseases a remedy having such effects as described above, will be applicable, who will likely be consulted by invalids wishing to avail themselves of its benefits before leaving their respective omes.

Respectfully, yours, &c. ELLIS MALONE. To Mrs. Ann Johnson.
