Evans' Camomile Pills.

THE camomile flower, (or as it is officially called, ANTHEMIS VULGARIS, or Chamæmelum from the Greek words, *Kamai*, on the ground, and *Melon*, an apple; because it grows on the ground, and smells like an apple.) is of a dull white color, of fragrant odor, and of a bitter aromatic taste.

Camomile is a mild tonic, in small doses acceptable and corroborant to the stomach. It is especially applicable to that condition of general debility, with languid appetite, which often attends convalescence from idiopathic fevers.

To the Nervous and Debilitated,
Dr. Evans' Tonic Pills.

The powers of Evans' Camomile Pills are such, that the palpitating heart, the tremulous hand, the dizzy eye, and the fluttering mind, vanish before their effects like noxious vapors before the benign influence of the morning sun. They have been long successfully used for the cure of intermittents, together with fevers of the irregular nervous kind, accompanied with visceral obstructions.

This tonic medicine is for nervous complaints, general debility, indigestion and its consequences, as want of appetite, distension of the stomach, acidity, unpleasant taste in the mouth, rumbling noise in the bowels, nervous symptoms, languor, when the mind becomes irritable, desponding, thoughtful, melancholy and dejected. Hypochondriacism, consumption, dimness of sight, delirium, and all other nervous affections, these pills will produce a safe and permanent cure.

Evans' Pills were first introduced in America in 1835

Evans' Family Aperient Pills
 Are purely vegetable, composed with the strictest precision of science and art; they never produce nausea, and are warranted to cure the following diseases which arise from impurities of the blood, viz:
Consumption, Coughs, and Colds,

READ ON.
 Extract of a letter of Jonas Snyder, Post Master, Kernsville, Pa., to Dr. William Evans.
 Among several cases the following is found: An elderly lady, who had been 25 years so afflicted with nervous hypochondria, debility, &c. that for the last three years she constantly received medical aid from a respectable physician; but the pressure and pain on her heart and breast, and especially in her left side, remained immovable, attended at long intervals with weakness in her head and on her mind, keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans' medicines according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health which for the last ten years she has not enjoyed.

THE Matchless Sanative,
 Invented by the immortal
Louis Offon Goelticke, M. D.
 OF GERMANY, EUROPE.

IT is astonishing the world with its mighty victory over many fearful diseases, which have been pronounced INCURABLE by physicians in every age, being the most valuable medicine, and the most unaccountable in its operations of any ever prepared by human hands; a medicine obtained EQUALLY from the animal, mineral and vegetable kingdoms, thus possessing a THREE FOLD POWER; a medicine of more value to mankind than the united treasures of our globe, and for which we have abundant cause to bless the beneficent hand of a kind Providence; a medicine, which begins to be valued by PHYSICIANS, who have heretofore opposed it, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the *Insatiable Grave!* a precious and powerful medicine, which has thoroughly filled the *great vacuum in the materia medica*; and thereby proved itself to be the

Conqueror of Physicians.
Dose of the Sanative. For adults, one drop; for children, a half drop; and for infants, a quarter drop. The directions explain the method of taking these portions, and contain a history of the medicine and its distinguished inventor.
Price. Three and one-third rix dollars (\$2 50) per half ounce.

Marks's Ointment
 FOR THE
CURE OF PILES.

THE Subscriber begs leave to offer to the attention of those who are subject to that most disagreeable of disorders,
THE PILES,
 A remedy, the efficacy of which has been tested by the experience of years, and the utility of which has in no instance been impaired from failure to relieve. To those who have been subjected to this disease, it will prove, if applied when first attacked, a sure preventative to its continuance, without the least pain; indeed many have pronounced it the most agreeable remedy ever applied. There can be no danger in its use, as its component parts are of harmless vegetable matter.

The mother of the subscriber who is the maker of the Ointment, has been in the habit of giving it to her friends and neighbors for the last five or six years, and in no instance to her knowledge has its application been ineffectual, as will be seen by a number of certificates annexed, as well as the testimony of a medical gentleman who has used it himself and prescribed it to the relief of others.

Those who are suffering will do well to make a trial of the remedy. Its efficacy is guaranteed, and there can be no doubt but that the disorder may be arrested in its earliest state, if no delay be made in its application.

The directions for use will be found on each bottle.
