

TARBOROUGH:

SATURDAY, MARCH 12, 1842.

Democratic Republican Nomination.

FOR GOVERNOR,

LOUIS D. HENRY,

OF CUMBERLAND COUNTY.

Election on Thursday, 4th Aug.

"FREE TRADE—NO TAXES FOR PROTECTION—NO MONOPOLIES, OR EXCLUSIVE PRIVILEGES—BANK REFORM"

L. D. Henry's letter to Com'tee

FOR THE TARBORO' PRESS.

LOUIS D. HENRY.

The Whig papers both large and small have opened full tongue upon this gentleman. His letter of acceptance has thrown the whole camp in dire confusion, and nothing but gnashing of teeth and growling can be found in the Whig press.

He is charged with Federalism, with this and that, not that they are true, but to avoid the issues which he has most ably brought to the consideration of the people.

Thanks to the patriotism of the late Democratic Convention, we now can rally around a man, who is both able and willing to "carry the war into Africa."

Congress.—In the Senate, on the 1st inst. the Retrenchment resolutions of Mr. Clay were brought up, and are under discussion.

In the House, the General Appropriation bill is the principal subject under consideration.

Washington, Feb. 28.—The twelfth week of the session has passed away without leaving behind it any trace upon the statute-book, although a good deal of business has been done in both Houses, and much more would undoubtedly have been done but for that dispensation of Providence by which another member of Congress has been cut off in the prime of his valuable life and in the midst of his public usefulness.

Ex-President Van Buren arrived here in the cars on Saturday last, and after a couple of hours stay proceeded on in the Steam Boat Wilmington for Charleston.

As yet, the reader will have observed, or at least ought to be aware, that in the House of Representatives (in which body, under the Constitution, all bills for raising a revenue must originate) no further advance has been made towards the indispensable measure of the Session—the providing a permanent Revenue, adequate to the wants of the Government—than the reference of the question to two of its Committees.

may be looked for, of course, upon the Tariff bill, whenever it does come before the House of Representatives, and in the Senate, after it shall have passed the House; every State and every district in every State, having its particular interests, which it will become the duty of its Representative to guard and protect.

The Bill for apportionment of the Representatives in Congress under the new Census has received the go-by for the present, and perhaps for months to come.

Vote for Major General.—We have been furnished for publication, with the following statement of the vote cast for Major General, in each of the Counties of the Seventh Division, at the recent Election, viz:

An Unhappy Case.—Ambrose Spencer, Jr. of Ohio, a son of the Secretary of War, has been arrested at Albany on a charge of Forgery.—ib.

Another fuss is about to be kicked up among official dignitaries. Some person stole a letter from Gov. Poindexter, at Washington, which had been addressed to Mr. Clay and returned by him to Mr. P.

Upshur vs. Bolls.—The Secretary of the Navy has replied to the letter of Mr. Bolls, charging him with being an open and unqualified advocate of disunion.

New York Evening Post.

John J. Crittenden has been elected by the Legislature of Kentucky to supply the vacancy in the Senate of the United States occasioned by the resignation of Mr. Clay.—Ral. Star.

Since the commencement of the religious revival, which still continues, in this city, we understand that twenty-one persons have been added to the Presbyterian Church, and fifty-five to the Methodist Church—all white.—ib.

It is rumored that Mr. Van Buren is on his way to visit General Jackson in Tennessee.—Wilmington Chron.

The Petersburg Intelligencer of the 5th inst. states that Mr. Tod, the Senator of the Mathews District in the Virginia Senate, has been detected in forgeries to a large amount.

From the Globe.

Alarms, Growing out of the Bank Oppressions.—The mutterings against the banks, which, it will be observed, attended the meeting in Baltimore, (an account of which we copy from the Sun,) and those "rumored" in the scrap which we cut from the last New Orleans Courier, make it apparent that the late troubles at Cincinnati have a tendency to become epidemic, from one end of the Union to the other.

nity, dipped in the banks, shall be suddenly overwhelmed by the exactions of the corporations. If the present suspensions is continued, the only effect will be to sacrifice those who are exempt from bank demands, simply to protract the inevitable fate which awaits those who make up their list of debtors, and to render that fate the more deplorable the longer it is delayed.

We see no other mode of relief for the debtor class of the community, (whether banks or individuals,) than that of giving time to create the means of payment, where those indebted have them not in hand.

Nothing, therefore, ever was more deceptive than the hope held out of relief to the country by Congressional financiering. The issue of certificates, dollar for dollar, on coin deposited in the Treasury, would not add to the means of the indebted to pay their debts.

It is not the transfer of money, but the money itself, that the country wants, and this, a National Bank, the great panacea of Federalism, could not produce without the philosopher's stone.

Meeting at the Square.—Another nondescript gathering took place last evening in this square, the proceedings of which we can hardly describe.

Meeting at the Square.—Another nondescript gathering took place last evening in this square, the proceedings of which we can hardly describe.

From the New Orleans Courier. Madame Rumor has been very busy about the banks, and various were the givings out in the high-ways and by-ways.

We learn that the refusal of the notes of four of the banks, by the other institutions of this city, has caused sufficient public agitation to induce the authorities to resort to immediate measures to prevent the injury which might otherwise accrue.

Foreign.—London dates to the 24th January have been received in New York. A letter dated January 20th states that the cotton market was very dull, and prices 1-3d lower.

We are requested to announce JAMES J. VAUGHN of the 14 Regiment as a candidate for Brigadier General in the 5 Brigade of N. C. M.
