

**Evans' Camomile Pills.**

THE camomile flower, (or as it is officially called, ANTHEMIS VULGARIS, or Chamæmelon, from the Greek words, *Kamoi*, on the ground, and *Melon*, an apple; because it grows on the ground, and smells like an apple.) is of a dull white color, of fragrant odor, and of a bitter aromatic taste.

Camomile is a mild tonic, in small doses acceptable and corroborant to the stomach. It is especially applicable to that condition of general debility, with languid appetite, which often attends convalescence from idiopathic fevers.

To the Nervous and Debilitated,  
**Dr. Evans' Tonic Pills.**

The powers of Evans' Camomile Pills are such, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, vanish before their effects like noxious vapors before the benign influence of the morning sun. They have been long successfully used for the cure of intermittents, together with fevers of the irregular nervous kind, accompanied with visceral obstructions.

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distension of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. Hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills will produce a safe and permanent cure.

Evans' Pills were first introduced in America in 1835.

**Evans' Family Aperient Pills**

Are purely vegetable, composed with the strictest precision of science and of art; they never produce nausea, and are warranted to cure the following diseases which arise from impurities of the blood, viz:

**Consumption, Coughs, and Colds,**

Nervous diseases, liver complaint, dyspepsia, bilious diseases, piles, ulcers, female weakness, and all cases of hypochondriacism, low spirits, palpitation of the heart, nervous irritability, nervous weakness, florid albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, seasickness, night mare, rheumatism, asthma, tic douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings, by a course of Dr. Evans' medicines.

**READ ON.**

Extract of a letter of Jonas Snyder, Post Master, Kernestown, Pa., to Dr. William Evans.

Among several cases the following is found: An elderly lady, who had been 25 years so afflicted with nervous hypochondria, debility, &c. that for the last three years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially in her left side, remained immovable, attended at long intervals with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health which for the last ten years she has not enjoyed.

(Signed,) JONAS SNYDER.

**WHO WANTS Better Evidence?**

I WOULD refer the reading public to the numerous voluntary letters published recently in this paper and in the Good Samaritan, relative to the happy and beneficial effects of the administration of

**MOFFAT'S LIFE PILLS**  
**And Phenix Bitters.**

Those who have perused the letters above referred to will observe that in almost every case they attest the fact, that no inconvenience of any sort attends the taking of these Medicines, in ordinary cases, but that the patient, without feeling their operation, is universally left in a stronger and better state of health than was experienced previous to being afflicted with disease; and in all cases of acute suffering, great relief is obtained in a few hours, and a cure is generally effected in two or three days.

In cases of FEVER of every description, and all bilious affections, it is unnecessary for me to say ought, as I believe the *Life Medicines* are now universally admitted to be the most speedy and effectual cure extant in all diseases of that class.

The LIFE MEDICINES are also a most excellent relief in affections of the Liver and Bowels, as has been proved in hundreds of cases where patients have come forward and requested that their experience in taking them might be published for the benefit of others. In their operation in such cases, they restore the tone of the stomach, strengthen the digestive organs, and invigorate the general functions of the whole body, and thus become to both sexes (for they are perfectly adapted to each) an invaluable means of preventing disease and restoring health.

In affections of the head, whether accompanied with pain and giddiness, or marked by the grievous calamity of impaired mental energy; in palpitations of the heart, flatulence, loss of appetite and strength, and the multiplied symptoms of disordered digestion, the *Life Medicines* will be found to possess the most salutary efficacy.

Constitutions relaxed, weak, or decayed, in men or women, are under the immediate influence of the LIFE MEDICINES. Old coughs, asthmas, and consumptive habits are soon relieved and speedily cured. Poverty of blood, and emaciated limbs will ere long meet the happiest change; the chill watery fluid will become rich and balsamic, and the limbs be covered with flesh, firm and healthy.

Nervous disorders of every kind, and from whatever cause arising, fly before the effects of the

**Life Medicines,**

And all that train of sinkings, anxieties, and tremours which so dreadfully affect the weak, the sedentary, and the delicate, will in a short time be succeeded by cheerfulness, and every presage of health.

For weakness, deficiency of natural strength, and relaxation of the vessels, by too frequent indulgence of the passions,

this medicine is a safe, certain, and invaluable remedy.

Those who have long resided in hot climates, and are languid and relaxed in their whole system, may take the LIFE MEDICINES with the happiest effects; and persons removing to the Southern States or West Indies, cannot store a more important article of health and life.

The following cases are among the most recent cures effected, and gratefully acknowledged by the persons benefited:

Case of Jacob C. Hunt, New Windsor, Orange county, N. Y.—A dreadful tumour destroyed nearly the whole of his face, nose and jaw. Experienced quick relief from the use of the Life Medicines, and in less than three months was entirely cured. (Case reported, with a wood engraving in a pamphlet now in press.)

Case of Thos. Purcell, sen'r, 84 years of age—was afflicted 18 years with swellings in his legs—was entirely cured by taking 42 pills in 3 weeks.

Case of Joan Daulton, Aberdeen, Ohio—rheumatism 5 years—is entirely cured—has used the LIFE MEDICINES for worms in children, and found them a sovereign remedy.

Case of Lewis Austin—periodical sick head aches—always relieved by a small dose—now entirely free from it.

Case of Adon Ames—cured of a most inveterate and obstinate dyspepsia, and general debility.

Case of Adah Adams, Windsor, Ohio—rheumatism, gravel, liver affections, and general nervous debility, had been confined seven years—was raised from her bed by taking one box of pills and a bottle of biters—a most extraordinary cure; she is now a very healthy and robust woman—attested by her husband Shubel Adams.

Case of Mrs. Badger, wife of Joseph Badger—nearly similar to above—result the same.

Case of Sarah Gondarant, a young unmarried woman—subject to ill health several years—a small course of the Life Medicines entirely restored her—is now hale and healthy.

Case of Miss Thomas, daughter of Eli Thomas—cough and symptoms of consumption—cured in four weeks. Her sister cured of a severe attack of inflammatory rheumatism in one week!

Case of S. Colvin—cured of a severe attack of scarlet fever in a few days by the Life Medicines.

Case of Harriet Twogood, Salina, N. Y.—was in a very low state of health a year and a half—did not expect to recover. Miss T. is now able to walk about, and is rapidly recovering both health and strength.

Case of Benjn J. Tucker—severe case of Fever and Ague—cured in a very short space of time. Directions followed strictly.

Case of Amos Davis—affection of the liver—after trying doctor's remedies for a long time, was cured by the Life Medicines without trouble.

Extraordinary case of Lyman Pratt, who was afflicted with phthisis 20 years—effected a perfect cure in 24 hours by the use of the Life Medicines.

Thousands of persons afflicted in like manner, have, by a judicious use of

**MOFFAT'S**

**Life Pills & Phenix Bitters,**

Been restored to the enjoyments of all the comforts of life. The Bitters are pleasant to the taste and smell, gently astringe the fibres of the stomach, and give that proper tenacity which a good digestion requires. As nothing can be better adapted to help and nourish the constitution, so there is nothing more generally acknowledged to be peculiarly efficacious in all inward wastings, loss of appetite, indigestion, depression of spirits, trembling or shaking of the hands and limbs, obstinate coughs, shortness of breath, or consumptive habits.

The Life Medicines possess wonderful efficacy in all nervous disorders, fits, headaches, weaknesses, heaviness and lowness of spirits, dimness of sight, confused thoughts, wandering of the mind, vapors and melancholy, and all kinds of hysteric complaints are gradually removed by their use. In sickness of the stomach, flatulencies, or obstructions, they are safe and powerful, and as a purifier of the blood, they have not their equal in the world!

For further particulars of the above MEDICINE see MOFFAT'S GOOD SAMARITAN, a copy of which accompanies the medicine. A copy may also be obtained of the Agents who have the medicine for sale.

French, German and Spanish directions can be obtained on application at the office, 375 Broadway.

All post paid letters will receive immediate attention.

**Marks's Ointment**

FOR THE

**CURE OF PILES.**

THE Subscriber begs leave to offer to the attention of those who are subject to that most disagreeable of disorders,

**THE PILES,**

A remedy, the efficacy of which has been tested by the experience of years, and the utility of which has in no instance been impaired from failure to relieve. To those who have been subjected to this disease, it will prove, if applied when re-attacked, a sure preventative to its continuance, without the least pain; indeed many have pronounced it the most agreeable remedy ever applied. There can be no danger in its use, as its component parts are of harmless vegetable matter.

The mother of the subscriber who is the maker of the Ointment, has been in the habit of giving it to her friends and neighbors for the last five or six years, and in no instance to her knowledge has its application been ineffectual, as will be seen by a number of certificates annexed, as well as the testimony of a medical gentleman who has used it himself and prescribed it to the relief of others.

Those who are suffering will do well to make a trial of the remedy. Its efficacy is guaranteed, and there can be no doubt but that the disorder may be arrested in its earliest state, if no delay be made in its application.

The directions for use will be found on each bottle.

SAMUEL H. MARKS.

Petersburg, Va. Aug. 31.

The Ointment may likewise be obtained from Messrs. Spotswood & Robertson, Druggists, Petersburg—and from the subscriber, in Tarboro', where the certificates above referred to can be seen.
