**THE NORTHAMPTON  
MALE ACADEMY.**

Jackson, Northampton County, (N. C.)  
THE exercises of this institution will be resumed on Monday, the 15th of January next, under the control and management as heretofore, of

**Mr. Robert A. Ezell,**  
as principal, whose superior qualifications as an instructor of youth, in the various departments of science, are too extensively known in this part of the country, to require at my hands any further notice than the mention of his name. Whenever the increase of students shall justify the employment of aid, Mr. Ezell will engage the services of a competent assistant in the English branches.

The course of instruction pursued in this school is thorough and exact, designed not so much to hasten students on, without a special regard to a perfect knowledge of the studies, as to lay a foundation broad and deep, for the future erection of a superstructure of classical learning. This remark is intended to apply with peculiar force to the languages, as preparatory to admission into College, which are all taught with great precision and accuracy in this Academy.

The new, large, and commodious Academy erected at great expense, by the Trustees, will be ready for the reception of the school at the beginning of the next term.

Board of an excellent quality may be had in the family of the Principal, or in private families at \$8 per month.

Terms of Tuition, for the scholastic year of ten months, as follows:

**CURE FOR  
Consumption, &c.**

THE article published below, concerning the new and popular doctrine advanced by the illustrious Goelicke of Germany, cannot fail of exciting a deep and thrilling interest throughout our country.

(Translated from the German.)  
**Louis Offon Goelicke,**  
OF GERMANY,

THE GREATEST OF HUMAN BENEFACTORS  
Citizens of North and South America.

To LOUIS OFFON GOELICKE, M. D., of Germany, (Europe) belongs the imperishable honor of adding a NEW and PRECIOUS DOCTRINE to the Science of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member,) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine, upon the verity of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: *Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or Life Principle) of the human body: It often secretly lurks in the system for years before there is the least complaint of the Lungs; and which may be as certainly, though not so quickly, cured, as a common cold or a simple headache.* An invaluable precious doctrine this, as it imparts an important lesson to the apparently healthy of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the *great secret in the art of preserving health is to pluck out the disease while in the blade, and not wait till the full-grown ear.*

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his MATCHLESS SANATIVE, whose healing fiat may justly claim for it such a title, since it has so signally triumphed over our great common enemy CONSUMPTION, both in the first and last stages—a medicine which has thoroughly filled the vacuum in the Materia Medica, and thereby proved itself the CONQUEROR OF PHYSICIANS—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence—a medicine, whose wondrous virtues have been so glowingly portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

**GOELICKE'S  
Matchless Sanative,**

A medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a THREE-FOLD power—a medicine, which, though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the INSATIABLE GRAVE.

DOSE of the Sanative, for adults, one drop; for children, a half drop; and for infants, a quarter drop; the directions explaining the manner of taking a half or a quarter drop.

PRICE.—Three and one-third rix dollars\* (\$2,50) per HALF OUNCE.  
\*A German coin, value 75 cents.

**The Sanative**

Is above all estimate, as a general preventive of CONTAGIOUS DISEASES, and by many it is said to be a never failing antidote, though the inventor does not clothe it with such infallibility.

The patient, while using this medicine, should eat and drink (in kind, not quantity) whatever the APPETITE dictates, and not be compelled to force down, against nature, every medley which the tenderest friends and kindest nurses often imprudently recommend.

It is here worthy of remark, that in almost every instance where cures have been wrought by this remedy, less than a phial has removed the disease—and, in no case, whether resulting fatally or successfully, has a patient used two whole phials.

The above precious medicine (the original discovery of Dr. LOUIS O. GOELICKE, of Germany,) is for sale, wholesale and retail, in Boston, by D. S. ROWLAND, General American Agent for the discoverer, where numerous letters, certifying the good effects of the medicine, may be seen.

Also for sale by retail, in most of the towns in America.

**AN HIGHLY  
Important Caution  
To the Public.**

"Cave ne titules"—Beware of falling.

**DOCTOR EVANS,** 100 Chatham street, takes the present opportunity of tendering his most unfeigned acknowledgements to the numerous patients [afflicted with the various form of disease incident to humanity] who have committed themselves to his care, and he has the satisfaction of knowing from many living evidences, that his remedies have removed or relieved their, respective maladies, as far as lies within the compass of human means. How distressing to the afflicted is

*Dyspepsia or Indigestion,*  
poisoning all the sources of his enjoyment, and leading in many instances to the miseries of hypochondriacism. Long as it has been made the subject of inquiry by medical authors it remains involved in much obscurity. *Jaundice, Diarrhoea, Cholera, and Colic,* also performs a conspicuous part in the drama of morbid affections.

DR. EVANS has been singularly successful in the treatment of the above complaints by remedies drawn from the searches of the most eminent physicians in Europe. He has also had vast experience and success throughout the whole family of delicate diseases, all of which are for the most part aggravated by, and rooted in the constitution, by the conspiracies of mercurial murderers unprincipled, uneducated and unpractised in any art save that of attempting to lead the credulous on the road to ruin. Dr. Evans' office is supplied with the choicest remedies from foreign markets, and compounded on the most scientific principles, a physician is always in attendance, and all those who come there in the hour of need will go off rejoicing.

Dr. Wm. Evans' Medical office 100 Chatham.

**Asthma, three years' standing.**

Mr. Robert Monroe, Schuylkill, afflicted with the above distressing malady. Symptoms:—Great languor, flatulency, disturbed rest, nervous headache, difficulty of breathing, tightness and stricture across the breast, dizziness, nervous irritability and restlessness, could not lie in a horizontal position without the sensation of impending suffocation, palpitation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr. R. Monroe gave up every thought of recovery, and dire despair sat on the countenance of every person interested in his existence or happiness, till by accident he noticed in a public paper some cures effected by Dr. Wm. Evans' medicine in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or any symptoms similar to those from which he is happily restored, may likewise receive the same inestimable benefit.

**Liver Complaint, ten years' standing.**

Mrs. Hannah Browne, wife of Joseph Browne, North Sixth st., near Second st., Williamsburgh, afflicted for the last ten years with Liver Complaint, restored to health through the treatment of Dr. Wm. Evans. Symptoms:—Habitual constipation of the bowels; total loss of appetite, excruciating pain of the epigastric region, great depression of spirits, languor and other symptoms of extreme debility, disturbed sleep, inordinate flow of the menses, pain in the right side, could not lie on her left side, without an aggravation of the pain, urine high coloured, with other symptoms indicating great derangement in the functions of the liver.

Mrs. Browne was attended by three of the first physicians, but received but little relief from their medicine, till Mr. Browne procured of Dr. Wm. Evans invaluable preparations which effectually relieved her of the above distressing symptoms, with others, which it is not essential to intimate.

**JOSEPH BROWNE.**
