

**APPROVED
Patent Medicines.**

Gray's invaluable Patent Ointment, for the cure of white swellings, scrofulous and other tumours, ulcers, sore legs, old and fresh wounds, sprains and bruises, swelling & inflammations, scalds and burns, scald head, women's sore breast, rheumatic pains, stiff joints, eruptions, chilblains, warts, piles, corns, and external diseases generally.

Brandreth's Vegetable Pills. This medicine is acknowledged to be one of the most valuable ever discovered, as a purifier of the blood and fluids. It is superior to Sarsaparilla, whether as a sordid or alterative. It stands firmly before all the preparations or combinations of Mercury. Its purgative properties are alone of incalculable value—for these Pills may be taken daily for any period, & instead of weakening by the cathartic effect, they add strength by taking away the cause of weakness. There is no good Mercury does, which these Pills do not likewise. But they have none of the miserable effects of that deadly specific. The teeth are not injured;—the bones and limbs are not paralyzed;—no—but in the stead of these distressing symptoms, new life and consequent animation is evident in every movement of the body. **Brandreth's Pills** are indeed a *universal Remedy*, for they cure opposite diseases; they cure *Inflammation and chronic rheumatism*. They cure *diabetes and strangury*. They cure *dysentery and constitutional costiveness*. They will cure all these apparently opposite diseases, & consequently *cleanse and purify* the blood, provided, however, nature is not beyond all human assistance.

Lee's genuine (Windham) bilious Pills, or Family physic, a mild, safe, and sovereign remedy for bilious fever, yellow fever, acid stomach, jaundice, indigestion, worms, headache, costiveness, female complaints, scurvy, bilious cholera, eruptions on the skin, &c.

Fuller's Etheral tooth ache Elixir, prepared from the recipe of the celebrated Dr. Blake, of London, adopted and recommended by the London Medical Society in 1839. It is believed to be the best compound for the tooth ache ever invented, and able to cure it in all cases except when connected with a rheumatic affection.

Beckwith's anti-dyspeptic Pills, a most valuable medicine for the cure of dyspepsia, and the prevention of bilious fevers, colic, &c.

The afflicted man's Friend or Ointment of many virtues, much celebrated for the cure of scrofula or king's evil, ringworm, goitre, inflamed eyes, burns, scalds, chilblains, breaking out on children's heads, eruption, or pimples on the face, breaking out on the mouth, scorbatic ulcers, & ulcerated sore legs, sore breasts, and cancerous humors.

Printed directions accompany the above valuable and highly approved patent medicines, for sale by
GEO. HOWARD.

**Marks's Ointment
FOR THE
CURE OF PILES.**

THE Subscriber begs leave to offer to the attention of those who are subject to that most disagreeable of disorders,

THE PILES,

A remedy, the efficacy of which has been tested by the experience of years, and the utility of which has in no instance been impaired from failure to relieve. To those who have been subjected to this disease, it will prove, if applied when first attacked, a sure preventative to its continuance, *without the least pain*; indeed many have pronounced it the most agreeable remedy ever applied. There can be no danger in its use, as its component parts are of harmless vegetable matter.

The mother of the subscriber who is the maker of the Ointment, has been in the habit of giving it to her friends and neighbors for the last five or six years, and in no instance to her knowledge has its application been ineffectual, as will be seen by a number of certificates annexed, as well as the testimony of a medical gentleman who has used it himself and prescribed it to the relief of others.

Those who are suffering will do well to make a trial of the remedy. Its efficacy is guaranteed, and there can be no doubt but that the disorder may be arrested in its earliest state, if no delay be made in its application.

The directions for use will be found on each bottle.
SAMUEL H. MARKS.
Petersburg, Va. Aug. 31.

The Ointment may likewise be obtained from Messrs. **Spotswood & Robert on**, Druggists, Petersburg—and from the subscriber, in Tarboro'—and from the certificates above referred to can be seen.
GEO. HOWARD, Agent.

**MOFFAT'S
Life Pills & Phenix Bitters.**

THE perfectly safe, unerring, and successful treatment of almost every species of disease by the use of

Moffat's Life Medicines,

is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The Life Medicines

Are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time through-acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription. In Fever & ague, Inflammatory rheumatism, Fevers of every description, sick headache, heart burn, Dizziness in the head, pains in the chest, Flatulency, impaired appetite, and in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is, to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the Life Medicines will suit his own case? If so, let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a Domestic Guide to Health, published gratuitously. He will there find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Moffat's Medical office in New York, 375 Broadway.

**THE
Matchless Sanative,**

Invented by the immortal
Louis Offon Goelicke, M. D.
OF GERMANY, EUROPE,

ASTONISHING the world with its mighty victory over many fearful diseases, which have been pronounced INCURABLE by physicians in every age, being the most valuable medicine, and the most unaccountable in its operations of any ever prepared by human hands; a medicine obtained EQUALLY from the animal, mineral and vegetable kingdoms, thus possessing a THREE FOLD POWER; a medicine of more value to mankind than the united treasures of our globe, and for which we have abundant cause to bless the beneficent hand of a kind Providence; a medicine, which begins to be valued by PHYSICIANS, who have heretofore opposed it, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the *Insatiable Grave!* a precious and powerful medicine, which has thoroughly filled the *great vacuum in the materia medica*; and thereby proved itself to be the

Conqueror of Physicians.

Dose of the Sanative. For adults, one drop; for children, a half drop; and for infants, a quarter drop. The directions explain the method of taking these portions, and contain a history of the medicine and its distinguished inventor.

Price. Three and one-third six dollars (\$2 50) per half ounce.

In Tarborough,

Where he is prepared to execute all orders in his line of business.

Those wishing gigs, sideboards, sitting chairs, fire screens and the like painted, will bring them to the coach shop of Mr. Terrell.

He will leave town and go into the country, when house painting is required.

All orders in his line of business will be thankfully received and faithfully executed on reasonable terms.

LEWIS DE ARQUER.
Tarboro', Feb. 26.

**Doctor Wm. EVANS'
SOOTHING SYRUP**

For children Teething,

PREPARED BY HIMSELF.

To Mothers and Nurses.

THE passage of the Teeth through the gums produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of saliva is increased, the child is seized with frequent and sudden fits of crying, watchings, starting in the sleep, and spasms of peculiar parts, the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. If mothers who have their little babes afflicted with these distressing symptoms, would apply Dr. William Evans's Celebrated Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady, convulsions.

This infallible remedy has preserved hundreds of Children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums, to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums; thereby preventing Convulsions, Fevers, &c.

To the Agent of Dr. Evans' Soothing Syrup: Dear Sir—The great benefit afforded to my suffering infant by your Soothing Syrup, in a case of protracted and painful dentition, most convince every feeling parent how essential an early application of such an invaluable medicine is to relieve infant misery and torture. My infant, while teething, experienced such acute sufferings, that it was attacked with convulsions, and my wife and family supposed that death would soon release the babe from anguish till we procured a bottle of your Syrup; which as soon as applied to the gums a wonderful change was produced, and after a few applications the child displayed obvious relief, and by continuing in its use. I am glad to inform you, the child has completely recovered, and no recurrence of that awful complaint has since occurred; the teeth are emanating daily and the child enjoys perfect health. I give you my cheerful permission to make this acknowledgment public, and will gladly give any information on this circumstance.

When children begin to be in pain with their teeth, shooting in their gums, put a little of the Syrup in a tea-spoon, and with the finger let the child's gums be rubbed for two or three minutes, three times a day. It must not be put to the breast immediately, for the milk would take the syrup off too soon. When the teeth are just coming through their gums, mothers should immediately apply the syrup; it will prevent the children having a fever, and undergoing that painful operation of lancing the gums, which always makes the tooth much harder to come through, and sometimes causes death.

Beware of Counterfeits.

Caution.—Be particular in purchasing to obtain it at 100 Chatham st., New York, or from the

DR. HARRELL'S

**Tomato and Slippery Elm
PILLS.**

THERE are many family medicines now before the public, some of which, from their intrinsic virtues have justly gained the confidence and gratitude of thousands; but in the light of contrast, and in the scale of curative merit, Dr. Harrell's Tomato and Slippery Elm Pills stand pre-eminently above them all; nor is any apology offered for taking this high ground, unless it is the fact of their superior, and almost miraculous effects in the cure of diseases. They produce, when taken, a deep and lasting impression that they stand at the head of all other prepared medicines of the day. Fevers, Liver affections, Jaundice, head-ache, loss of appetite, costiveness, female complaints, and every disease within the reach of human means; yield readily to the powerful, yet gentle operation of these pills. As a cathartic they are copious and free, as an aperient they are mild and certain, as a tonic they are prompt and invigorating, as an alterative they are superior to Calomel or any other known remedy, and as a purifier of the blood they are unequalled in the history of medicines. There is no disease can withstand their life-giving energy when taken in time, or interrupt the system at all when they are administered as a preventative. During sickly seasons, and the prevalence of epidemics, their occasional use will preserve the body from attacks of disease. 50 cents per box. \$54 per gross.

Druggists, Booksellers, and Merchants are requisite to become agents for the sale of the above medicines.

All orders (post paid) directed to Dr. A. Harrell, Elizabeth City, N. C. will receive strict attention.

DR. PHELPS'

Compound Tomato Pills.

[ENTIRELY VEGETABLE.]

A new and invaluable Medicine for all diseases arising from impurities of the blood, morbid secretions of the liver and stomach, also, a substitute for calomel, as a cathartic in fevers and all bilious diseases.

THESE popular Pills, combining the medicinal properties of the Tomato Plant with other vegetable substances which have been found to modify and diffuse its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Bilious diseases, Jaundice, Gravel, Rheumatism, Colic, Inflammation, Catarrh, Nervous diseases, Acid stomachs, Glandular swellings of all kinds, Costiveness, Colic, Headache, &c.

An Antidote to Contagious and Epidemic Diseases, to prevent the formation of Bilious and Liver affections, Fever and Ague, &c. in those who reside in hot climates, and low and marshy countries, and the best Cathartic that can be used for those localities. Seamen will find them an infallible remedy for the Scurvy; and travellers the best Medicine that they can use to counteract the dangers of exposure in unhealthy climates. For ordinary Family Physic, they are universally approved, as the best ever offered.

As a Dietetic or Dinner Pill, one taken half an hour after dinner, will sufficiently stimulate the digestive powers of the stomach to a healthy and invigorated action, and are found extremely serviceable to counteract the congestive effects of too guineas, or late supper, or the excessive use of desserts or fruit.

These Pills are not of doubtful utility. They have passed away from those daily launched upon the tide of experiment, and recommendations from Physicians and others in every variety of climate in the United States, Texas, and the Canals, bear witness to the peculiar and potent effects of this Medicine; in fact they are prescribed by physicians generally, in preference to any other Cathartic and Alterative Medicine—and having acquired an unprecedented celebrity as an Anti-dyspeptic and Anti-bilious Remedy; and this reputation being fully sustained by the high character of its testimonials, and the increasing demand for the Medicine—it is only necessary for the Proprietor to continue the Caution, that the public may not mistake other medicines which are introduced as Tomato preparations for the true Compound Tomato Pills.

For a full account of this Medicine, and for numerous certificates from physicians and others, see the pamphlets recently published, in the hands of all the Agents.

None are genuine without the signature of G. R. Phelps, M. D., Proprietor, Hartford, Conn.

GEO. HOWARD, Agent.
Tarboro', March 25, 1841.

BULLARD'S

**Celebrated Patent Animal and Vegetable
OIL SOAP.**

FOR cleansing coat collars, woollen, linen, and cotton goods, from spots occasioned by grease, paint, tar, varnish, and oils of every description, without injury to the finest goods.

The Oil Soap,

Possesses very healing and penetrating qualities, and is used with perfect safety for bathing various external complaints, upon man or beast. Instances are too numerous to be certified. Thousands of certificates might be obtained of its efficacious effects upon all bone complaints, weak limbs, that have been dislocated, broken, or otherwise injured. In almost every case when applied to corns on the feet, it has effected an entire cure.

It is positively the best remedy, if thoroughly used, for sprains, chilblains, poisons, scalds, burns, sore lips, chapped or cracked hands, cutaneous eruptions, or pimply faces, that is known. For places chafed by the harness or saddle, sprained shoulders, scratches, &c. on horses, there is no composition that exceeds this.

Warranted genuine. For sale by
