Notice.

THE Subscriber respectfully informs the public, that he still continues to manufacture and repair

Cotton Gins, Corn Fans, and
Corn Shellers,

AT HAMILTON, MARTIN COUNTY.

He also is Agent for the disposal of Harman's Patent Threshing Machine, in this section of the State, and will promptly furnish those who may desire one of them. They are a very useful and durable article, as will be seen by the subjoined documents.

JOHN WILSON.
Jan. 2, 1838.

HARMAN'S
Patent Threshing Machine.

The Subscribers have purchased the Patent right of this late and useful invention for the counties of Franklin, Warren, Nash, Edgecombe, Johnston, Wayne, Bertie, Pitt, Greene, Hertford, Chowan, Gates, Perquimans, Pasquotank, Camden, Currituck, Martin, Lenoir, Hyde, Tyrrell, Duplin, Craven, Beaufort, New Hanover, Brunswick, and Sampson, in this State, and can with confidence recommend them to the farmers, as being one of the best, cheapest, and most durable machines ever before offered to the public. The breast being supported by springs prevents it from choking up when an over portion of food is introduced; (a great improvement upon this kind of machine.) We warrant this Thresher to perform expeditiously, and the grain threshed perfectly clean. One horse can thresh from 125 to 150 bushels of wheat, rye, oats and rice, and from 150 to 200 bushels of peas per day. This machine has been fully tried in this State, and its utility proven as will appear by reference to the subjoined certificate.

Thomas Howerton,
Joseph Kearney,
Daniel Blue.

N. B. We have on hand several machines just finished off and for sale, and intend keeping on hand a constant supply; and should it be desired, we will sell the right for any of the above counties at a reasonable price.

The undersigned citizens of Burke county hereby certify, that they have seen the

Threshing Machine,

Patented by Enoch A. Harman, in operation on the farm of Isaac T. Avery. The machine threshes four hundred sheaves in an hour, and the threshing is more perfect and performed better than by any machine we have seen in use; and we have no hesitation in recommending it to public patronage. (Signed.)

A Catalogue of reasons for using
Dr. PETERS'
Celebrated "Vegetable Pills."

1. BECAUSE they are exceedingly popular, which proves them to be exceedingly good.

2. Because they are composed of simples which have the power to do good in an immense number of cases, without possessing the means to do injury in any.

3. Because they are not a quack medicine, but the scientific compound of a regular physician, who has made his profession the study of his life.

4. Because they are not unpleasant to take, nor distressing to retain, while they are most effective to operate.

5. Because they are recommended as a standard medicine by the regular faculty.

6. Because by keeping the system in a natural state of action, they cure almost every disease which is incidental to the human frame.

7. Because they are cheap and portable, and will retain all their virtues in full vigor, in any climate, and for any length of time.

8. Because, notwithstanding their simplicity and mildness, they are one of the speediest purgative medicines which has yet been discovered.

9. Because they are an unfailing remedy for procuring a good appetite.

10. Because in cases of spleen or despondency, by their healthy influence on the excited state of the body, they have a most happy effect in calming, and invigorating the mind.

11. Because they effect their cures without the usual attendants of other pills, sickness and gripings.

12. Because as well as being an unrivalled purifier of the general system, they are a sovereign remedy for sick head-ache.

13. Because they differ from the majority of medicines, in the fact that the more they are known the more they are approved.

14. Because as their application creates no debility in the system, they may be taken without producing any hindrance to business or the usual pursuits of every day life.

15. Because when once introduced into a family, or a village, they almost immediately take the precedence of all other medicines in general complaints.

16. Because a number of the wonderful cures they have effected, can be substantiated without any undue means being resorted to, to procure invalid testimonies.

17. Because their composition is such, that they are equally applicable to the usual diseases of warm, cold, or temperate climates.

18. Because two, or three, are in general sufficient for a dose—so that, as is the case with the generality of patent medicines—the patient is not compelled to make a meal of them.

19. Because each individual pill is put up under the immediate superintendence of the proprietor, so that no mistake in the composition, or quantity can possibly occur through the carelessness of a less interested agent.

20. Because they purify the frame without debilitating the system.

21. Because, notwithstanding their immense popularity, no person has ever ventured to raise against them the breath of censure, which would not have been the case, if envy could have discovered in them a single flaw to cavil at.

22. Because—and this fact is of the utmost importance—ladies in a certain situation may take them, (not more than two or three at a time however!) without in the slightest degree incurring the hazard of abortion. Were the virtues of

Peters' inestimable Pills,

Confined to this desirable end alone, it would give them a decided advantage over the medicines of all competitors, as in no cases is there more danger to be apprehended, or for which so few remedies have been discovered, as the one referred to.

23. Because while they are so efficient in their operations with adults, they may at the same time be administered to children, and even to infants, in small quantities, half a pill for instance, without the slightest danger.

24. Because their virtues are acknowledged to stand pre-eminent, for their soothing influence upon young ladies while suffering from the usual changes of life, as directed by the laws of Nature.

25. And lastly, because they are acknowledged to be an almost infallible remedy for Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Lowness of Spirits, Piles, Colic, Heartburn, Nausea, Disten-

sion of the Stomach and Bowels, Flatulence, Habitual Costiveness, Loss of appetite, Blotched, or Sallow Complexion, and in cases of torpor of the bowels, where a mild but effective medicine may be requisite.

In short, the general voice of the community has decided that

Dr. Peters' Vegetable Pills, is one of the happiest discoveries of modern days, and altogether unrivalled as a general soother of bodily afflictions.

Be careful and enquire for Dr. PETERS' VEGETABLE PILLS—they are sold in Tarboro' by
