

\$25 Reward.

RUNAWAY from the Subscriber, on the 14th November, 1836. negro man **SPENCER,**

Aged about 26 years, 5 feet 6 or 7 inches in height, weighing about 150 pounds, yellow complexion, with a pleasant look—no scars or marks known of. Said negro formerly belonged to Moses Tison, in Pitt county where he was raised. The above reward will be paid for his apprehension and delivery to me in Greene county, 9 miles from Stantonburg on the Raleigh road, or lodged in any jail so that I get him again. All persons are forewarned against harboring, employing, or carrying off said negro, under penalty of the law.

BENJ. C. D. EASON.

Imported Horse,

SARPEDON.

This celebrated Racer and Stallion, care fully selected in England, brother to Priam.

WILL STAND the present season, which has commenced and will expire on the 15th July, at my stable in Northampton county, North Carolina, six miles from Petersburg, Va. forty from Warrenton, North Carolina, fifteen from Halifax, and fifteen from Jackson. It will serve mares at **SIXTY DOLLARS** the season, payable at the expiration of it, and **ONE HUNDRED DOLLARS** insurance, payable as soon as the mare is discovered to be in foal or the property changed; with one dollar to the Groom in every instance. Any gentleman sending six mares shall have the season of one gratis. Large and extensive pasturage sown in small grain for mares left with the horse. Separate stables and lots expressly for mares and colts, and board of servants gratis. My usual attention, but cannot be liable for accidents of any kind that may happen.

Sarpidon,

Is a dark bay or brown horse, of fine size—very strong and handsome form, fully five feet four inches high, has large bone and clean limbs, and is of great length and substance; in his shoulders, back line, style, and all the points of a race horse, he is equal to any horse whatever—he made one season at New Market, England, and proved himself an uncommon sure foal getter of Race horses. He was bred by Genl. Grosvenor, and ran altogether at New Market and other most fashionable courses with great success. For further particulars at present I will refer you to the General Stud Book, American Turf Register, or his hand bill. Further particulars will be made known shortly.

WM. MOODY.

Mount Forest, Feb 20th, 1838

The Young Jack,

EDGECOMBE,

WILL STAND the ensuing season at my stable, on the north side of Tar River, on the road leading from Teat's Bridge to the Falls Tar River, three miles above the bridge—and will be let to mares at **THREE DOLLARS** the single leap. **FIVE DOLLARS** the season, and **TEN DOLLARS** to insure a mare to be in foal—with twenty five cents to the Groom in every instance. A transfer of property forfeits the insurance. The season will commence the 10th March and end the 10th July. Every attention will be paid, but no responsibility for accidents, &c.

EDGECOMBE,

Is five years old, and a very large sized Jack to his age. His appearance is the best recommendation that can be given.

R. D. WIMBERLEY.

March 8, 1838

Books and Pamphlets.

Rates of Freight between Halifax and Portsmouth on Cotton 33 cents, and Groceries and Dry Goods 36 cents per 100 pounds.—Passengers, \$5.

Notice.

THE Subscriber respectfully informs the public, that he still continues to manufacture and repair

Cotton Gins, Corn Fans, and Corn Shellers,

AT HAMILTON, MARTIN COUNTY.

He also is Agent for the disposal of **Harman's Patent Threshing Machine**, in this section of the State, and will promptly furnish those who may desire one of them. They are a very useful and durable article, as will be seen by the subjoined documents.

JOHN WILSON.

Jan. 2, 1838.

HARMAN'S Patent Threshing Machine.

The Subscribers have purchased the Patent right of this late and useful invention, for the counties of Franklin, Warren, Nash, Edgecombe, Johnston, Wayne, Bertie, Pitt, Greene, Hertford, Chowan, Gates, Perquimans, Pasquotank, Camden, Currituck, Martin, Lenoir, Hyde, Tyrrell, Duplin, Craven, Beaufort, New Hanover, Brunswick, and Sampson, in this State, and can with confidence recommend them to the farmers, as being one of the best, cheapest, and most durable machines ever before offered to the public. The breast being supported by springs, prevents it from choking up when an over portion of food is introduced; (a great improvement upon this kind of machine.) We warrant this Thresher to perform expeditiously, and the grain threshed perfectly clean. One horse can thresh from 125 to 150 bushels of wheat, rye, oats and rice, and from 150 to 200 bushels of peas per day. This machine has been fully tried in this State, and its utility proven as will appear by reference to the subjoined certificate.

N. B. We have on hand several machines just finished off and for sale, and intending to keep on hand a constant supply; and should it be desired, we will sell the right for any of the above counties at a reasonable price.

Thomas Howerton,
Joseph Kearney,
Daniel Blue.

The undersigned citizens of Burke county hereby certify, that they have seen the

Threshing Machine,

Patented by Enoch A. Harman, in operation on the farm of Isaac T. Avery. The machine threshes four hundred sheaves in an hour, and the threshing is more perfect and performed better than by any machine we have seen in use; and we have no hesitation in recommending it to public patronage. (Signed.)

Isaac T. Avery,
David Corpening,
W. W. Erwin,
Jno. Rutherford, Jr.

Burke county, N. C. June 27th, 1833.

Corn Shellers.

AN excellent new Corn Sheller, made by Mr. John Wilson, of Hamilton, can be had on reasonable and accommodating terms, on application

AT THIS OFFICE.
January, 1838.

A Catalogue of reasons for using Dr. PETERS' Celebrated "Vegetable Pills."

1. BECAUSE they are exceedingly popular, which proves them to be exceedingly good.

2. Because they are composed of simple which have the power to do good in an immense number of cases, without possessing the means to do injury in any.

3. Because they are not a quick medicine, but the scientific compound of a regular physician, who has made his profession the study of his life.

4. Because they are not unpleasant to take, nor distressing to retain, while they are most effective to operate.

5. Because they are recommended as a standard medicine by the regular faculty.

6. Because by keeping the system in a natural state of action, they cure almost every disease which is incidental to the human frame.

7. Because they are cheap and portable, and will retain all their virtues in full vigor, in any climate, and for any length of time.

8. Because, notwithstanding their simplicity and mildness, they are one of the speediest purgative medicines which has yet been discovered.

9. Because they are an unfailing remedy for procuring a good appetite.

10. Because in cases of spleen or depression, by their healthy influence on the excited state of the body, they have a most happy effect in calming, and invigorating the mind.

11. Because they effect their cures without the usual attendants of other pills, sickness and gripings.

12. Because as well as being an unrivalled purifier of the general system, they are a sovereign remedy for sick head ache.

13. Because they differ from the majority of medicines, in the fact that the more they are known the more they are approved.

14. Because as their application creates no debility in the system, they may be taken without producing any hindrance to business or the usual pursuits of every day life.

15. Because when once introduced into a family, or a village, they almost immediately take the precedence of all other medicines in general complaints.

16. Because a number of the wonderful cures they have effected, can be substantiated without any undue means being resorted to, to procure invalid testimonies.

17. Because their composition is such, that they are equally applicable to the usual diseases of warm, cold, or temperate climates.

18. Because two, or three, are in general sufficient for a dose—so that, as is the case with the generality of patent medicines—the patient is not compelled to make a meal of them.

19. Because each individual pill is put up under the immediate superintendence of the proprietor, so that no mistake in the composition, or quantity can possibly occur through the carelessness of a less interested agent.

20. Because they purify the frame without debilitating the system.

21. Because, notwithstanding their immense popularity, no person has ever ventured to raise against them the breath of censure, which would not have been the case, if any could have discovered in them a single flaw to cavil at.

22. Because—(and this fact is of the utmost importance—) ladies in a certain situation may take them, (not more than two or three at a time however!) without in the slightest degree incurring the hazard of abortion. Were the virtues of

Peters' inestimable Pills,

Confined to this desirable end alone, it would give them a decided advantage over the medicines of all competitors, as in no cases is there more danger to be apprehended, or for which so few remedies have been discovered, as the one referred to.

23. Because while they are so efficient in their operations with adults, they may at the same time be administered to children, and even to infants, in small quantities, half a pill for instance, without the slightest danger.

24. Because their virtues are acknowledged to stand pre-eminent, for their soothing influence upon young ladies while suffering from the usual changes of life, as directed by the laws of Nature.

25. And lastly, because they are acknowledged to be an almost infallible remedy for Bilious Fever, Fever and Ague, Dyspepsia, Liver Complaints, Jaundice, Asthma, Dropsy, Rheumatism, Enlargement of the Spleen, Lowness of Spirits,

Piles, Colic, Heartburn, Nausea, Distention of the Stomach and Bowels, Flatulence, Habitual Costiveness, Loss of Appetite, Blotched, or Sallow Complexion, and in cases of torpor of the bowels, where a mild but effective medicine may be requisite.

In short, the general voice of the community has decided that

Dr. Peters' Vegetable Pills,

is one of the happiest discoveries of modern days, and altogether unrivalled as a general soother of bodily afflictions.

Be careful and enquire for **Dr. PETERS' VEGETABLE PILLS**—they are sold in Tarboro' by

JAMES M. REDMOND, P. M.
Feb. 20, 1838.

Cotton Gins.

THE Subscriber respectfully informs the public, that he still continues to carry on the

Gin making Business,

At his former stand,

In Greenville, Pitt county, N. C.

Where those wishing new Gins can be supplied with either German or polished cast steel saws at the shortest notice.

Those having Gins out of order, best send them in at as early a day as convenient. When all wait (as is usually the case) until they want to use them, it is sometimes impossible to furnish them within the time required.

ALLEN TISON,

In connection with this establishment, continues to carry on the

Lock and Gunsmith business,

The making of **Saw Mill Boxes, Mill Inks and Gudgeons, and Mill Spindles,** with **Steel Collars,** (turned,) equal to any in the United States.

All orders in his line of business will be thankfully received, and faithfully and promptly executed on reasonable terms.

NORFLEET TYER.

January 30, 1838.

Cotton Yarns.

THE subscribers, thankful for the liberal patronage they have heretofore received, would respectfully inform their customers and the public, that they have

REDUCED THEIR PRICES.

And are now prepared to supply all orders which may be sent them, with

Yarns of the best Quality,

And upon terms as favorable as can be obtained elsewhere. Their time of credit is heretofore, with the usual discount for cash.

They would also inform those indebted to them, that the interest of Parker's lease in the Factory terminates with the end of the present year, and therefore they are requested to make payment by the 1st January next, either with cash or good cotton, which will be preferred, and for which the highest market price will be allowed.
