New York, Jan. 4.—We are here all in
excitement, from the report of the Cana-
dian loyalists having attacked and fired the
steamboat Caroline while lying at the
wharf at Schlosser. The Buffalo accounts
give terrific and horrible descriptions of
this outrage, and represent it as an attack
in the dead of the night upon sleeping and
defenceless American citizens. These ac-
counts state the loss of life to be twenty
persons, but I am inclined to believe this
to be a gross exaggeration. Whether it be
so or not, the affair is truly unfortunate and
in no way to be palliated or justified. The
consequences will be serious. The matter
is one of deep sorrow and heart-burning,
which consummate skill alone can check
from becoming the forerunner of yet great-
er calamities. A special message was
transmitted by Gov. Marcy to our Legis-
lature on this unhappy affair being made
known to him. He states the loss of life
to be twelve persons, either killed in the
affair, or who perished at the falls. His
tone is manly, patriotic and decisive, and
he unflinchingly declares there is "no jus-
tification for the hostile invasion of our ter-
ritory, and the destruction of the lives of
our citizens." Gov. Marcy then adds:—
"The General Government is entrusted
with the maintenance of our foreign rela-
tions, and will undoubtedly take the neces-
sary steps to redress the wrong, and sus-
tain the honor of the country."

Notice.

THE Subscriber respectfully informs
the public, that he still continues to
manufacture and repair

Cotton Gins, Corn Fans, and Corn Shellers,

AT HAMILTON, MARTIN COUNTY.
He also is Agent for the disposal of
Harman's Patent Threshing Machine,
in this section of the State, and will
promptly furnish those who may desire
one of them. They are a very useful and
durable article, as will be seen by the sub-
joined documents.

JOHN WILSON.
Jan. 2, 1838.

HARMAN'S Patent Threshing Machine.

The Subscribers have purchased the
Patent right of this late and useful inven-
tion, for the counties of Franklin, War-
ren, Nash, Edgecombe, Johnston, Wayne,
Bertie, Pitt, Greene, Hertford, Chowan,
Gates, Perquimans, Pasquotank, Camden,
Currituck, Martin, Lenoir, Hyde, Tyr-
rell, Duplin, Craven, Beaufort, New Han-
over, Brunswick, and Sampson, in this
State, and can with confidence recom-
mend them to the farmers, as being one of
the best, cheapest, and most durable ma-
chines ever before offered to the public.
The breast being supported by springs,
prevents it from chinking up when an over-
portion of food is introduced; (a great im-
provement upon this kind of machine.)
We warrant this Thresher to perform ex-
peditiously, and the grain threshed per-
fectly clean. One horse can thresh from
125 to 150 bushels of wheat, rye, oats and
rice, and from 150 to 200 bushels of pea-
per day. This machine has been fully
tried in this State, and its utility proven
as will appear by reference to the subjoin-
ed certificate.

Thomas Howerton,
Joseph Kearney,
Daniel Blue.

N. B. We have on hand several ma-
chines just finished off and for sale, and in-
tend keeping on hand a constant supply;
and should it be desired, we will sell the
right for any of the above counties at a
reasonable price.

The undersigned citizens of Burke county hereby certify, that they have seen the Threshing Machine,

Patented by Enoch A. Harman, in opera-
tion on the farm of Isaac T. Avery. The
machine threshes four hundred sheaves in
an hour, and the threshing is more perfect
and performed better than by any ma-
chine we have seen in use; and we have
no hesitation in recommending it to pub-
lic patronage. (Signed.)

STONY HILL Academy.

THE Exercises will commence again
at this School 2nd Monday in Janu-
ary and terminate about 15th June. The
entire expenses for Board, Tuition, &c.
will be \$50 per session. Books and can-
dles when furnished will constitute the
only extra charge. In this institution are
taught the Latin and Greek languages,
with the various branches of a Mathemat-
ical and English education. Those who
intend a course at College will invariably
use such authors as are recommended by
the Faculty of our University.

STONY HILL

Is well situated, and has many advantages
for the studios; it is retired, in a healthy
country, free from the noise and bustling
of town and village distractions; a suffi-
ciency of comfortable and convenient
rooms; a well selected and growing libra-
ry, belonging to and under the direction
of the Students; a well conducted

Debating Society

Under their own regulations, from which
all political and religious discussions are
excluded. It also has many advantages to
the satisfaction and interest of parents;
their sons are treated with kindness and
mildness; at the same time they are made
to behave themselves. Their health and
comfort as well as education and depart-
ment are attended to; no idling, contract-
ing debts, vicious indulgences. Thus
whilst the studios and thoughtful find
many things to interest them and render
their situation agreeable and comfortable,
whilst they enjoy themselves and are hap-
py in the prosecution of their studies, the
idle and vicious become restive, long to
be free from a proper restraint and by ar-
tifice frequently impose on their credulous
and unsuspecting parents, thereby leaving
the studios in the full enjoyment of their
quiet, and the possession of those advan-
tages which none but the studios care for
or know how to appreciate.

Parents are requested to visit the school
frequently. Address at Ransom's Bridge.
